Notice of Hearing - date to intervene: _____

SOUTH DAKOTA
WATER PERMIT NO. 6132-3 FOR IRRIGATION

Date of first receipt of application March 22, 1999.

The Water Management Board approved Water Permit Application No. 6132-3 on May 5, 1999 for Daniel Ulmer, Box 433, Menno SD 57045 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6132-3 appropriates 0.85 cfs from the James River located in Lot 6 to irrigate 60 acres located in the SW ¼ NE ¼ and Lots 4, 5, 6 & 11; all in Section 14-T97N-R58W.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 – October 1.
3. The date from which applicant may claim right is March 22, 1999.
4. One-fifth of the construction is to be completed on or before November 5, 2001.
5. All construction is to be completed on or before May 5, 2004.
6. Water is to be put to beneficial use on or before May 5, 2008.
7. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. Permit No. 6132-3 does not authorize diversion of water from the James River after August 10th of each calendar year, nor at any time when the river flow is obviously low, unless written orders have been issued by the Chief Engineer. Diversions under this permit shall be in accordance with any written orders issued by the Chief Engineer.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

REPORT ON WATER PERMIT APPLICATION NO. 6132-3

Daniel Ulmer
March 25, 1999

Application No. 6132-3, Daniel Ulmer, proposes to divert 0.85 cubic feet of water per second (cfs) from the James River. The diversion is located in Lot 6 (NE¼ SW¼) of Section 14 T97N-R58W. The water will be used to irrigate 60 acres located in the SW¼ NE¼ and Lots 4, 5, 6, and 11 of Section 14 T97N-R58W. The proposed project is located 3 miles south of Olivet in Hutchinson County.

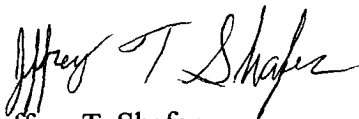

Review of Water Source and Existing Water Rights

The applicant proposes to appropriate 0.85 cfs from the James River to irrigate 60 acres of land. Historically the James River has experienced periods of extremely low flow during dry periods. In 1965, the South Dakota Water Resources Commission, predecessor to the Water Management Board, imposed a 300 cfs appropriation limit from the James River. Because of the availability of backup water from the Missouri River on the lower reach, the 300 cfs limit has been considered from the North Dakota border to the Yankton-Hutchinson county line. The Water Management Board has also placed qualifications on junior priority James River water rights, requiring an August 10th cutoff for irrigation each year. Even with the appropriation limit and the August 10th cutoff, there have been periods of low flow requiring the Chief Engineer to issue shutoff orders. During periods of high flows, the Chief Engineer may extend the irrigation season beyond the August 10th cutoff with a written order.

There are currently 120 existing water rights/permits appropriating 247.71 cfs from the James River between the North Dakota state line and the Yankton/Hutchinson county line. Also, Water Permit Application No. 6125-3, for a diversion rate of 1.56 cfs, is pending. If this application is approved it should include the August 10th shutoff qualification. The applicant should be aware, even though less than a total of 300 cfs will be appropriated that during dry periods this permit may be subject to shutoff orders issued by the Chief Engineer.

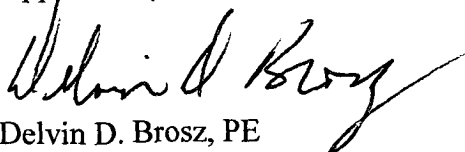

Conclusions

1. The application proposes to appropriate 0.85 cfs from the James River for irrigation.
2. In 1965 the South Dakota Water Resources Commission, predecessor to the Water Management Board, imposed a 300 cfs appropriation limit from the James River. There are currently 120 water rights/permits appropriating 247.71 cfs, which is below the 300 cfs appropriation limit.
3. If this application is approved it should contain the August 10th shutoff qualification. The applicant should also be aware that during dry periods this permit may be subject to shutoff orders issued by the Chief Engineer. During periods of high flows, the Chief Engineer may extend the irrigation season beyond the August 10th cutoff with a written order.

Approved by:

Delvin D. Brosz, PE
Natural Resources Engineer IV

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6132-3, Daniel Ulmer**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6132-3, Daniel Ulmer, Box 433, Menno SD 57045.

