**SOUTH DAKOTA
WATER PERMIT No. 5593-3**

Date of first receipt of application October 31, 1991.

Date of return to applicant for corrections, amendments or changes
November 4, 1991.

Date of receipt of corrected application November 21, 1991.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 5593-3 to Dale Electronics, Inc., Box 180, East Highway 50, Yankton SD 57078 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 5593-3 appropriates 0.088 cubic feet of water per second (cfs) from one well (Missouri Elk Point Aquifer) 55 feet deep located in the SE 1/4 NW 1/4 Section 17-T93N-R55W.
2. The water appropriated shall be used for the purpose of supplying water for the business and may not exceed the amount of water needed for beneficial use for industrial purposes.
3. The water is to be used during the following described annual period: January 1 - December 31.
4. The date of approval of Permit No. 5593-3 is January 21, 1992.
5. The date from which applicant may claim right is October 31, 1991.
6. One-fifth of the construction is to be completed on or before July 21, 1994.
7. All construction is to be completed on or before January 21, 1997.
8. Water is to be put to beneficial use on or before January 21, 2001.
9. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

(continued)

Water Permit No. 5593-3
Page 2

2. The well authorized pursuant to this permit shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04.

Attn: Dennis Rounds

Dear Mr. Rounds,

Dale Electronics has a NPDES permit at present, (SD-0025917).

We plan to install a second well on property adjoining Dale Electronics, which we have leased. The proposed well would also be used for non-contact, closed loop cooling purposes. We want to tie the drain system into the existing discharge line we now have.

Please forward the necessary application blanks and instructions to accomplish this plan. We would appreciate your expediting all necessary information, as we plan to complete this project within the next sixty days.

Advise, if you have questions or need any additional information.

Sincerely,

Ron Heglin
Division Material Manager

P.O. Box 180
Yankton, SD 57078-0180

Dear Mr. Heglin:

I have been forwarded a copy of your letter to the Department of Environment and Natural Resources, dated October 17, 1991, indicating Dale Electronics intent to install a second well to be used for cooling purposes.

Currently, Dale Electronics holds Water Permit No. 5021-3, issued in 1984, which appropriates 45 gallons per minute (gpm) from one well located in the NE1/4 NW1/4 Section 17, T93N, R55W. The addition of a second well will require either an amendment to your existing permit or a new water permit. The application will be an amendment if the well is constructed with no increase in the 45 gpm appropriated under Permit No. 5021-3. If there is an additional appropriation of water above 45 gpm, the application will be considered as a new permit.

I have enclosed a instruction sheet and the necessary application form to apply for a water permit from this second well.

I believe that the Division of Environmental Regulation will be responding to you separately regarding NPDES permitting.

If you have any questions regarding the water permit process or the application forms, please feel free to contact me.

Sincerely,

Eric Gronlund

Dale Electronics, Inc.
Box 180
Yankton SD 57078

Dear Mr. Helgin:

In regard to the water permit application received on October 31, 1991, the following information needs to be submitted and clarified in order to process the application for Dale Electronics, Inc.

Item No. 2 of the application states the amount of water claimed 25-35 gallons per minute (gpm). As stated in Eric Gronlund's letter, Water Permit No. 5021-3 appropriates up to 45 gpm. What is the developed diversion rate from this existing well? Is the 35 gpm an appropriation in addition to the developed diversion rate of the existing well or will there be no increase in the developed diversion rate?

Item No. 4 of the application states the well is to be located in the SW 1/4 NW 1/4 Section 17-T93N-R55W. It appears from the location indicated on the map, that the well will be located in the NE 1/4 NW 1/4 Section 17-T93N-R55W. Which location is correct?

The map submitted must be reviewed for accuracy and signed by one of the following: Registered Land Surveyor, Registered Professional Engineer or by any other government employee who normally prepares maps as a part of his assigned duties (i.e. local SCS or ASCS office).

The filing for this application will be \$50.00.

Upon receipt of the above, further processing of the application will continue. If you have any questions, please contact this office.

Sincerely,

Karen Schlaak

Attn: Karen Schloak

Dear Ms. Schloak,

The following information is available per your request of November 4, 1991.

Item No. 2 - The 25 - 35 (gpm) for the new well is in addition to the appropriation on permit number 5021-3. The existing well was permitted for 55 (gpm), maximum. We currently are running 38 - 40 gpm on this well. Total diversion expected after the new well is installed is 80 - 85 (gpm est.).

