**SOUTH DAKOTA
WATER PERMIT No. 5547-3**

Date of first receipt of application April 25, 1991.

Date of return to applicant for corrections, amendments or changes April 26, 1991.

Date of receipt of corrected application May 13, 1991.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 5547-3 to Rolland Colony, RR 2, Box 109, White SD 57276 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 5547-3 appropriates 0.10 cubic feet of water per second from one well (Rutland Aquifer) 97 feet deep located in the NW 1/4 SE 1/4 Section 9-T110N-R48W.
2. The water appropriated shall be used for the purpose of providing water to the Colony and may not exceed the amount of water needed for beneficial use for domestic use.
3. The water is to be used during the following described annual period: January 1 - December 31.
4. The date of approval of Permit No. 5547-3 is August 1, 1991.
5. The date from which applicant may claim right is April 25, 1991.
6. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATION

The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

White, SD 57276

Dear Mr. Wipf:

In regards to the colony's water permit application originally received on April 25, 1991, we have not received the application filing fee of \$50 necessary to process the application. We have received the signed and notarized application, a signed map and the necessary clarification of the location of the well. Please submit the \$50 application filing fee and we will proceed with processing the application.

If you have any questions, please contact me.

Sincerely,

Eric Gronlund
Water Rights Division

REPORT ON APPLICATION NO. 5547-3
for Rolland Colony
June 19, 1991

Application No. 5547-3 proposes to appropriate 0.10 cfs (45 gpm) from one well approximately 97 feet deep located in the NW 1/4 SE 1/4 of section 9, T110N R48W in Brookings County. The water is to be used for domestic purposes by the Colony.

AQUIFER - RUTLAND

The Rutland is a buried glacial outwash (sand and gravel) under predominantly artesian conditions. The Rutland underlies 240 square miles and contains an estimated 400,000 acre feet of water in storage in Brookings County (Hamilton, 1989). The driller's log submitted with this application indicates the aquifer is from 82 to 96 feet below land surface with a static water level of 22 feet. Even though this could be hydraulically connected to the Big Sioux aquifer, it appears, this well should be placed in the Rutland aquifer. Other geologic and hydrologic data for this area would indicate this is a separate hydrologic unit and not obviously connected to the Big Sioux aquifer.

The Division of Water Rights monitors one observation well, BG-80I, which is completed into the Rutland aquifer and is located about 1 1/2 mile southeast of this application. Water levels respond to climatic conditions, that is, rising during wet years (recharge) and declining gradually during dry years. The water level record indicates the aquifer is capable of supporting additional withdrawals (Water Rights, 1991).

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There is one existing Permit No. 5302-3 for 1.14 cfs for irrigation of 80 acres located about 1 1/2 miles north of this application. Because the aquifer is under artesian conditions drawdown due to pumping can be expected. This is not expected to adversely affect water availability from the aquifer.

CONCLUSIONS

1. Water is available from the Rutland aquifer.
2. Interference is not expected to be a problem.
3. This is a completed well and is not finished in accordance with SD Well Construction Standards for a public water supply. The well was completed in accordance with standards for a domestic well.
4. Determining the aquifer designation for this application is difficult. The geologic and hydrologic data available could place this well in either the Big Sioux or the Rutland aquifers.

The Rutland aquifer designation was chosen because the data seems to support this conclusion. This is not important in determining water availability for this application as either aquifer would have water available.

James A Goodman
Natural Resources Engineer

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 5547-3, Rolland Colony

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning Water Permit Application No. 5547-3, Rolland Colony, RR 2, Box 109, White, SD 57276.

The Chief Engineer is recommending APPROVAL of Application No. 5547-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualification:

The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

See report on application for additional information.

JOHN HATCH, Chief Engineer
June 27, 1991

NOTE: Technically, the well to be authorized by Permit No. 5547-3, as built, does not comply with the Well Construction Standards for a public water supply well. When constructed, the driller would not have known the well would be used as a public water supply. There is no likelihood that surface contamination can enter along the well casing, since the well is grouted with both cement and bentonite, rather than entirely with cement, as required for a public water supply well.

White, SD 57276

Dear Sirs:

Water Permit Application No. 5547-3 for domestic use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Brookings Daily Register printed at Brookings, SD. For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
605 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

ATTENTION: Legal Department

Enclosed is a Notice of Hearing on Application No. 5547-3 to be published twice. Please publish the first notice on July 5, 1991 with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Rolland Colony, RR 2, Box 109, White, SD 57276.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. No action may be taken on the permit application until proof of publication has been received.

Sincerely,

Eric Gronlund

No. _____

Date _____

We are in receipt of your letter of _____ enclosing Notice of Hearing to Appropriate Water by Application No. _____ which was first published in our issue of _____. ENCLOSED IS A COPY OF THIS FIRST PUBLICATION.

Name

Newspaper

Instruction to Newspaper - Publish first Notice on July 5, 1991 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF HEARING on Application No. 5547-3 to Appropriate Water

Notice is given that Rolland Colony, RR 2, Box 109, White, SD 57276 has filed an application for a water permit to appropriate 0.10 cubic feet of water per second from one well (Rutland Aquifer) 97 feet deep located in the NW 1/4 SE 1/4 Section 9-T110N-R48W. The water is to be for domestic use by the Colony.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 5547-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the permit as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by July 22, 1991. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5547-3 and 2) the chief engineer's recommendation, a special Board meeting is scheduled for August 1, 1991, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is opposed or the recommendation is contested, the August 1, 1991 hearing date may be rescheduled for another Board meeting. If the hearing is rescheduled, notice of the time and place will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The August 1, 1991 hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by July 22, 1991.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer, or 4) deny this application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

Exhibit "A"

Legal 411, 2x, July 5, 12
NOTICE OF HEARING on
Application No. 5547-3 to
Appropriate Water

Notice is given that Rolland Colony, RR 2, Box 109, White, SD 57276 has filed an application for a water permit to appropriate 0.10 cubic feet of water per second from one well (Rutland Aquifer) 97 feet deep located in the NW 1/4 SE 1/4 Section 9-T110N-R48W. The water is to be for domestic use by the colony.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 5547-3 because 1) unappropriated existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the permit as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by July 22, 1991. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5547-3 and 2) the chief engineer's recommendation, a special Board meeting is scheduled for August 1, 1991, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is opposed or the recommendation is contested, the August 1, 1991 hearing date may be rescheduled for another Board meeting. If the hearing is rescheduled, notice of the time and place will be given by First Class

Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The August 1, 1991 hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by July 22, 1991.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer, or 4) deny this application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a

petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-6-24, 46-6-26, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

Dear Mr. Wipf:

Enclosed are Water Permit and Water License No. 6113-3. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 415867 in the amount of \$50.00 which you paid for the investigation and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 6113-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