The Chief Engineer is recommending APPROVAL of Application No. 6132-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. Permit No. 6132-3 does not authorize diversion of water from the James River after August 10th of each calendar year, nor at any time when the river flow is obviously low, unless written orders have been issued by the Chief Engineer. Diversions under this permit shall be in accordance with any written orders issued by the Chief Engineer.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Dear Mr. Ulmer:

Water Permit Application Nos. 6131-3 and 6132-3 for irrigation use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Freeman Courier printed at Freeman, SD (Ph # (605) 925-7033). For your information, a copy of the notice, the recommendations of the Chief Engineer and reports on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund /ks

ATTENTION: Legal Public Notice

Enclosed is a Notice of Hearing on Application Nos. 6131-3 and 6132-3 to Appropriate Water to be published twice. Please publish the first notice on April 7, 1999, with the second publication 7 days later.

The applicant must verify to you that the notice is to be published, before you make the first publication. **Please BILL the APPLICANT for the cost of publication.** The APPLICANT is Daniel Ulmer, Box 433, Menno, SD 57045 (Ph # (605) 387-5243).

Please send the Water Rights Program the first publication immediately. The publication is checked for accuracy so any corrections can be made in the second publication. You may use the form below or fax a copy of the first publication. Any fax should be sent to the attention of Karen Schlaak at (605) 773-4068. Publication errors can invalidate the public notice.

After the second publication, **please send us an affidavit or use the enclosed Proof of Publication form.** The applicant pays the cost of publication, but the Water Rights Program records require an affidavit or Proof of Publication. Delays in receiving the affidavit can be costly to the applicant.

Sincerely,

Eric Gronlund /KS

NOTICE OF APPLICATION NOS. 6131-3 and 6132-3 to Appropriate Water

Notice is given that Daniel Ulmer, Box 433, Menno SD 57045 has filed the following applications for water permits. Application No. 6131-3 proposes to appropriate 1.67 cubic feet of water per second (cfs) from the James River located in Lot 8 of Section 11 to irrigate 117 acres located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and Lots 6, 7, 8 & 9; all in Section 11-T97N-R58W.

Application No. 6132-3 proposes to appropriate 0.85 cfs from the James River located in Lot 6 to irrigate 60 acres located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and Lots 4, 5, 6 & 11; all in Section 14-T97N-R58W.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6131-3 and 6132-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest.

Any person interested in opposing or supporting these applications must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 26, 1999. The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

The Water Management Board will consider these applications at 10:00 a.m., May 5, 1999, Floyd Matthew Training Center, Joe Foss Building, 523 East Capitol, Pierre, SD. The Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer, or 4) deny these applications based on the facts presented at the public hearing. The May 5, 1999, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the applications. The request for an automatic delay must be filed by April 26, 1999.

Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact Eric Gronlund by April 26, 1999, at the above Water Rights Program address to request copies of information pertaining to these applications, to assure access to the hearing by the handicapped or to obtain an interpreter for the hearing impaired.

These applications are made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15, 46-2A-20, 46-2A-21; 46-5-1 thru 46-5-11; 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15. Daniel Ulmer
Box 433
Menno, SD 57045

Dear Mr. Ulmer:

Enclosed are Water Permit Nos. 6131-3 and 6132-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permits.

Two Form 10's, *Notice of Completion of Works and Application of Water to Beneficial Use*, are enclosed. Please return these completed forms after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water licenses may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Program

January 12, 2000

5391-3

Daniel Ulmer
Box 433
Menno SD 57045

Dear Mr. Ulmer:

The investigation of your water use systems was conducted on August 6, 1999 by Eric Gronlund, staff engineer included the extent of application of water to beneficial use, as developed under Water Permit Nos. 5391-3, 6131-3 and 6132-3. The final water right document, the Water Licenses, can now be issued.

Statutes require that we charge a \$50.00 fee for the investigation and issuance of the Water License. A review of the files indicates the \$50.00 license fee was submitted for Nos. 6131-3 and 6132-3 when the applications were filed last March. It will only be necessary to submit the fee for No. 5391-3.

Please submit \$50 to: **Department of Environment & Natural Resources**
 Water Rights Program

Permit No. 6132-3
James River - Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, August 9, 1999, made a thorough examination of the water use system constructed by **Daniel Ulmer** of **Box 433, Menno SD 57045** holder of Permit No. **6132-3**, bearing the priority of March 22, 1999 authorizing the diversion of 0.85 cu. ft. per second from the James River for irrigation purposes, in Hutchinson County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

A Berkley pump with 4" impeller powered by a 65 Hp John Deere motor, all mounted on a trailer .