Item No. 4 - Lot number three, which would be the location of the new well has a legal description of southeast 1/4 of the northwest 1/4 of section 17, T93N, R55W of the fifth P.M. in Yankton County, South Dakota.

I believe our permit was erroneous in stating "southwest 1/4", versus the "southeast 1/4".

Enclosed, please find our check in the amount of \$50.00, also the map has been signed by a registered professional engineer.

Please advise if you have questions or need additional information.

Sincerely,

Ron Heglin

Division Materials Manager

REPORT ON APPLICATION NOS. 5593-3 AND 5021-3
for Dale Electronics, Inc.
December 9, 1991

Application No. 5593-3 proposes to appropriate 0.088 cfs (40 gpm) from one well approximately 55 feet deep located in the SE 1/4 NW 1/4 of section 17, T93N R55W in Yankton County. The water will be used for industrial purposes.

Water Permit No. 5021-3 issued to Dale Electronics appropriates 0.10 cfs from one well located in the SE 1/4 NW 1/4 of section 17, T93N R55W. The well location was incorrectly advertised on May 31 and June 7, 1984 in the Yankton Press & Dakotan as being in the NE 1/4 NW 1/4 of section 17, T93N R55W. This application does not authorize any increase in the diversion rate.

AQUIFER - MISSOURI ELK POINT (M-EP)

The Missouri Elk Point is an alluvium mantled outwash (sand and gravel) under predominantly water table conditions. The Missouri Elk Point underlies 45,000 acres and contains an estimated 675,000 acre feet of recoverable water in storage in Yankton County (Hedges, 1991). The aquifer is hydraulically connected to the Lower James Missouri aquifer to the north and with the Missouri River to the south.

The Division of Water Rights monitors seven observation wells completed into the Missouri Elk Point aquifer in Yankton County. Water levels for these wells respond to climatic conditions, that is rising during wet years (recharge) and gradually declining in dry years. The water level record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 1991).

Information submitted with the application indicates sand beginning at 15 feet below land surface grading to gravel from 30 to 55 feet below land surface with a static water level of 10 feet below land surface. This data was from the well completion report for Water Permit No. 5021-3.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

The nearest existing permitted diversion is for Water Permit No. 5021-3 (same as applicant) which is located approximately 900 feet southwest of this application. Interference is not expected to be a concern. The pumping rates are relatively small and the distance between diversions should be sufficient to minimize any potential effects.

CONCLUSIONS

1. Water is available from the Missouri Elk Point aquifer.
2. Interference is not expected to be a concern.

3. The well authorized by Permit Application No. 5593-3 must be completed in accordance with SD Well Construction Standards.
4. Water Permit No. 5021-3 is being advertised to correct an error made on the legal description on the original advertisement.

James A Goodman
Natural Resources Engineer

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 5593-3, Dale Electronics, Inc.

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning Water Permit Application No. 5593-3, Dale Electronics, Inc., Box 180, Yankton, SD 57078.

The Chief Engineer is recommending APPROVAL of Application No. 5593-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized pursuant to this permit shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04.

See report on application for additional information.

Yankton, SD 57078

Dear Mr. Heglin:

Water Permit Application No. 5593-3 and Readvertised No. 5021-3 for industrial use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Daily Press and Dakotan printed at Yankton, SD. For your information, a copy of the notice, the recommendations of the Chief Engineer and a report on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund
Natural Resources Engineer
605 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

December 16, 1991

Daily Press & Dakotan
PO Box 56
Yankton, SD 57078

ATTENTION: Legal Department

Enclosed is a Notice of Hearing on Application No. 5593-3 and Readvertised 5021-3 to be published twice. Please publish the first notice on December 23, 1991, with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Dale Electronics, Inc., Box 180, Yankton, SD 57078.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. No action may be taken on the permit application until proof of publication has been received.

Sincerely,

Eric Gronlund

Instruction to Newspaper - Publish first Notice on December 23, 1991, with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF HEARING on Application No. 5593-3 and
Readvertised No. 5021-3 to Appropriate Water

Notice is given that Dale Electronics, Inc., Box 180, Yankton, SD 57078 has filed an application for a water permit to appropriate 0.088 cubic feet of water per second (cfs) from one well (Missouri Elk Point Aquifer) 55 feet deep located in the SE 1/4 NW 1/4 Section 17-T93N-R55W. The water will be used for industrial purposes.

