

WATER PERMIT NO. 6303-3

Name of Applicant: Richard Lind

Address: 30720 University Rd, Vermillion SD 57069

Phone: 605 253-2546

Amount of Water Claimed: no add'l

Total Acres: 80

Source of Water Supply: groundwater

Water to be used for: irrigation

County: Clay

Type of Waste Disposal System:

Location: 10 miles north of Vermillion

PRIORITY Date Received: 1-31-2002

Fee: \$225

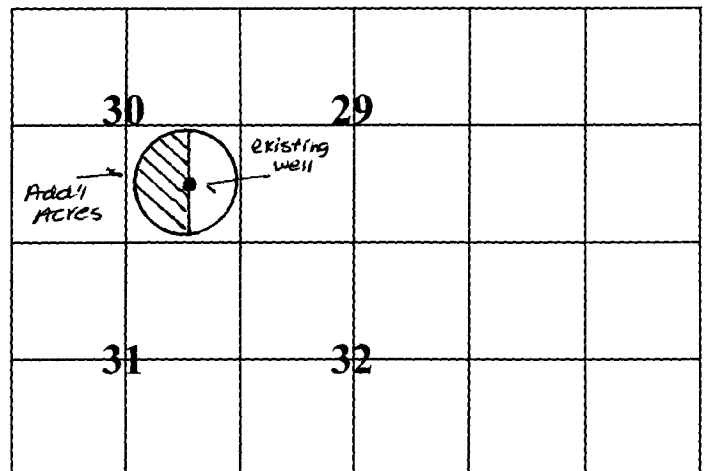

Corrected Application Received: 2-21-2002

Period of Annual Use: April 1 – September 30

Remarks: using existing well authorized by Water Right No. 6033-3 to irrigate 80 add'l acres

Diversion Point: center SE ¼ Sec 30-T94N-R51W

Land to be Irrigated: E ½ SE ¼ Sec 30-
T94N-R51W

Depth of Well: 100

Well Driller: : Wetmore Drilling

Remarks:

Type of Map: aerial

Prepared by: Mary White, Clay County FSA

Notice of Hearing - date to intervene: _____

SOUTH DAKOTA
WATER PERMIT NO. 6303-3

Date of first receipt of application January 31, 2002.

Date of return to applicant for corrections, amendments or changes February 1, 2002.

Date of receipt of corrected application February 21, 2002.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6303-3 to Richard Lind, 30720 University Rd, Vermillion SD 57069 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6303-3 authorizes irrigation of 80 additional acres located in the W $\frac{1}{2}$ SE $\frac{1}{4}$ Section 30, T94N, R51W from the existing well authorized by Water Permit No. 6033-3. The existing permit appropriates 1.78 cfs from one well (Lower Vermillion:Missouri Aquifer) 80 feet deep located in the center of the SE $\frac{1}{4}$ Section 30 to irrigate 80 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 30; all in T94N, R51W. This permit allows the center pivot to make a full rotation in the SE $\frac{1}{4}$ of Section 30. No increase in the diversion rate of 1.78 cfs is authorized by this permit.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 – September 30.
3. The date from which applicant may claim right is January 31, 2002.
4. The date of approval of Permit No. 6303-3 is April 22, 2002.
5. One-fifth of the construction is to be completed on or before October 22, 2004.
6. All construction is to be completed on or before April 22, 2007.
7. Water is to be put to beneficial use on or before April 22, 2011.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

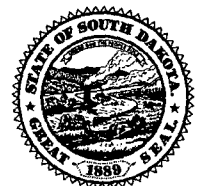

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

REPORT ON WATER PERMIT APPLICATION NOS. 6302-3 & 6303-3
For Richard Lind
March 25, 2002

Application No. 6302-3 proposes to appropriate 0.34 cfs from an existing 104 feet deep well located in the center of the SW $\frac{1}{4}$ of section 29 to irrigate 80 acres located in the S $\frac{1}{2}$ NW $\frac{1}{4}$ of section 32; all in T94N R51W in Clay County. Currently, water right No. 3197-3 appropriates 1.44 cfs from this well to irrigate the E $\frac{1}{2}$ SE $\frac{1}{4}$ of section 29 and the N $\frac{1}{2}$ NW $\frac{1}{4}$ of section 32; all in T94N R51W. This application and the existing right combined will appropriate 1.88 cfs for irrigation of 220 acres.

Application No. 6303-3 proposes to appropriate no additional water from an existing well about 80 feet deep located in the center of the SE $\frac{1}{4}$ of section 30 to irrigate 80 acres located in the W $\frac{1}{2}$ SE $\frac{1}{4}$ of section 30; all in T94N R51W in Clay County. Currently water permit No. 6033-3 appropriates 1.78 cfs from this well to irrigate 80 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$ of section 30. This application will allow the center pivot to make a full rotation in the SE $\frac{1}{4}$ of section 30. This application and the existing permit combined will appropriate 1.78 cfs for irrigation of 160 acres.