B. Works used to transport water to place of use:

Aluminum pipe with screen is placed into the James River and aluminum pipe is used to transport water to the big gun.

C. Works used to apply water to beneficial use:

A Water Winch big gun

The system is in the following condition fair, etc. The point of diversion is located approximately 2,385 east and 1,720 feet north of the SW corner (Lot 5) of Section 14; all in T97N, R58W. The works are capable of diverting and conveying to the place of use 1.33 cu. ft. per second of water is to be used for irrigation. Water has been put to beneficial use to the maximum extent as follows:

All in T97N, R 58W

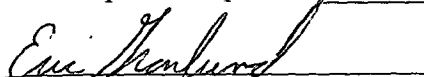

Lot 3 Section 14	2 acres	Lot 8 Section 14	7 acres
Lot 4 Section 14	10 acres	Lot 10 Section 14	3 acres
Lot 5 Section 14	6 acres	Lot 11 Section 14	10 acres
Lot 6 Section 14	11 acres	SW NE Section 14	11 acres

comprising a total of 60 acres of land and the license should be issued for 0.85 cfs.

Applicable permit qualifications have been complied with:

Exceptions to compliance are: **see report on change of acreage and diversion point**

Date Report Completed: December 16, 1999

Eric Gronlund

Natural Resources Engineer

DENR, Water Rights Program

FIELD INVESTIGATION REPORT FOR PERMIT NO. 6132-3, Daniel Ulmer

DATE OF INVESTIGATION:	August 9, 1999
NAME & ADDRESS OF INVESTIGATION CONTACT/ RELATIONSHIP TO PERMIT HOLDER, IF APPLICABLE	
NAME & ADDRESS OF PERMIT HOLDER	Daniel Ulmer Box 433 Menno SD 57045
DIVERSION POINT LEGAL LOCATION	<u>approximately 2,385 east and 1,720 feet north of the SW corner (Lot 5) of Section 14; all in T97N, R58W</u>

WATER SUPPLYSource: James River**Pump:**

- 1) Make Berkley
- 2) Model B-4J
- 3) Size 4" impeller
- 4) Capacity 800 GPM

Motor:

- 1) Make John Deere
- 2) Type No. 4219DF-01
- 3) Horsepower rating 65 hp
- 4) Serial No. 5878741

** this is a portable pump/motor set up

DISTRIBUTION LINES OR CANALS:

- 1) Type aluminum
- 2) Size 6 inches
- 3) Length 4,500 feet

* Mr. Ulmer has approximately 4,500 feet of aluminum pipe

SYSTEM TYPE:**Big gun:**

- 1) Make Water Winch
- 2) Model T-45 Serial No. 0527
- 3) Nozzle 1 ¼ inch (end)
- 4) Capacity – approx. 600 gpm
- 5) There is a 660 reel of 4 ½" flex hose and Mr. Ulmer has over 3000 feet of 8" aluminum pipe

CHEMIGATION EQUIPMENT:

- 1) Does chemigate No
- 2) Main line check valve

PERMIT QUALIFICATIONS AND REGULATIONS:

- 1) Special qualifications to permit being abided by yes
- 2) All structures, wells and lands on map yes
- 3) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period see comments below

This water permit was obtained in 1999. A notice of completion of work has not been filed. Mr. Ulmer has until May 5, 2004 to complete construction and until May 5, 2008 to put water to beneficial use. However, since Mr. Ulmer has the equipment he intends to use for irrigating, I viewed the equipment for the purposes of licensing the permit. The system was not in place. This is a portable system and would need to be moved to irrigate the various parcels. Additionally the system has to be removed each year because of the potential for flooding.

Mr. Ulmer did not irrigate this acreage because of flooding in 1999. There were no crops planted on this property in 1999. This land is located right next to the James River. The land is James River bottom-land and is very susceptible to flooding. It was easily visible at the time of my licensing investigation that flooding had taken place on this land earlier in the year.

Portion of this acreage are going to be very difficult to irrigate due to some trees in the area. Mr. Ulmer believes with a big gun he will be able to irrigate.

