**SOUTH DAKOTA
WATER PERMIT No. 5622-3**

Date of first receipt of application February 13, 1992.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 5622-3 to Dale Olson, 951 S Marion Road, Suite 1, Sioux Falls SD 57107 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 5622-3 appropriates an additional 0.12 cubic feet of water per second (cfs). Water Permit No. 5028-3 appropriates 0.10 cfs from two wells 199 feet and 230 feet deep (Sioux Quartzite) located in the SW 1/4 NW 1/4 and the NW 1/4 SW 1/4 Section 14-T101N-R50W. This permit increases the diversion rate from 0.10 cfs to 0.22 cfs.
2. The water appropriated shall be used for the purpose of supplying water to the Gas Lite Manor Mobile Home Park and may not exceed the amount of water needed for beneficial use for mobile home park purposes.
3. The water is to be used during the following described annual period: January 1 - December 31.
4. The date of approval of Permit No. 5622-3 is April 29, 1992.
5. The date from which applicant may claim right is February 13, 1992.
6. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATION

The wells approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

Dale Olson
951 S. Marion, Suite 1
Sioux Falls, SD 57107

Dear Mr. Olson:

I inspected your water system at the Gas Lite Manor in Sioux Falls last September. In preparing the report of examination of works, I checked with the well logs sent in and found that both wells were capable of pumping 100 gallons per minute (GPM) together or 0.22 cubic feet per second (cfs). You have been permitted for 0.1 cfs (45 GPM) for the trailer court, and you must apply for the additional 0.12 cfs (55 GPM) being used. When we talked last fall, I recollect your inquiry about obtaining more water for the trailer court. I realize you may use 100 GPM for only a short period of time each day, but you must be permitted for the maximum discharge of water.

Enclosed is a partially completed application for the additional 0.12 cfs and an instruction sheet. Please complete the application and submit the \$150 fee for application processing.

Your immediate response is greatly appreciated, and if you have further questions, please feel free to contact me.

Sincerely,

Gregory C. Johnston
Natural Resources Engineer

Report on Application No. 5622-3
Dale Olson
March 12, 1992

Water Permit No. 5028-3 appropriates 0.10 cfs from two wells 199 and 230 feet deep located in the SW1/4 NW1/4 and the NW1/4 SW1/4 Section 14-T101N-R50W. This application proposes to appropriate an additional 0.12 cfs and increase the diversion rate from 0.10 cfs to 0.22 cfs. The water is for use at the Gas Lite Manor Mobile Home Park.

Aquifer - The Sioux Quartzite

The Sioux Quartzite is massive and impermeable, except in areas where fractures and joints occur. The lateral and vertical extent of the fractured and jointed system supplying water to these wells is nearly impossible to predict; therefore, the amount of storage will not be estimated. Wells completed into the quartzite are generally low-yielding and have small specific capacities. Recharge to the Sioux Quartzite probably occurs where the fractured and jointed areas of the aquifer directly underlie the Big Sioux aquifer or Skunk Creek aquifer.

The two wells drilled into the aquifer are 199 and 230 feet deep, respectively. The holes were cased to the top of the aquifer and left open to the bottom. Each well pumped 50 gpm and both had static water levels at 35 feet (the top of the quartzite).

Existing Water Permits

There are two domestic wells within the Sioux Quartzite in close proximity to the application wells. Carl Soukup has a well 208 feet deep in the SE1/4 of Section 14. Dean Kjelden has a well 167 feet deep located in the S1/2 SW1/4 of Section 14. Mr. Soukup also holds Water Permit No. 5354-3 which appropriates 0.5 cfs (225 gpm) for irrigation in the NW1/4 NE1/4 of Section 14. There have been no complaints received by the Water Rights Division regarding the withdrawals permitted in Permit No. 5028-3. Due to the small additional amount of water requested in this application, and the spacing of the wells, there should be no interference problems.

Conclusions

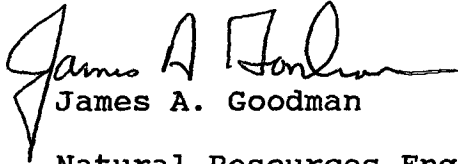

1. Water is available from fractures and joints in the Sioux Quartzite.
2. Interference is not a problem - existing rights will not be unlawfully impaired.

3. It is a beneficial use of water.

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 5622-3, Dale Olson

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning Water Permit Application No. 5622-3, Dale Olson, 951 S Marion Road, Suite 1, Sioux Falls, SD 57107.

The Chief Engineer is recommending APPROVAL of Application No. 5622-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualification:

The wells approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

See report on application for additional information.

Sioux Falls, SD 57107

Dear Mr. Olson:

Water Permit Application No. 5622-3 for mobile home park use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of The Argus Leader printed at Sioux Falls, SD (Ph # 331-2200). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Eric Gronlund
Natural Resources Engineer

ATTENTION: Legal Department

Enclosed is a Notice of Hearing on Application No. 5622-3 to be published twice. Please publish the first notice on April 2, 1992, with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Dale Olson, 951 S Marion Road, Suite 1, Sioux Falls, SD 57107 (Ph # 338-7676).

