Notice of Hearing - date to intervene: _____

**SOUTH DAKOTA
FUTURE USE PERMIT NO. 6259-3**

Date of first receipt of application April 16, 2001.

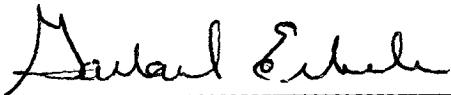

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6259-3 to the City of Volga, 226 Kasan Ave, Volga SD 57071 subject to the following limitations, conditions and qualifications:

1. Future Use Permit No. 6259-3 reserves 1,216 acre-feet of water annually from groundwater (Big Sioux Brookings Aquifer). The area to be reserved for future water use is located in the E ½ SE ¼ Section 21-T110N-R51W.
2. The water appropriated shall be used for the purpose of supplying future water supplies to the City of Volga and may not exceed the amount of water needed for beneficial use for municipal purposes.
3. The water is to be used during the following described annual period: January 1 – December 31.
4. The date of approval of Permit No. 6259-3 is June 4, 2001.
5. The date from which applicant may claim right is April 16, 2001.
6. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. Permit No. 6259-3 reserves 1,216 acre feet of water annually.
2. That Future Use Permit No. 6259-3 is approved with the stipulation that the Permit to appropriate water is subject to review by the Water Management Board as to accomplishment thereunder upon expiration of seven (7) years.
3. At such time as definite plans are made to construct works and put the water reserved by this permit to beneficial use, specific application for all or any part of the reserved water must be submitted prior to construction of facilities pursuant to SDCL 46-5-38.1.
4. This Permit is approved for groundwater from the Big Sioux:Brookings Aquifer.

REPORT ON WATER PERMIT APPLICATION NO. 6259-3
for the City of Volga
April 24, 2001

Application No. 6259-3 proposes to appropriate 1,216 acre feet of water annually from groundwater. The area to be reserved for future water use is located in the E 1/2 SE 1/4 of section 21, T110N R51W in Brookings County. The water is reserved for the purpose of providing future water supplies to the City of Volga. This application does not authorize construction of works or application of water to beneficial use.

AQUIFER - BIG SIOUX-BROOKINGS (BS-B)

The Big Sioux Brookings is a surficial outwash (sand and gravel) which is under water table conditions in this area. The aquifer underlies 540 square miles and contains an estimated 2.0 million acre feet of water in storage in Brookings and Kingsbury Counties with most of the water in Brookings County (Hamilton, 1989). Ground water movement is basically from west to east toward the Big Sioux River in the Volga area. The location of this future use application is in the area recommended for development in Special Report 51 by SDGS for the City of Volga (Barari, 1971). The existing City wells Nos. 5 through 9 are located immediately across the road in the SW 1/4 of section 22.

The Water Rights Program does monitor observation wells completed into the Big Sioux Brookings aquifer in this area. BG-77N, BG-77M and BG-77Q are all located within three miles of this application. Water levels for these wells show good response to climatic conditions, that is, rising water levels during wet years (recharge) and gradually declining water levels during dry years. The water level record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2001). Hydrographs for these three observation wells are included with this report.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

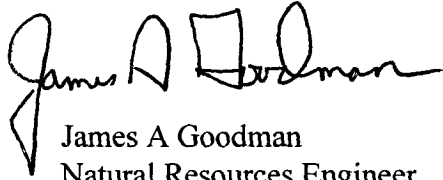

The only existing water permits/rights in this area belong to the City of Volga. Volga has 572 acre feet of water remaining to be developed under Future Use Permit No. 5875-3. The area of the existing future use is also the area where the existing city wells are located. There are two other water permits/rights located about two miles south and southeast of this application. Historically, there have not been water availability problems in this area.

CONCLUSIONS

1. Water is available from the Big Sioux Bookings aquifer.
2. Recharge to the aquifer appears to be sufficient to supply the amount of water requested by this application. However, when an application is made to put this water to beneficial use, spacing of individual wells will need to be considered. It may not

be possible to obtain all the water reserved by this application from the area designated by this application.

3. Approval of this application, plus the existing remaining future use will result in a total of 1788 acre feet of water in reserve for the city of Volga.
4. The city of Volga is reserving this supply for municipal purposes and to supply the Soybean Plant and Soybean Refinery.

A handwritten signature in black ink, appearing to read "James A. Goodman". The signature is fluid and cursive, with a large initial "J" and "G".