The pump and big gun were housed in a farm shed at the time of the licensing investigation.

Licensing of Acreage Outside of Permitted Area and Change of Diversion Point

NAME: Daniel Ulmer

ADDRESS: Box 433, Menno SD 57045

DATE: December 20, 1999

COUNTY: Hutchinson

TELEPHONE:

AUTHORITY

Pursuant to SDCL 46-5-13.1 and 46-5-30.5, the location of a diversion point may be changed and acreage developed for irrigation outside of the area described on the permit may be licensed provided the potential for interference with other existing diversion is not increased and following conditions are met:

NO INCREASE IN PERMITTED ACREAGE OR WATER APPROPRIATED:

The acreage developed for irrigation totals 60 acres which is the same number of acres authorized by the permit. Licensing of the permit will result in a same amount of water appropriated and number of acres irrigated.

UNPERMITTED ACREAGE:

- **Developed water source same as permitted source and no additional water appropriated.**

Yes, the was source remains the James River and the diversion rate is the same.

- **Review of Existing Diversions**

The diversion point is located in Lot 5 of Section 11 instead of Lot 6 as advertised in the public notice. The actual location on the map does not change. There are no water rights impacted by defining the diversion point as being in Lot 5 of Section 11. In reality since this is a portable system, Mr. Ulmer may place the pump along the James River in the location most accessible for the parcel he chooses to irrigate (Lots 3, 5, 8, 11).

- **Contiguous to Permitted Acreage**

Yes, the acreage is directly adjacent to the legally described acreages authorized by the original water right permit.

- **Owned by Same Property Owner**

Daniel Ulmer still owns this property.

- **Developed Prior to Expiration of Construction Period**

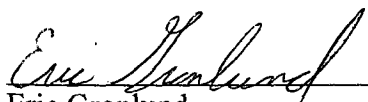

Yes, the period for construction of works to be completed is May 5, 2004.

EXPLANATION

From a review of the plat map and the current path of the James River in Section 11, T97N, R58W it is apparent that the bends in the river has become more pronounced. The acreage to be irrigated which was thought to be in portions of Lots 4 & 5 now extends into Lots 3 and 8. Additionally, the diversion point which was thought to be in Lot 6 is actually located in Lot 5.

RECOMMENDED ACTION

Based on the above criteria, it is recommended that the 60 acre area be included in the water license and the change of diversion point authorized.