Water Permit No. 5021-3 issued to Dale Electronics appropriates 0.10 cfs from one well located in the SE 1/4 NW 1/4 Section 17-T93N-R55W. The well location was incorrectly advertised on May 31 and June 7, 1984 in the Yankton Press & Dakotan as being in the NE 1/4 NW 1/4 Section 17-T93N-R55W. This readvertisement does not authorize any increase in the diversion rate.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 5593-3 and Readvertised No. 5021-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the applications or the applicant files a petition contesting the chief engineer's recommendations, the Water Management Board will NOT CONDUCT a HEARING to consider these applications and the chief engineer will issue the permits as recommended. Petitions filed in support of the applications will NOT require the Board to hear the applications.

Any person interested in opposing or supporting these applications must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by January 9, 1992. The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5593-3 and Readvertised No. 5021-3 and 2) the chief engineer's recommendations, a meeting at the Division of Water Rights office to hear these applications is scheduled for January 21, 1992, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If these applications are opposed or the recommendations contested, the January 21, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the time and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The January 21, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the applications. The request for an automatic delay must be filed by January 9, 1992.

If a hearing is held, the Chief Engineer's recommendations are not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer, or 4) deny these applications based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to the applications or to assure access to the hearing by the handicapped.

These applications are made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

Ronald Heglin
Dale Electronics, Inc.
Box 180 E Highway 50
Yankton, SD 57078

Dear Mr. Heglin:

Enclosed is Water Permit No. 5593-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Also enclosed is Form 10, Notice of Completion of Works and Application of Water to Beneficial Use, which you are to complete and submit to the Chief Engineer when you have completed the system and/or have put the water to beneficial use. An inspection can then be scheduled so that the Water License may be issued, thus completing your acquisition of a Water Right.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division
605 773-3352

enclosures

PLEASE NOTE: Certain changes can be made in your permit within the five year construction period, usually without affecting the priority date provided an application to amend your permit is made within the five year period - i.e. changes in location or number of diversion points (wells) or location of land to be irrigated. Well locations for wells into the same aquifer can be moved up to 660 feet without application.

Applications to amend a permit after the five year construction period will be assigned a new priority date. Applications to change water sources, to add lands or increase original diversion rates, if approved will usually receive the date of the new application as a priority date regardless of the five year construction period.

**NOTICE OF COMPLETION OF WORKS AND
APPLICATION OF WATER TO BENEFICIAL USE**

Date June 21, 1994

TO: Water Rights Division, DWRN
Joe Foss Building
Pierre SD 57501-3181

FROM: Dale Electronics, Inc. Box 180 Yankton, SD 57078
name address city

I have completed the construction of the water diversion system and I have put the water to beneficial use to the maximum extent it is going to be used. I have not exceeded the amounts specified in Water Permit No. 5593-3. (SD002591 NPDES)

Water Permit No. 5593-3 states that the diversion system is to be constructed by 11/15/93, and that the water it put to beneficial use by 11/15/93.

The diversion system was completed on 11/15/93.
Applying the water to beneficial use was completed on 11/15/93.

You may schedule an inspection so that the Water License may be issued.

Missouri River - Water District

Report of Examination of Works and/or Application of Water to Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, September 15, 1998, made a thorough examination of the water use system constructed by Dale Electronics Inc. of Box 180 Yankton SD 57078 holder of Permit No. 5593-3, bearing the priority of October 31, 1991 authorizing the diversion of 0.088 cu. ft. per second of the waters of ground water (Missouri Elk Point Aquifer) for industrial purposes, in Yankton County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

Motor/Pump:

- 1) Make Goulds
- 2) Size 1.5 hp
- 1) Capacity 25 GPM

B. Works used to transport/apply water to place of use:

Water is used for cooling molding presses and air compressors. Drinking water is supplied by the City of Yankton.

The system is in the following condition good. The point of diversion is located Well: 1,300 feet N and 300 feet W from the center of section 17-T93N-R55W (SE¼NW¼). The works are capable of diverting and conveying to the place of use 0.056 cu. ft. per second of water which is to be used for industrial purposes. Water has been put to beneficial use to the maximum extent and the license should be issued for 0.056 cfs.

Applicable permit qualifications have been complied with: Yes X No

Exceptions to compliance are: none Date report completed: October 26, 1998

Water Right Nos. 5021-3 & 5593-3

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 5593-3

(1) Dale Electronics, Inc., Box 180, Yankton SD 57078 made Application No. 5593-3, October 31, 1991 for a water permit to divert 0.088 cubic feet of water per second from groundwater (one well), Yankton County, South Dakota for industrial purposes. Permit No. 5593-3, with a priority date of October 31, 1991 was approved January 21, 1992 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before January 21, 1997 and for the application to beneficial use of said water on or before January 21, 2001.