**RECOMMENDATION OF CHIEF ENGINEER FOR FUTURE USE WATER PERMIT
APPLICATION NO. 6259-3, City of Volga**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Future Use Water Permit Application No. 6259-3, City of Volga, George Albright, Mayor, 226 Kasan Avenue, Volga SD 57071.

The Chief Engineer is recommending APPROVAL of Application No. 6259-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the City of Volga has demonstrated a reasonable need for the water reserved, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. Permit No. 6259-3 reserves 1,216 acre feet of water annually.
2. That Future Use Permit No. 6259-3 is approved with the stipulation that the Permit to appropriate water is subject to review by the Water Management Board as to accomplishment thereunder upon expiration of seven (7) years.
3. At such time as definite plans are made to construct works and put the water reserved by this permit to beneficial use, specific application for all or any part of the reserved water must be submitted prior to construction of facilities pursuant to SDCL 46-5-38.1.
4. This Permit is approved for groundwater from the Big Sioux:Brookings Aquifer.

See report on application for additional information.

George Albright, Mayor
City of Volga
226 Kasan Ave.
Volga, SD 57071

Dear Mr. Albright:

Water Permit Application No. 6259-3 to reserve water for future use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Volga Tribune printed at Volga, SD (Ph # 605-627-9113). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

Instruction to Newspaper - Publish first Notice on May 17, 2001 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF APPLICATION NO. 6259-3 to Reserve Water for Future Use

Notice is given that the City of Volga, 226 Kasan Ave, Volga SD 5771 has filed an application for future use water permit to appropriate 1,216 acre-feet of water annually from groundwater (Big Sioux Brookings Aquifer). The area to be reserved for future water use is located in the E ½ SE ¼ Section 21-T110N-R51W. The water is reserved for the purpose of providing future water supplies to the City of Volga. This application does not authorize construction of works or application of water to beneficial use.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6259-3 because 1)) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the City of Volga has demonstrated a reasonable need for the water reserved, 3) the proposed use is a beneficial use and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by June 4, 2001.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Steve Meyer, City Administrator
City of Volga
PO Box 217
Volga SD 57071

Dear Mr. Meyer:

I am writing in regard to the seven year review of Future Use Water Permit No. 6259-3 from the Big Sioux:Brookings Aquifer which is held by the city. By law, all future use permits are to be reviewed by the Water Management Board every seven years to determine whether a reasonable need exists for the reserved water. The permit reserves water for future water supply needs for the city. Currently, our records show that 1,216 acre-feet remain in reserve under this future use permit that was issued in 2001.

Please respond in writing by April 1, 2008, regarding the city's intention for the future use permit. If the city plans to retain the permit, then the response should outline a reasonable need for retaining the future use permit, including an estimate of future needs.

Permit No. 6259-3 will then be public noticed at the city's expense and scheduled for review before the Water Management Board pursuant to SDCL 46-5-38.1. Notice will be given of the hearing time and place at a future date. The purpose of this review is to determine if a reasonable need exists for retaining the permit. A fee will be charged if the Board allows the permit to remain in effect after the hearing. The fee to be assessed will be dependent upon the amount of water allowed to remain in reserve.

Please contact Eric Gronlund, if you have any questions.

Sincerely,

Karen Schlaak

Karen Schlaak
Environmental Scientist
Water Rights Program

Dear Karen:

The City of Volga would like to retain the future use Water Permit No. 6259-3 which we presently hold. The South Dakota Soybean Processors are presently inquiring about the future capacity of Volga's Municipal Water System, and if expansion at their plant becomes a reality, they would use about 30% of this reserve. Our population has been growing steadily, so our municipal water needs have also increased. In our search for more industrial or commercial businesses, the availability of water and future capacity of our system is very high on the priority list.

If you have any questions, please contact Steve Meyer at 605-627-9113.

Thanks,

Steven W. Meyer

Newspaper

Instruction to Newspaper-Publish first publication of the following Notice on May 22, 2008 with 2nd publication 7 days later. The permit owner is responsible for payment.

NOTICE OF HEARING TO REVIEW FUTURE USE WATER PERMIT NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. This permit was approved 2001 and currently reserves 1,216 acre feet from groundwater (Big Sioux Brookings Aquifer) located in the E ½ SE ¼ Section 21-T110N-R51W for municipal use.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Program recommends that Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) the reserved water may be developed, 2) there is need for the reserved water 3) the proposed use will be a beneficial use and 4) it is in the public interest.