Eric Gronlund
Water Rights Program

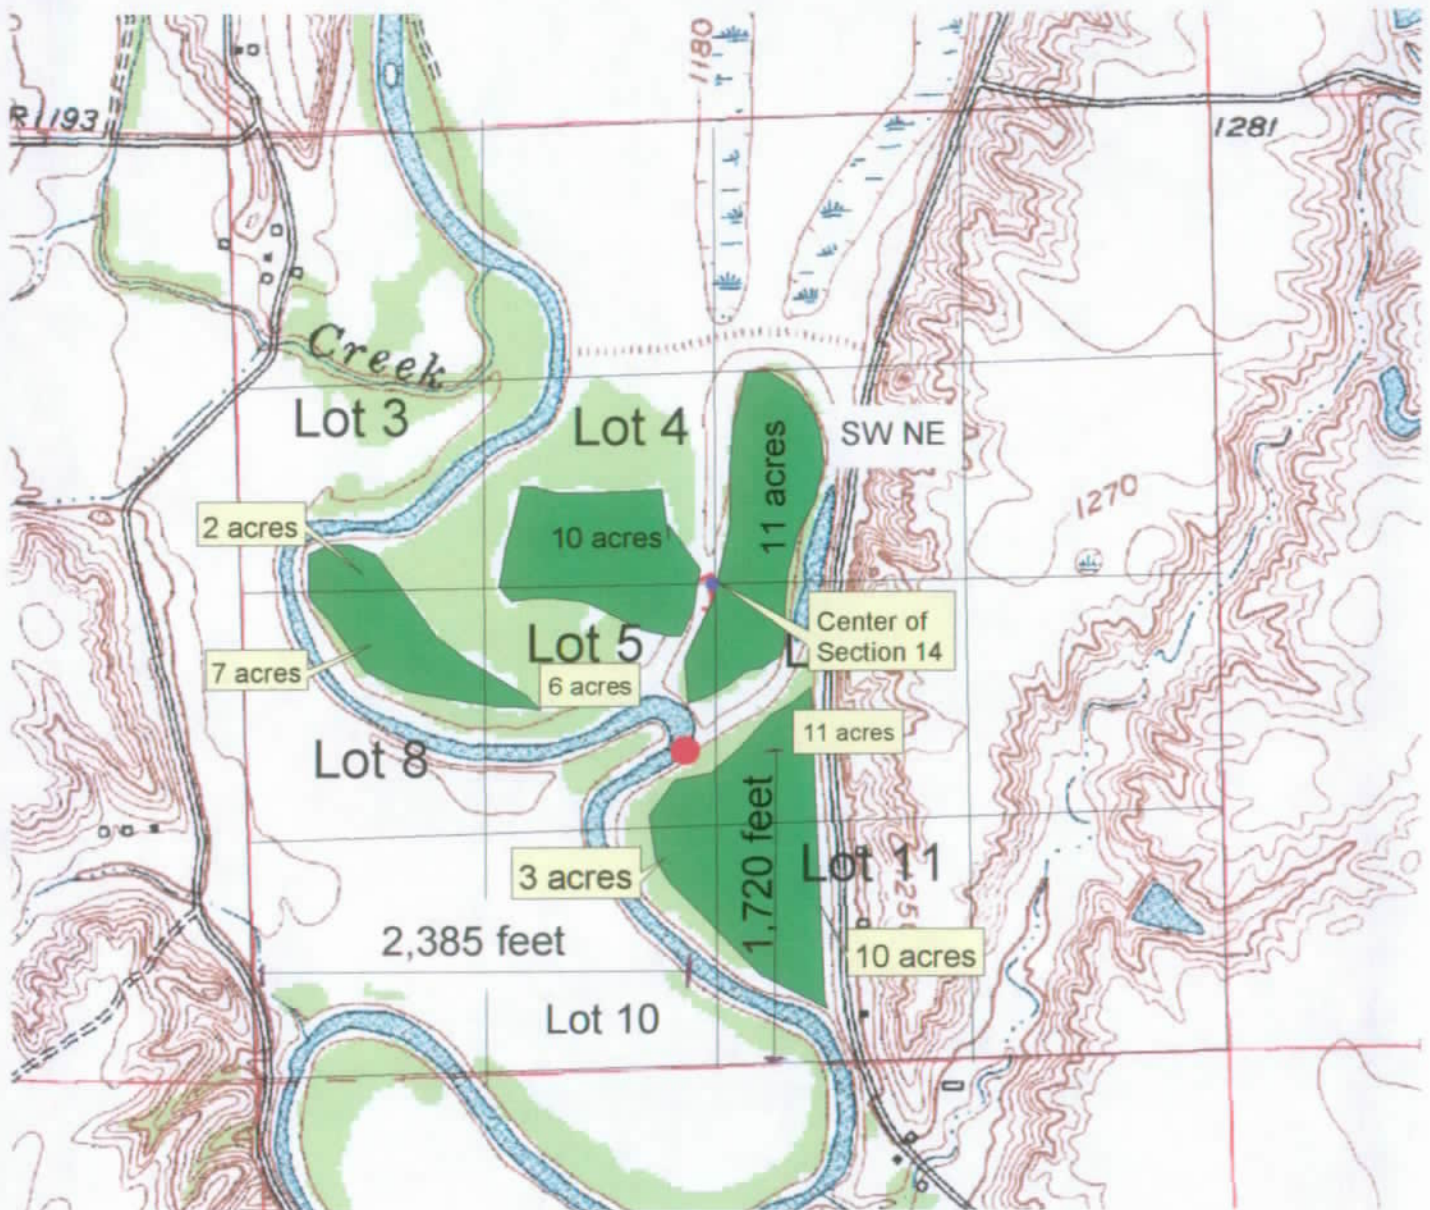

The Chief Engineer makes a finding pursuant to SDCL 46-5-13.1 and 46-5-30.5 that:

This acreage and diversion point change does not increase the potential for adverse effects to existing diversions and the overall project, as developed, is consistent with the original application. Licensing of the unpermitted acreage and the change of diversion points may occur without application or publication pursuant to SDCL 46-2A-4.