(2) It is certified that the permit holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.056 cubic feet of water per second for beneficial use. The location of the diversion point is 1,300 feet north and 300 feet west from the center of Section 17-T93N-R55W (SE ¼ NW ¼).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Dale Electronics Inc., Box 180, Yankton SD 57078 the holder and/or owner of Water Right No. 5593-3 is issued a license to appropriate water, the right to use 0.056 cubic feet of water per second from groundwater (one well) with a priority date of October 31, 1991 from the location specified in (2) of this license for industrial use purposes. This license is subject to any limitations or qualifications listed in Water Right No. 5593-3 and subject to South Dakota State Law.

Box 180
Yankton, SD 57078

Dear Mr. Butler:

The investigation of your water use systems was conducted on September 15, 1998, by Ron Duvall, staff engineer. The investigation included the extent of application of water to beneficial use, as developed under Water Permit Nos. 5021-3 and 5593-3. Your final water right documents, the Water Licenses, can now be issued.

Statutes require that we charge a \$50.00 fee per license for the investigation and issuance of the Water Licenses. Upon receipt of the \$50.00 fee per license (\$100.00 total) from you, we will begin processing your Water Licenses.

**Please remit fee to:
Department of Environment & Natural Resources

Box 180
Yankton, SD 57078

Dear Mr. Butler:

Enclosed are Water License Nos. 5021-3 and 5593-3. These are the final water right documents completing your process of obtaining a Water Right. Enclosed are Receipt Nos. 415921 and 415922 in the amount of \$50.00 each which you paid for the investigation and issuance of the Water Licenses.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the wells authorized by Water Right Nos. 5021-3 and 5593-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water Licenses, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer

2005 South Dakota Water Use Questionnaire

5593-3

To:

DALE ELECTRONICS INC
BOX 180
YANKTON SD 57078

Address correction requested:

VISHAY-DALE ELECTRONICS
Box 180
YANKTON, SD 57078

One questionnaire is being provided for each permitted water source. The following information is based on Water Permit/Right No. 5593-3. If you have other permits/rights in the same water source, also include water use under those permits/rights on this questionnaire.

Water Source: GROUNDWATER

County: YANKTON

Aquifer: MISSOURI

Pumping Pt. Legal: SEC 17-T093N-R55W

Management Unit: ELK POINT

Type of Water Use: INDUSTRIAL

- 1) Please estimate your year 2005 water use from the above water source: 7,064,300 gallons
- 2) If no water use in 2005, please list the reason(s) why in the comments section.

No. 5593-3

Vishay – Dale Electronics
c/o Paige D Herrig
Box 180
Yankton SD 57078

Dear Mr. Herrig:

Pursuant to our phone conversation, enclosed is a partially completed "Notice of Transfer" form for use in filing an ownership/name change on Water Right No. 5593-3. The water right is currently listed in the name of Dale Electronics Inc.

The transfer form should be checked over for accuracy and signed by the new owner. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Sincerely,

Karen Schlaak

NOTICE OF TRANSFER OF OWNERSHIP

RECEIVED

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

MAR 15 2006
WATER RIGHTS
PROGRAM

No. 5593-3

Date: 3-10-06

I/We request that Water Right No. 5593-3

formerly owned by: Dale Electronics Inc.

be transferred to: (name & address) Vishay - Dale Electronics
Box 180, Yankton SD 57078

Telephone No. _____

Title to the following described land(s)/property has been transferred as described above:

1 well - SE 1/4 NW 1/4 Sec 17-T93N-R55W

I/We understand that the validity of Water Right No. 5593-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Vishay Dale Electronics, Inc., the new owner, certify that the above information is true and correct.

(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Herrig:

I am writing to acknowledge receipt of the ownership/name change for Water Right No. 5593-3. The transfer has been completed. The water right formerly listed in the name of Dale Electronics Inc., is now listed in the name of Vishay-Dale Electronics Inc.

Enclosed is your Receipt No. 02358 in the amount of \$2.50 which you paid for filing the ownership change. You may keep this for your records.

I noticed when changing the records for Water Right No. 5593-3 that Dale Electronics held two water rights. I am including another transfer of ownership form for you to complete for the second water right. I apologize for not including this in our first correspondence to you.

Please review the form and complete as needed. A \$2.50 filing fee is required. The check or money order for the fee can be made payable to the Water Rights Program.