The Water Management Board will conduct the hearing to review Future Use Permit No. 6259-3 at 10:00 am, July 2, 2008, Floyd Matthew Training Center, Joe Foss Bldg, 523 E Capitol, Pierre SD.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to 1) allow the permit to remain in effect, 2) amend the permit by adding qualifications, 3) cancel the permit for no development or no planned future development, or 4) take no action after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the permit owner and the Chief Engineer by June 23, 2008. The Chief Engineer's address is "Water Rights Program", Joe Foss Building, 523 E Capitol Ave, Pierre SD 57501 (605 773-3352) and the permit holders mailing address is given above. The petition may be informal, but it must include a statement describing the petitioners interest in the future use permit, the reasons for petitioner's opposition to or support of continuing the future use permit, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The permit owner need not file a petition.

The hearing to review Future Use Permit No. 6259-3 will be conducted pursuant to the provisions of SDCL 46-1-14, 46-2-5, 46-2-9, 46-2-11, 46-5-38.1; Board Rules ARSD 74:02:01:25.01 thru 74:02:01:25.03 and contested case procedures contained in SDCL 1-26.

This hearing may be an adversarial proceeding. The permit owner or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Any person wishing a copy of the Chief Engineer's recommendation, further information on this permit, to assure access to the hearing by the handicapped or obtain an interpreter for the hearing impaired may contact Eric Gronlund, Water Rights Program, (605 773-3352) by June 23, 2008. The time of the hearing will be automatically delayed for at least 20 days upon written request of the permit owner or any person who has filed a petition to oppose or support continuance of the Future Use Permit. The request for a delay must be filed with the Chief Engineer by June 23, 2008. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

NOTICE OF HEARING TO REVIEW
FUTURE USE

WATER PERMIT NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. This permit was approved 2001 and currently reserves 1,216 acre feet from groundwater (Big Sioux Brookings Aquifer) located in the E 1/2 SE 1/4 Section 21-T110N-R51W for municipal use. Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Program recommends that Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) the reserved water may be developed, 2) there is need for the reserved water 3) the proposed use will be a beneficial use and 4) it is in the public interest.

The Water Management Board will conduct the hearing to review Future Use Permit No. 6259-3 at 10:00 am, July 2, 2008, Floyd Matthew Training Center, Joe Foss Bldg, 523 E Capitol, Pierre SD. The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to 1) allow the permit to remain in effect, 2) amend the permit by adding qualifications, 3) cancel the permit for no development or no planned future development, or 4) take no action after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the permit owner and the Chief Engineer by June 23, 2008. The Chief Engineer's address is "Water Rights Program", Joe Foss Building, 523 E Capitol Ave, Pierre SD 57501 (605 773-3352) and the permit holders mailing address is given above. The petition may be informal, but it must include a statement describing the petitioners interest in the future use permit, the reasons for petitioner's opposition to or support of continuing the future use permit, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The permit owner need not file a petition.

The hearing to review Future Use Permit No. 6259-3 will be conducted pursuant to the provisions of SDCL 46-1-14, 46-2-5, 46-2-9, 46-2-11, 46-5-38.1; Board Rules ARSD 74:02:01:25.01 thru 74:02:01:25.03 and contested case procedures contained in SDCL 1-26. This hearing may be an adversarial proceeding. The permit owner or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Any person wishing a copy of the Chief Engineer's recommendation, further information on this permit, to assure access to the hearing by the handicapped or obtain an interpreter for the hearing impaired may contact Eric Gronlund, Water Rights Program, (605 773-3352) by June 23, 2008. The time of the hearing will be automatically delayed for at least 20 days upon written request of the permit owner or any person who has filed a petition to oppose or support continuance of the Future Use Permit. The request for a delay must be filed with the Chief Engineer by June 23, 2008. Steven M. Pimer, Secretary, Department of Environment and Natural Resources.

NOTICE

Steven W Meyer, City Administrator
City of Volga
PO Box 217
Volga SD 57071

Dear Mr. Meyer:

I am writing in response to action taken by the Water Management Board at the hearing on July 2, 2008 to review Future Use Permit No. 6259-3. The Board allowed the permit to remain in effect for 1,216 acre-feet of water annually. Future Use Permit No. 6259-3 is subject to another review in seven years.

The fee for maintaining the effectiveness of Future Use Permit No. 6259-3 is \$45.00 pursuant to SDCL 46-2-13(2). Please remit the fee within 60 days.

