VESTED WATER RIGHT NO. 5599-3

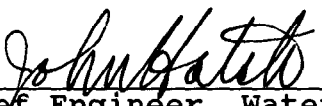

Date of Receipt of Claim November 12, 1991.

Date of Validation March 23, 1992.

The Chief Engineer, on behalf of the Water Management Board validated Vested Water Right Claim No. 5599-3 for NE-SO-DAK Bible Camp, Rt 1, Box 85, Waubay SD 57273 with the following limitations, conditions and qualifications:

1. Vested Water Right No. 5599-3 appropriates 0.04 cubic feet of water per second (18 gallons per minute) from one well (Coteau Lakes Aquifer) 48 feet deep located in the SE 1/4 NW 1/4 Section 15-T123N-R53W.
2. The appropriated water is used for supplying water to the Bible Camp and may not exceed the amount of water needed for beneficial use for institutional and recreational purposes.
3. The water is to be used during the following annual period: January 1 - December 31.
4. The priority date of the Vested Water Right is January 1, 1917.
5. The water use system has been constructed and water has been applied to beneficial use.
6. Water Rights obtained in compliance with the laws of the State of South Dakota must not be unlawfully impaired by this appropriation.

WATER MANAGEMENT BOARD

STATE OF SOUTH DAKOTA

VESTED RIGHT WATER LICENSE NO. 5599-3

(1) The NE-SO-DAK Bible Camp of RR 1, Box 85, Waubay, SD 57273 made Application No. 5599-3, November 12, 1991 for validation of a vested right claim to appropriate 0.04 cubic feet of water per second from groundwater (one well), Day County, South Dakota for institutional and recreational purposes. Vested Water Right No. 5599-3 was validated March 23, 1992 with a priority date of January 1, 1917. Construction of the described water supply system and application of water to beneficial use has been completed and complies with applicable provisions of South Dakota State Law.

(2) The applicant is entitled to divert 0.04 cubic feet of water per second for beneficial use. The location of the diversion points are: SE 1/4 NW 1/4 Section 15, T123N, R53W.

(3) Pursuant to Section 46-5-30.1 the NE-SO-DAK Bible Camp of RR 1, Box 85, Waubay, SD 57273 the holder(s) and/or owners(s) of Vested Water Right No. 5599-3 is issued a license to appropriate 0.04 cubic feet of water per second from groundwater (one well) with a priority date of January 1, 1917 from the location specified in (2) of this license. The water is to be used for the purpose of institutional and recreational use. This license is subject to any limitations, conditions or qualifications listed in Vested Water Right No. 5599-3 and subject to South Dakota State Law.

GREAT FACES. GREAT PLACES.
June 21, 1991

NE-SO-DAK CAMP
NEIL SORENSON
RT 1 BOX 85
WAUBAY SD 57273

Dear MR. SORENSON:

A well drillers report filed by HURON DRILLING INC states you completed a new well. This is a follow-up to my November 7, 1990 letter. We have not received any response on this matter and would appreciate an early reply.

1. If your new well was drilled as a replacement well, and you do not plan to use the old well, the old well is considered abandoned. All abandoned wells must be plugged by a licenced well driller. If the old well is not abandoned, but not being used, the well must be sealed or capped at the surface until such time that it is used.
2. Following completion of any new well for domestic use, a water quality sample must be collected and submitted to a laboratory approved by the department. If the well flows or if the well driller installs the pump, the well driller is required to collect and submit the water quality sample. If the pump is not installed by the well driller, the owner must collect and submit the water sample. At a minimum, the water sample needs to be analyzed for the presence of nitrates, sulfates, sodium, coliform bacteria, and for conductivity. Further water analysis may be done, but is optional. The analysis must be submitted to the department within 30 days following the submittal of a well completion report. The owner or well driller pays for the cost of all analyses.
3. The output from any flowing well must be controlled by the owner so as to produce only the amount of water needed and to prevent waste.
4. A water permit must be obtained for any water use except for reasonable, private domestic use. Reasonable use is defined as use of 18 or less gallons of water per minute (GPM), on an average daily basis (26,000 gallons per day), with a maximum rate not exceeding 25 GPM. Water distribution systems (i.e. suburban housing, manufactured and mobile home developments; rural water systems; municipalities; etc.) may not exceed 18 GPM without a water permit. You may need a water permit based on the well driller's report. Please complete and return the enclosed application forms, with the required fee, to the "Water Rights Division, 523 E. Capitol, Pierre, SD 57501" by July 31, 1991, or contact Don Frye (605 773-3352) if you don't believe your water use requires a permit.