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. No action may be taken on the permit application until proof of publication has been received.

Sincerely,

Eric Gronlund

NOTICE OF HEARING on Application No. 5622-3 to Appropriate Water

Notice is given that Dale Olson, 951 S Marion Road, Suite 1, Sioux Falls, SD 57107 has filed an application for a water permit to appropriate an additional 0.12 cubic feet of water per second (cfs). Water Permit No. 5028-3 appropriates 0.10 cfs from two wells 199 feet and 230 feet deep (Sioux Quartzite) located in the SW 1/4 NW 1/4 and the NW 1/4 SW 1/4 Section 14-T101N-R50W. This application proposes to increase the diversion rate from 0.10 cfs to 0.22 cfs. The water is for use at the Gas Lite Manor Mobile Home Park.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 5622-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the permit as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 20, 1992. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 5622-3 and 2) the chief engineer's recommendation, a meeting at the Division of Water Rights office to hear this application is scheduled for April 29, 1992, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is opposed or the recommendation is contested, the April 29, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the time and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The April 29, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by April 20, 1992.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer, or 4) deny this application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

Permit No. 5028-3 and 5622-3

Big Sioux River Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DENR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Dale Olson of 951 S. Marion, Suite 1, Sioux Falls, SD 57107 holder of Permit No. 5028-3, bearing the priority of August 7, 1984/February 13, 1992 authorizing the diversion of 0.10/0.12 cu. ft. per second of the waters of Sioux Quartzite for residential purposes, in Minnehaha County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

2 wells - one well 199' deep and the other is 230' deep, both wells have 6" steel casing 35' long and no screen, Grundfos pumps model No. unknown, 50 GPM each @40-50 PSI, Grundfos 5 HP motor, model No. unknown

B. Works used to transport water to place of use:

total of 600' of 1.25 and 2" PVC

C. Works used to apply water to beneficial use:

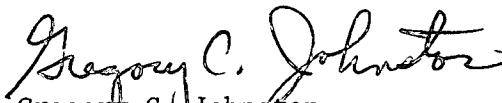

Water distribution system used for mobile home park

The system is in the following condition good. The point of diversion is located Well #1 is 560' E and 2500' S and Well #2 is 640' E and 2800' S of the NW corner of Section 14-T101N-R50W, Minnehaha County, SD. The works are capable of diverting and conveying to the place of use 0.22 cu. ft. per second of water which is to be used for water distribution system in mobile home park. Water has been put to beneficial use to the maximum extent.

The license should be issued for 0.22 cfs. Applicable permit qualifications have been complied with ☒ Yes ☐ No

Exceptions to compliance are: None

License No. 5622-3
(Inc'd 5028-3)

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 5622-3

(1) Dale Olson of 951 S Marion Road, Suite 1, Sioux Falls, SD 57107 made Application No. 5622-3, February 13, 1992, for a water permit to appropriate 0.12 cubic feet of water per second from groundwater (two wells), Minnehaha County, South Dakota for mobile home park purposes. Permit No. 5622-3 with a priority date of February 13, 1992, was approved April 29, 1992 and issued to applicant(s) for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed.

Water Permit No. 5622-3 appropriated an additional 0.12 cfs to the diversion rate developed under Water Permit No. 5028-3. The applicable portions of Water Permit No. 5028-3 are incorporated into this Water License No. 5622-3.

A priority date of August 7, 1984, is retained for 0.10 cfs (as established by No. 5028-3) and a date of February 13, 1992, is retained for 0.12 cfs (as established by No. 5622-3).

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.22 cubic feet of water per second for beneficial use. The location of the diversion points are: are Well #1 - 560'E and 2500' S of the NW corner; Well #2 - 640' E and 2800'S of the NW corner; both in Section 14, T101N, R50W (SW 1/4 NW 1/4 and NW 1/4 SW 1/4 respectively).

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to Section 46-5-30.1 Dale Olson of 951 Marion Road, Suite 1, Sioux Falls, SD 57107 the holder(s) and/or owner(s) of Incorporated Water Permit No. 5622-3 is issued a license to appropriate water, the right to use 0.22 cubic feet of water per second from groundwater (two wells) with priority dates of August 7, 1984 (0.10 cfs) and February 13, 1992 (0.12 cfs) from the location specified in (2) of this license. The water is supplied to the Gas Lite Manor Mobile Home Park. This license is subject to any limitations or qualifications listed in Incorporated Water Permit No. 5622-3 and subject to South Dakota State Law.

Sioux Falls, SD 57107

Dear Mr. Olson:

Enclosed is Water Permit and Water License No. 5622-3. The license is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 413010 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Permit No. 5622-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

A handwritten signature in black ink, appearing to read "John Hatch".