Please contact Eric Gronlund, staff engineer, if you have any questions.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program
605 773-3352

CERTIFICATION

I hereby certify that on July 7, 2008, I have personally deposited with the United States mail at Pierre, South Dakota, first class postage, prepaid envelopes containing a Notice dated July 7, 2008 regarding maintaining effectiveness of Future use addressed as stated below:

Andrew Bremseth, City Administrator
City of Volga
PO Box 217
Volga SD 57071

Dear Mr. Bremseth:

I am writing in regard to the seven year review of Future Use Water Permit No. 6259-3 from groundwater (Big Sioux:Brookings Aquifer) held by the City of Volga. By law, all future use permits are to be reviewed by the Water Management Board every seven years to determine whether a reasonable need exists for the reserved water. The permit reserves water for future water supply needs for the city. Currently, our records show that 1,216 acre-feet remain in reserve under this future use permit that was issued in 2001 and last reviewed in 2008.

Please respond in writing by April 15, 2015 regarding the city's intention for the future use permit. If the city plans to retain the permit, then the response should outline a reasonable need for retaining the future use permit, including an estimate of future needs.

Permit No. 6259-3 will then be public noticed at the city's expense and scheduled for review before the Water Management Board pursuant to SDCL 46-5-38.1. Notice will be given of the hearing time and place at a future date. The purpose of this review is to determine if a reasonable need exists for retaining the permit. A fee will be charged if the Board allows the permit to remain in effect after the hearing. The fee to be assessed will be dependent upon the amount of water allowed to remain in reserve. If the entire 1,216 acre-feet remain in reserve, the fee will be \$165.00.

Please contact Eric Gronlund, if you have any questions.

Sincerely,

Karen Schlaak

Andrew Bremseth, City Administrator
City of Volga
PO Box 217
Volga SD 57071

Dear Mr. Bremseth:

On March 12, 2015, we notified you that Future Use Water Permit No. 6259-3 held by city was to be scheduled for review by the Water Management Board. To date, we have not received a response from you.

The future use permit was obtained by the city in 2001 to reserve water for future development. By state law, these permits are subject to review every seven years. Enclosed is a copy of the March 12th letter. If the city plans to retain the permit, then the response should outline a reasonable need for retaining the future use permit, including an estimate of future needs.

The Water Management Board will not schedule Permit No. 6259-3 for review until the above information has been submitted.

Please contact Eric Gronlund or me, if you have any questions.

Sincerely,

RE: Future Use Water Permit No. 6259-3

Dear Karen:

The City of Volga would like to retain the Future Use Water Permit No. 6259-3, which we presently hold. With the steady and impressive growth we have experienced and the expected future growth, both residentially and commercially, we need to ensure our future water capacity. It is a high priority of ours, as we continue to have commercial and industrial businesses relocating or looking to relocate within the City and several housing developments quickly filling up. The South Dakota Soybean Processors continue to explore the idea of expansion, which would greatly add to our water needs. We are currently working on a water facilities plan to ensure that our capacity remains at a sufficient level, which will be made possible with the continuation of our permit.

Please contact me at your convenience if you have any questions regarding our request at 627-9113.

Respectfully,

A handwritten signature in black ink, appearing to read "Andrew W. Bremseth".

RECOMMENDATION OF CHIEF ENGINEER FOR FUTURE USE WATER PERMIT
NO. 6259-3, City of Volga SD

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Future Use Water Permit No. 6259-3, City of Volga, PO Box 217, Volga SD 57071.

The Chief Engineer is recommending that Future Use Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) there is reasonable probability that there may be development of the water reserved under Permit No. 6259-3, 2) the city has demonstrated a reasonable need for the water reserved by Permit No. 6259-3, 3) the proposed use will be a beneficial use and 4) it is in the public interest.

Maintaining the effectiveness of Future Use Permit No. 6259-3 is subject to payment of the \$165.00 fee pursuant to SDCL 46-2-13(2) within 60 days of notice to the city after the Board hearing.