Very truly yours,

RON DUVALL, Natural Resources Engineer

Dear Mr. Sorenson:

In regard to the water permit application received on November 12, 1991, the following information needs to be submitted in order to process the application for the Bible Camp.

Item No. E. of the Affidavit of Water Use and Item No. 2 of the Application for Permit to Appropriate Water must be completed. Please indicate the maximum diversion rate in gallons per minute diverted from the well and whether or not you believe the diversion rate is the same now as in 1917. The vested right claim will be based upon the amount diverted in 1917.

If you have any questions, please contact this office.

Sincerely,

Karen Schlaak

REPORT ON APPLICATION NO. 5599-3
for NE-SO-DAK Bible Camp
February 7, 1992

Application No. 5599-3 proposes to appropriate 0.04 cfs (18 gpm) from one well approximately 48 feet deep located in the SE 1/4 NW 1/4 of section 15, T123N R53W in Day County and within the former boundaries of the Sisseton Wahpeton Indian Reservation. The water use has a claimed priority date of January 1, 1917 and is used for institutional and recreational purposes by the camp.

AQUIFER - COTEAU LAKES (COL)

The Coteau Lakes is a glacial outwash (sand and gravel) under predominantly unconfined (water table) conditions. The Coteau Lakes aquifer underlies 58,200 acres and contains an estimated 130,910+ acre feet of recoverable water in storage in Day County (Hedges, 1982). The aquifer extends into Roberts and Codington Counties and is hydraulically connected to area lakes. This application is near the shore of Enemy Swim Lake and is hydraulically connected to the lake. The completion report filed with the application shows sand and gravel from basically the land surface to a depth of 48 feet and a static water level of 14 feet. The well is capable of 18 gpm.

The Division of Water Rights monitors one observation well, DA-78D, located about 6 miles south of this application which is completed into the Coteau Lakes aquifer. Water levels for this well show good response to climatic conditions, that is, rising during wet years (recharge) and declining gradually during dry years due to discharge. The record indicates the aquifer is capable of sustaining additional withdrawals (Water Rights, 1992).

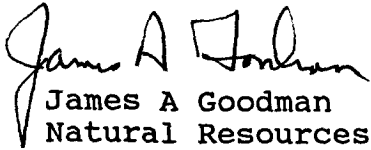

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There are two other existing permits/rights Nos. 5569-3 and 5570-3 in this same area. These applications appropriate 8 gpm and 12 gpm respectively. Interference is not expected to be a problem. The diversion rates are small and drawdown created by pumping at these rates should be minimal. This application would have priority over the other permits.

CONCLUSIONS

1. Water is available from the Coteau Lakes aquifer.
2. Interference is not expected to be a problem.
3. This well has been completed in accordance with SD Well Construction Standards.
4. The affidavit submitted with this application indicates this water source has been in continuous since 1917 with the existing well drilled as a replacement in 1988. Any wells which have been

abandoned must be plugged pursuant to SD Well Construction Standards.

James A Goodman
Natural Resources Engineer

RECOMMENDATION OF CHIEF ENGINEER FOR VALIDATION OF VESTED WATER

RIGHT APPLICATION NO. 5599-3, NE-SO-DAK Bible Camp

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning Validation of Vested Water Right Application No. 5599-3, NE-SO-DAK Bible Camp, c/o Neil Sorenson, Rt 1 Box 85, Waubay, SD 57273

The Chief Engineer is recommending VALIDATION of Application No. 5599-3 for 0.04 cfs (18 gallons per minute) because 1) water has been appropriated as described for institutional and recreational use with a priority date of January 1, 1917, 2) the use has been developed without unlawful impairment of existing rights, 3) the use is a beneficial use and 4) it is in the public interest.

See report on application for additional information.

Waubay, SD 57273

Dear Mr. Sorenson:

Your Application No. 5599-3 for a vested water right claim has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of your claim has been sent to the Publisher of the Waubay Clipper printed at Waubay, SD. For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your notice of hearing to validate a vested right and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. We must receive Proof of Publication before the application can be considered.