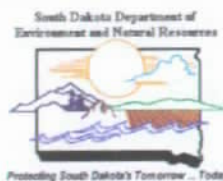

Garland Erbele, Chief Engineer
Water Rights Program

Water Permit No. 6132-3, Daniel Ulmer

Water Rights Program
Licensing Investigation
Conducted - August 9, 1999

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 6132-3

(1) Daniel Ulmer, Box 433, Menno SD 57045 made Application No. 6132-3, March 22, 1999 for a water permit to divert 0.85 cubic feet of water per second from the James River, Hutchinson County, South Dakota for irrigation purposes. Permit No. 6132-3, with a priority date of March 22, 1999 was approved May 5, 1999 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before May 5, 2004 and for the application to beneficial use of said water on or before May 5, 2008.

An investigation conducted for licensing purposes found the diversion point under Water Permit No. 6132-3 was not in the location authorized by the permit. Pursuant to SDCL 46-5-13.1, the Chief Engineer makes a finding that the change in location of diversion point does not increase the potential for interference with existing water rights.

(2) It is certified that the permit holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.85 cubic feet of water per second for beneficial use. The location of the diversion point is approximately 2,385 feet east and 1,720 feet north of the southwest corner (Lot 5) of Section 14-T97N-R58W (NE ¼ SW ¼).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 14-T97N-R58W			
Lot 3	2 acres	Lot 8	7 acres
Lot 4	10 acres	Lot 10	3 acres
Lot 5	6 acres	Lot 11	10 acres
Lot 6	11 acres	SW ¼ NE ¼	11 acres
Total 60 acres			

(4) Pursuant to South Dakota Water Law 46-5-30.1 Daniel Ulmer, Box 433, Menno SD 57045 the holder and/or owner of Water Right No. 6132-3 is issued a license to appropriate water, the right to use 0.85 cubic feet of water per second from the James River with a priority date of March 22, 1999 from the location specified in (2) of this license. The water to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation. This license is subject to any limitations or qualifications listed in Water Right No. 6132-3 and subject to South Dakota State Law.

Daniel Ulmer
Box 433
Menno, SD 57045

Dear Mr. Ulmer:

Enclosed are Water License Nos. 5391-3, 6131-3 and 6132-3. Also enclosed is Receipt No. 416368 for \$50.00 which was assessed for an investigation and issuance of Water License No. 5391-3. The receipts for Water License Nos. 6131-3 and 6132-3 were mailed to you at an earlier date. Water License Nos. 5391-3, 6131-3 and 6132-3 are the final documents which completes the process of obtaining a water right.

As long as you use the water beneficially, as stated in the Water Licenses, State Water Laws provide that you have a continuing right to use the water.

Sincerely,

Garland Erbele, Chief Engineer

NOTICE

TO: DANIEL ULMER, BOX 433, MENNO, SD 57045

FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2005 Irrigation Questionnaire(s)

Our records indicate that the 2005 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 5391-3, 5915A-3, 6063A-3, 6082-3, 6083-3, 6131-3 & 6132-3. The request for the Questionnaire was dated October 28, 2005. The Water Management Board has directed that owners of water permits who have not submitted the 2005 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 5391-3, 5915A-3, 6063A-3, 6082-3, 6083-3, 6131-3 & 6132-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 10:30 am, March 2, 2006 in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 5391-3, 5915A-3, 6063A-3, 6082-3, 6083-3, 6131-3 & 6132-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before February 24, 2006, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

NOTICE OF SHUTOFF ORDER

TO: DANIEL ULMER
PO BOX 433
MENNO SD 57045

FROM: GARLAND ERBELE, Chief Engineer
Water Rights Program

SUBJECT: James River Shutoff Order

Shutoff Order for Water Right No(s). 5391-3 6083-3 6082-3 6131-3 6132-3

To protect domestic use on the James River, the department is issuing shutoff orders to water right holders on the James River from the Yankton-Hutchinson county line north to the North Dakota border. Effective immediately, no diversions of water from the James River will be allowed. Previous to this Order, shutoff orders were issued for water right junior to January 1, 1975 located upstream of Huron.

Flow in the James River continues to decline to the point where domestic use of water, which includes livestock watering from the river, has become a concern. USGS gaging stations over this entire river reach are measuring flow levels at or below 20 cubic feet per second, the required bypass for downstream domestic use. This order will remain in effect until the end of the calendar year.