City of Volga
c/o Andrew W Bremseth, City Administrator
PO Box 217
Volga SD 57071

Dear Mr. Bremseth:

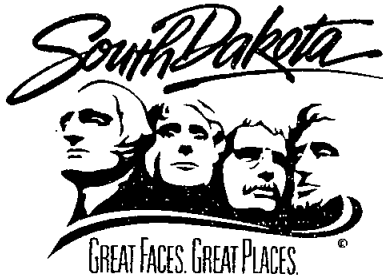

Future Use Permit No. 6259-3 will be reviewed for progress in the development and future plans for use of the water reserved. Water rights law requires publication of a notice in the county where water will be diverted or used. The notice of this review has been sent to the Publisher of the Brookings Register (605 692-6271). For your information, a copy of the Chief Engineer's recommendation is enclosed. Please review this notice prior to publication and notify this office, if you have any corrections or questions.

BE SURE TO CONTACT THE ABOVE NEWSPAPER IMMEDIATELY TO AUTHORIZE PUBLICATION OF THE NOTICE OF HEARING AND TO ARRANGE FOR PAYMENT. Early contact with the paper can eliminate delays. The publisher has been instructed to publish this notice on June 11, 2015. We must receive Proof of Publication before the future use review can be considered by the Water Management Board.

Sincerely,

Eric Gronlund
Natural Resources Engineer

NOTICE OF HEARING
TO REVIFW FUTURE
USE WATER PERMIT
NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, c/o Andrew W Bremseth, City Administrator, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. This permit was approved in 2001 and currently reserves 1,216 acre feet from groundwater (Big Sioux:Brookings Aquifer) located in the E 1/2 SE 1/4 Section 21-T110N-R51W for municipal use. Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Program recommends that Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) the reserved water may be developed, 2) there is need for the reserved water 3) the proposed use will be a beneficial use and 4) it is in the public interest.

The Water Management Board will conduct the hearing to review Future Use Permit No. 6259-3 at 10:00 am on July 8, 2015 at the Floyd Mathew Training Center, Joe Foss Bldg, 523 E Capitol, Pierre SD.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to 1) allow the permit to remain in effect, 2) amend the permit by adding qualifications, 3) cancel the permit for no development or no planned future development, or 4) take no action after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the permit owner and the Chief Engineer by June 29, 2015. The Chief Engineer's address is "Water Rights Program", Joe

Foss Building, 523 E Capitol Ave, Pierre SD 57501 (605 773-3352) and the permit holders mailing address is given above. The petition may be informal, but it must include a statement describing the petitioners interest in the future use permit, the reasons for petitioner's opposition to or support of continuing the future use permit, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The permit owner need not file a petition.

The hearing to review Future Use Permit No. 6259-3 will be conducted pursuant to the provisions of SDCL 46-1-14, 46-2-5, 46-2-9, 46-2-11, 46-5-38.1; Board Rules ARSD 74:02:01:25.01 thru 74:02:01:25.03 and contested case procedures contained in SDCL 1-26.

This hearing is an adversary proceeding. The permit owner or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not

exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Any person wishing a copy of the Chief Engineer's recommendation, further information on this permit, to assure access to the hearing by the handicapped or obtain an interpreter for the hearing impaired may contact Eric Gronlund, Water Rights Program, (605 773-3352) by June 29, 2015. The time of the hearing will be automatically delayed for at least 20 days upon written request of the permit owner or any person who has filed a petition to oppose or support continuance of the Future Use Permit. The request for a delay must be filed with the Chief Engineer by June 29, 2015. Steven M. Pirner, Secretary, Department of Environment and Natural Resources. Published once at the total approximate cost of \$36.34.

Instruction to Newspaper-Publish the following Notice on June 11, 2015. The permit owner is responsible for payment. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352 or email: Karen.schlaak@state.sd.us.

NOTICE OF HEARING TO REVIEW FUTURE USE WATER PERMIT NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, c/o Andrew W Bremseth, City Administrator, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. City of Volga
Michael Schulte, City Administrator
PO Box 217
Volga SD 57071

Dear Mr. Schulte:

I am writing in regard to the seven year review of Future Use Water Permit No. 6259-3 from the Big Sioux:Brookings Aquifer held by the City of Volga. By law, all future use permits are to be reviewed by the Water Management Board every seven years to determine whether a reasonable need exists for the reserved water. The permit reserves water for future water supply needs for the city. Currently, our records show that 572 acre-feet remain in reserve under this future use permit issued in 2001 and last reviewed in 2015. *1,216 AF*

Please respond in writing by April 15, 2022, regarding the city's intention for the future use permit. If the city plans to retain the permit, then the response should outline a reasonable need for retaining the future use permit, including an estimate of future needs.