Sincerely,

Eric Gronlund
Eric Gronlund
Natural Resources Engineer
605 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

Date _____

We are in receipt of your letter of _____ enclosing Notice of Hearing to Validate A Vested Right Application which was first published in our issue of _____. ENCLOSED IS A COPY OF THIS FIRST PUBLICATION.

Name

Newspaper

Instruction to Newspaper - Publish first Notice on February 24, 1992, with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF HEARING To Validate
Vested Water Right Application No. 5599-3 to Appropriate Water

Notice is given that The NE-SO-DAK Bible Camp, Rt 1 Box 85, Waubay, SD 57273 has filed an application to validate a vested water right claim to appropriate 0.04 cubic feet of water per second from one well (Coteau Lakes Aquifer) 48 feet deep located in the SE 1/4 NW 1/4 Section 15-T123N-R53W. The water use has a claimed priority date of January 1, 1917, and is used for institutional and recreational use by the Camp.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends VALIDATION of Vested Water Right Application No. 5599-3 because 1) water has been appropriated as described for institutional and recreational use with a claimed priority date of January 1, 1917, 2) the use has been developed without unlawful impairment of existing rights, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the vested water right application as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by March 12, 1992. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5599-3 and 2) the chief engineer's recommendation, a meeting at the Division of Water Rights office to hear this application is scheduled for March 23, 1992, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is opposed or the recommendation is contested, the March 23, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the time and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The March 23, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by March 12, 1992.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve the validation, 2) approve the validation with qualifications, 3) defer, or 4) deny validation of the application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15, 46-2A-18; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31, 46-5-49; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; 74:02:01:19 thru 74:02:01:22.

Notice of Hearing to Validate

Vested Water Right Application No. 5599-3 to Appropriate Water

Notice is given that the Ne-So-Dak Bible Camp, Rt. 1, Box 85, Waubay, SD. 57273 has filed an application to validate a vested water right claim to appropriate 0.04 cubic feet of water per second from one well (Coteau Lakes Aquifer) 48 feet deep located in the SE 1/4 NW 1/4 Section 15-T123N-R53W. The water use has a claimed priority date of January 1, 1917, and is used for institutional and recreational use by the Camp.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends VALIDATION of Vested Water Right Application No. 5599-3 because:

1. water had been appropriated as described for institutional and recreational use with a claimed priority date of January 1, 1917;
2. the use has been developed without unlawful impairment of existing rights;
3. it is a beneficial use of water; and
4. it is in the public interest.

Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the vested water right application as recommended. Petitions filed in support of the application will NOT require the board to hear the application.

Any person interested in opposing or supporting the application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E. Capitol, Pierre, SD. 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by March 12, 1992. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5599-3 and 2) the chief engineer's recommendation, a meeting at the Division

of Water Rights office to hear this application is scheduled for March 23, 1992, at 9:00 AM. in Room 413, Joe Foss Building, 523 Capitol, Pierre, SD. If this application is opposed or the recommendation is contested, the March 23, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the time and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The March 23, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by March 12, 1992.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to:

1. approve the validation;
2. approve the validation with qualifications;
3. defer; or
4. deny validation of the application based on the facts presented at the public hearing.

Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15, 46-2A-18; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15; 46-5-24, 46-5-25, 46-5-30.2; 46-5-30.4, 46-5-31, 46-5-49; 46-6-3, 46-6-3.1, 46-6-6.1; 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; 74:02:01:19 thru 74:02:01:22.

Waubay, SD 57273

Dear Sirs:

Enclosed are your Validated Vested Water Right and Water License No. 5599-3. As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division
(605) 773-3352

2000 South Dakota Water Use Questionnaire

To:

NE-SO-DAK BIBLE CAMP
RR 1 BOX 85
WAUBAY SD 57273

Address correction requested:

One questionnaire is being provided for each permitted water source. The following information is based on Water Permit/Right No. 5599-3. If you have other permits/rights in the same water source, also include water use under those permits/rights on this questionnaire.

Water Source: GROUNDWATER
Aquifer: COTEAU LAKES
Management Unit: NOT APPLICABLE

County: DAY
Pumping Pt. Legal: SEC 15-T123N-R53W
Type of Water Use: INSTITUTIONAL

- 1) Please estimate your year 2000 water use from the above water source: 60,000 gallons
2) If no water use in 2000, please list the reason(s) why in the comments section.

Comments: - Director's Residence uses ground water well.
- Camp is on Web Water