The USGS maintains a website where you can view real-time stream flow measurements at several sites along the river, the web address is:

<http://waterdata.usgs.gov/sd/nwis/rt>

I am asking for your cooperation in complying with this shutoff order. The ongoing drought is creating hardship for all the water right holders along the river.

If you have any questions, please contact Lynn Beck or Mark Rath with the Water Rights Program at (605) 773-3352. Thank you.

February 27, 2020

NOTICE OF ENTRY OF ORDER FOR ONE YEAR SUSPENSION OF WATER RIGHTS

TO: Daniel Ulmer, PO Box 433, Menno SD 57045

FROM: Jeanne Goodman, Chief Engineer
Water Rights Program 

SUBJECT: One Year Suspension of Water Right Nos. 6131-3 and 6132-3

On February 26, 2020, the Water Management Board ordered:

Effective March 26, 2020, Water Right Nos. 6131-3 and 6132-3 be suspended for the 2020 irrigation season for failure to submit the 2019 irrigation questionnaires.

If the 2019 irrigation questionnaires are received prior to March 26, 2020, the suspensions will not take effect.

Suspension of a water permit or right means water may not be pumped during the 2020 irrigation season. Consistent with the Board's order, you are not permitted to irrigate in 2020 unless the 2019 irrigation questionnaires are submitted by March 26, 2020.

After March 26th, you may petition the Water Management Board to rescind the suspension. You will need to submit the 2019 irrigation questionnaires and a letter to our office requesting time on the agenda for the next Water Management Board meeting scheduled for May 6-7, 2020 in Pierre, SD. The letter should include your reasons for not completing the 2019 irrigation questionnaires. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Water Rights Staff will conduct compliance checks of suspended water rights this summer to determine if irrigation is taking place.

Please contact Genny McMath (605) 773-3352, if you have any questions.

CERTIFICATION

I hereby certify that on February 27, 2020, I have personally deposited with the United States mail at Pierre, South Dakota, first class postage; prepaid envelopes containing a Notice dated February 27, 2020 regarding Water Management Board action taken February 26, 2020 for Irrigation Questionnaire violations addressed as stated below:

RE: Water Right Nos. 2631A-3 & 5451-3 (Merritt Ulmer)
Water Right Nos. 6131-3 & 6132-3 (Daniel Ulmer)

Dear Mr. Ulmer:

On February 26th the Water Management Board ordered Water Right Nos. 2631A-3, 5451-3, 6131-3 and 6132-3 suspended if the 2019 irrigation questionnaires were not received prior to March 26, 2020. The questionnaire information for the water rights has been received.

Since the irrigation questionnaires are on file, no violation has occurred, and no suspension will take place. You may irrigate during the 2020 irrigation season.

I forwarded you an email concerning ownership of land for Merritt Ulmer but have not heard back from you. Enclosed are "Notice of Transfer of Ownership" forms. If they should be transferred, please complete and return them to our office with a filing fee of \$50 each (\$100 total). The check or money order can be made payable to the Water Rights Program.

If you have any questions, please contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "Genny McMath". The signature is written in a cursive, flowing style.

August 16, 2021

Dear James River Water Right Holder:

I am writing to water right holders and operators who either use water from the James River or tributaries under permits with the August 10 shutoff date qualification.

Water rights containing this qualification requires a mandatory compliance and pumping under your permit must cease after August 10th unless you contact the Water Rights Program and receive permission to continue to divert water.

Water Rights staff drove along the James River last week after the August 10 shutoff date to spot-check whether water right holders were complying with this qualification. This spot-check found multiple water right holders diverting water in violation of this qualification.

Again, I remind you, compliance with this shutoff qualification is required unless you request and receive permission from the Water Rights Program to continue pumping. Permission may be granted based upon water availability.

Thank you for your cooperation. If you have any questions, please contact Mark Rath, Blaise Hansen, or Nakaila Steen at (605) 773-3352.

Sincerely,

Eric Gronlund, Chief Engineer

Dear Mr. Ulmer:

Enclosed is a "Notice" dated October 22, 2021 concerning the 2021 irrigation questionnaires.

The notice was originally mailed to PO Box 433, Menno SD. The post office notified us that your address has changed, and I will update our records accordingly.

If you have any questions, please contact me.

Sincerely,

Genny McMath