Permit No. 6259-3 will then be public noticed at city's expense and scheduled for review before the Water Management Board pursuant to SDCL 46-5-38.1. Notice will be given of the hearing time and place at a future date. The purpose of this review is to determine if a reasonable need exists for retaining the permit. A fee will be charged if the Board allows the permit to remain in effect after the hearing. The fee to be assessed will be dependent upon the amount of water allowed to remain in reserve. If the entire 572 acre-feet remain in reserve, the fee will be \$105.00. *1,216 AF*

Please contact Ron Duvall or me, if you have any questions. *\$165.00*

Subject: Future Use Permits for Volga
Attachments: 3413.pdf

Mr. Schulte,

When preparing the public notice for review of Future Use Permit No. 6259-3, I realized an error was made in my March 17, 2022 letter to you (copy attached).

Volga has two future use permits both from the Big Sioux:Brookings Aquifer.
5875-3 has 572 acre-feet remaining in reserve and next review is in 2023
6259-3 has 1,216 acre-feet remaining in reserve.

My letter stated Permit No. 6259-3 had 572 acre-feet remaining in reserve which is incorrect. The correct amount is 1,216 acre-feet and if that amount is allowed to remain in reserve, the fee will be \$165.00. Just wanted you to be aware that the chief engineer will be recommending Permit No. 6259-3 remain in effect for 1,216 acre-feet and the fee will be \$165.00.

You will be getting information regarding the public notice early next week. Let me know if you have questions.

Karen Schlaak
Water Rights Program

Karen,

This letter is to provide the city's response to Volga Future Use Water Permit No. 6259-3 from the Big Sioux: Brookings Aquifer held by the City of Volga.

The city's intention is to utilize areas of the 572 acre piece of land for future well drilling and pumping to increase Volga's water distribution. We currently are planning to apply to the state to drill 2 new wells to pump approximately 200gpm from each well. A water study and recent amendment to the water study also projects that one more well to pump approximately 200 gpm will be needed by 2035 or earlier. The area is close to our current wellfield and water treatment building providing a close connection for future expansion.

The population of Volga has increased in the past decade with more houses planned to be built this year and in future years. Commercial businesses and industrial businesses also plan to increase or expand, which will increase the demand for more water.

Volga is also constructing a 750,000 gallon water tower to be in commission in late 2022. Volga applied to the DNR for water funding and received approval for funding on April 13, 2022 (application with Volga's water system information and planned projects attached to the email). - 145 pages (did not scan)

If there are any questions or further information is needed regarding our future use water permit, please contact me.

Sincerely,

Michael Schulte
City Administrator

**RECOMMENDATION OF CHIEF ENGINEER FOR FUTURE USE WATER PERMIT
NO. 6259-3, City of Volga**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Agriculture and Natural Resources concerning Future Use Water Permit No. 6259-3, City of Volga, PO Box 217, Volga SD 57071.

The Chief Engineer is recommending that Future Use Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) there is reasonable probability that there may be development of the water reserved under the permit, 2) the city has demonstrated a reasonable need for the water reserved by the permit, 3) the proposed use will be a beneficial use and 4) it is in the public interest.

Maintaining the effectiveness of Future Use Permit No. 6259-3 is subject to payment of the \$165.00 fee pursuant to SDCL 46-2-13(2) within 60 days of notice to the city after the Board hearing.

NOTICE OF HEARING
TO REVIEW FUTURE
USE WATER PERMIT
NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, Michael Schulte, City Administrator, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. This permit was approved in 2001 and currently reserves 1,216 acre-feet from the Big Sioux-Brookings Aquifer located in E 1/2 SE 1/4 Section 21-T10N-R51W for municipal use.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Program recommends that Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) the reserved water may be developed, 2) there is need for the reserved water 3) the proposed use will be a beneficial use and 4) it is in the public interest. The Chief Engineer's recommendation with qualifications is available at <https://danr.sd.gov/public> or contact Ron Duvall for this information, or other information, at the Water Rights Program address provided below.

The Water Management Board will conduct the hearing to review Future Use Permit No. 6259-3 on July 6, 2022, at 9:30 am (Central Time), Floyd Matthew Training Center, Joe Foss Bldg, 523 E Capitol Ave., Pierre SD.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to 1) allow the permit to remain in effect, 2) amend the permit by adding qualifications, 3) cancel the permit for no development or no planned future development, or 4) take no action after it reaches a conclusion based upon facts presented at the public hearing.

Any person who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, shall allege that the renewal of the future use permit, upon approval, will cause injury to the person that is unique from any injury suffered by the public in general. The injury must concern a matter either within the regulatory authority found in SDCL 46-2A-9 for approval or denial of the renewal, or other matter concerning the renewal within the regulatory authority of the board to act upon as defined by SDCL 46-2-9 and 46-2-11, or both. Any person meeting the petitioner requirements and wishing to be a party of record in a contested case hearing shall file a written petition with BOTH the permit owner and the Chief Engineer. A petition opposing the renewal shall be filed on a form provided by the Chief Engineer. The petition form is available online at <https://danr.sd.gov/public> or by contacting the Chief Engineer. The Chief Engineer's address is "Water Rights Program", Joe Foss Building, 523 E Capitol Ave, Pierre SD 57501 or call (605) 773-3352. The permit holder's mailing address is given above. If contesting the Chief Engineer's recommendation, the permit owner shall also file a petition. A petition filed by either an interested person or the permit owner must be filed by June 6, 2022. The petition shall be in writing and shall include a statement describing the unique injury upon renewal of the future use permit on the petitioner, the reasons for petitioner's opposition to renewal of the future use permit, and the name and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The hearing to review Future Use Permit No. 6259-3 will be conducted pursuant to the provisions of SDCL 46-1-14, 46-2-5, 46-2-9, 46-2-11, 46-5-38.1; Board Rules ARSD 74:02:01:25.01 thru 74:02:01:25.03; and contested case procedures contained in SDCL 1-26. This hearing is an adversary proceeding. The permit owner or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and

other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

The time of the hearing will be automatically delayed for at least 20 days upon written request of the permit owner or any person who has filed a petition to oppose renewal of the Future Use Permit. The request for a delay must be filed with the Chief Engineer by June 6, 2022.

Any interested person may file a comment on the future use permit renewal with the Chief Engineer. The comment shall be filed on a form provided by the Chief Engineer and is available online at <https://danr.sd.gov/public> or by calling (605) 773-3352 or writing the Chief Engineer at the address provided above. Filing a comment does not make the commenter a party of record or a participant in any hearing that may be held. Any comment must be filed by June 6, 2022.

Notice is given to individuals with disabilities that this hearing is being held in a physically accessible place. Please notify the Department of Agriculture and Natural Resources at least 48 hours before the hearing if you have a disability for which special arrangements must be made at the hearing. The telephone number for making arrangements is (605) 773-3352.

Under SDCL 1-26-17(7) notices must state that "if the amount in controversy exceeds \$2,500.00 or if a property right may be terminated, any party to the contested case may require the agency to use the Office of Hearing Examiners by giving notice of the request to the agency no later than ten days after service of a notice of hearing issued pursuant to SDCL 1-26-17." This is a Notice of Hearing, service is being provided by publication, and the applicable date to give notice to the Chief Engineer is June 6, 2022. However, since this particular matter is a future use permit renewal and not a monetary controversy in excess of \$2,500.00 or termination of a property right the Chief Engineer disputes the applicability of this provision and maintains that the hearing must be conducted by the Board. Published 1X at the total approximate cost of \$70.12.

Michael Schulte, City Administrator
PO Box 217
Volga SD 57071

Dear Mr. Schulte:

Future Use Permit No. 6259-3 will be reviewed for progress in the development and future plans for use of the water reserved. Water rights law requires publication of a notice in the county where water will be diverted or used. Notice of this review has been sent to the Brookings Register (605 692-6271). For your information, a copy of the Chief Engineer's recommendation is enclosed. Please review this notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper immediately to authorize publication of the notice of hearing and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish this notice on May 26, 2022. We must receive Proof of Publication before the future use review can be considered by the Water Management Board.

Sincerely,

Karen Schlaak

Instruction to Newspaper - Publish the following Notice on May 26, 2022.
The City of Volga is responsible for payment.

NOTICE OF HEARING TO REVIEW FUTURE USE WATER PERMIT NO. 6259-3

Notice is given that the Water Management Board will review Future Use Permit No. 6259-3 held by the City of Volga, Michael Schulte, City Administrator, PO Box 217, Volga SD 57071 for progress made in the development of the water reserved by the Permit and future plans for development of the water reserved by Permit No. 6259-3. This permit was approved in 2001 and currently reserves 1,216 acre-feet from the Big Sioux:Brookings Aquifer located in E 1/2 SE 1/4 Section 21-T110N-R51W for municipal use.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Program recommends that Permit No. 6259-3 REMAIN in EFFECT for 1,216 acre-feet annually because 1) the reserved water may be developed, 2) there is need for the reserved water 3) the proposed use will be a beneficial use and 4) it is in the public interest. The Chief Engineer's recommendation with qualifications is available at <https://danr.sd.gov/public> or contact Ron Duvall for this information, or other information, at the Water Rights Program address provided below.

The Water Management Board will conduct the hearing to review Future Use Permit No. 6259-3 on July 6, 2022, at 9:30 am (Central Time), Floyd Matthew Training Center, Joe Foss Bldg, 523 E Capitol Ave., Pierre SD.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to 1) allow the permit to remain in effect, 2) amend the permit by adding qualifications, 3) cancel the permit for no development or no planned future development, or 4) take no action after it reaches a conclusion based upon facts presented at the public hearing.

Any person who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, shall allege that the renewal of the future use permit, upon approval, will cause injury to the person that is unique from any injury suffered by the public in general. The injury must concern a matter either within the regulatory authority found in SDCL 46-2A-9 for approval or denial of the renewal, or other matter concerning the renewal within the regulatory authority of the board to act upon as defined by SDCL 46-2-9 and 46-2-11, or both. Any person meeting the petitioner requirements and wishing to be a party of record in a contested case hearing shall file a written petition with BOTH the permit owner and the Chief Engineer. A petition opposing the renewal shall be filed on a form provided by the Chief Engineer. The petition form is available online at <https://danr.sd.gov/public> or by contacting the Chief Engineer. The Chief Engineer's address is "Water Rights Program", Joe Foss Building, 523 E Capitol Ave, Pierre SD 57501" or call (605) 773-3352. The permit holder's mailing address is given above. If contesting the Chief Engineer's recommendation, the permit owner shall also file a petition. A petition filed by either an interested person or the permit owner must be filed by June 6, 2022.

The petition shall be in writing and shall include a statement describing the unique injury upon renewal of the future use permit on the petitioner, the reasons for petitioner's opposition to renewal of the future use permit, and the name and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The hearing to review Future Use Permit No. 6259-3 will be conducted pursuant to the provisions of SDCL 46-1-14, 46-2-5, 46-2-9, 46-2-11, 46-5-38.1; Board Rules ARSD 74:02:01:25.01 thru 74:02:01:25.03; and contested case procedures contained in SDCL 1-26. This hearing is an adversary proceeding. The permit owner or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

The time of the hearing will be automatically delayed for at least 20 days upon written request of the permit owner or any person who has filed a petition to oppose renewal of the Future Use Permit. The request for a delay must be filed with the Chief Engineer by June 6, 2022.

Any interested person may file a comment on the future use permit renewal with the Chief Engineer. The comment shall be filed on a form provided by the Chief Engineer and is available online at <https://danr.sd.gov/public> or by calling (605) 773-3352 or writing the Chief Engineer at the address provided above. Filing a comment does not make the commenter a party of record or a participant in any hearing that may be held. Any comment must be filed by June 6, 2022.

Notice is given to individuals with disabilities that this hearing is being held in a physically accessible place. Please notify the Department of Agriculture and Natural Resources at least 48 hours before the hearing if you have a disability for which special arrangements must be made at the hearing. The telephone number for making arrangements is (605) 773-3352.

Under SDCL 1-26-17(7) notices must state that "if the amount in controversy exceeds \$2,500.00 or if a property right may be terminated, any party to the contested case may require the agency to use the Office of Hearing Examiners by giving notice of the request to the agency no later than ten days after service of a notice of hearing issued pursuant to SDCL 1-26-17." This is a Notice of Hearing, service is being provided by publication, and the applicable date to give notice to the Chief Engineer is June 6, 2022. However, since this particular matter is a future use permit renewal and not a monetary controversy in excess of \$2,500.00 or termination of a property right the Chief Engineer disputes the applicability of this provision and maintains that the hearing must be conducted by the Board.

Published once at the approximate cost of _____.

RE: Reduction of Future Use

COMMENTS:

Water Permit No. 8640-3 authorizes a total annual diversion of 645 AF of water. This water was reserved by Permit No. 6259-3.

Future Use Permit No. 6259-3 authorizes 1,216 AF minus 645 AF which leaves 571 AF remaining in the future use permit.

Karen Schlaak