AQUIFER – LOWER VERMILLION MISSOURI (LVM)

The Lower Vermillion Missouri aquifer is predominantly a buried outwash (sand and gravel) which is under slight artesian conditions in this area but is generally under water table conditions in Clay County. The aquifer underlies 100,800 acres and contains an estimated 1.5 million acre-feet of recoverable water in storage in Clay County (Hedges, 1982). The general movement of ground water is from north to south with lateral movement toward the Vermillion River which acts as a discharge/recharge zone for the aquifer (Christensen, 1967).

Logs for the two existing irrigation wells are available. Both logs indicate slight artesian conditions and the well for water permit 6033-3 indicates 30 feet of drawdown when pumping at a rate of 1100 gpm. This equates to a specific capacity of 36.6 gpm/ft of drawdown. Both wells were completed after penetrating the aquifer 50 to 60 feet and not to the bottom of the aquifer.

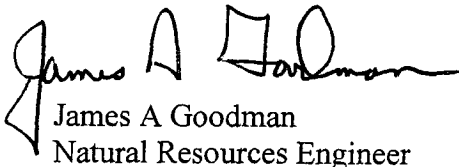

The Water Right Program monitors two observation wells CL-80H and CL-80I, which are, located about 1 $\frac{1}{2}$ miles southeast and 2 $\frac{1}{2}$ miles west of these applications. Water levels for these wells show good response to climatic conditions, that is, rising water levels during wet years (recharge) and gradually declining water levels during dry years. Hydrographs for these two wells are included with this report. The water level record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2002).

REVIEW OF EXISTING WATER PERMITS/RIGHTS

The two existing water permits/rights are held by the applicant. The two existing irrigation wells are approximately ½ mile apart. Drawdown created by pumping would extend from one well to the other but should not be significant. This is shown by the observation well hydrographs that do not fluctuate very much. Interference is not a concern.

CONCLUSIONS

1. Water is available from the Lower Vermillion Missouri aquifer.
2. The aquifer is under slightly artesian conditions at this site. However, drawdown is not expected to be significant. Interference is not a concern.
3. These are existing wells and the 1997 (for No. 6033-3) well has been constructed in accordance with SD Well Construction Standards.

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6303-3, Richard Lind**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6303-3, Richard Lind, 30720 University Road, Vermillion SD 57069.

The Chief Engineer is recommending APPROVAL of Application No. 6303-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

NOTICE OF APPLICATION NOS. 6302-3 AND 6303-3 TO APPROPRIATE WATER

Notice is given that Richard Lind, 30720 University Rd., Vermillion, SD 57069 has filed the following applications for water permits.

Application No. 6302-3 appropriates 0.34 cubic feet of water per second (cfs) from one existing well (Lower Vermillion: Missouri Aquifer) 104 feet deep located the center of the SW 1/4 Section 29 to irrigate 80 acres located in the S 1/2 NW 1/4 Section 32, all in T94N-R51W. Currently, Water Right No. 3197-3 appropriates 1.44 cfs from this well to irrigate the E 1/2 SE 1/4 Section 29 and the N 1/2 NW 1/4 Section 32, T94N-R51W.

Application No. 6303-3 proposes to irrigate 80 additional acres located in the W 1/2 SE 1/4 Section 30, T94N, R51W from the existing well authorized by Water Permit No. 6033-3. This existing permit appropriates 1.78 cfs from one well (Lower Vermillion: Missouri Aquifer) 80 feet deep located in the center of the SE 1/4 Section 30 to irrigate 80 acres in the E 1/2 SE 1/4 of Section 30; all in T94N, R51W. This application is to allow the center pivot to make a full rotation in the SE 1/4 of Section 30. No increase in the diversion rate of 1.78 cfs is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6302-3 and 6303-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the applications or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E. Capitol, Pierre, SD 57501 (605)-773-3352" and the appli-

cant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 22, 2002.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications.

Vermillion, SD 57069

Dear Mr. Lind:

Water Permit Application Nos. 6302-3 & 6303-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Plain Talk printed at Vermillion, SD (Ph # 605-624-2695). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendations of the Chief Engineer and reports on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

NOTICE OF APPLICATION NOS. 6302-3 and 6303-3 to Appropriate Water

Notice is given that Richard Lind, 30720 University Rd, Vermillion SD 57069 has filed the following applications for water permits.

Application No. 6302-3 appropriates 0.34 cubic feet of water per second (cfs) from one existing well (Lower-Vermillion:Missouri Aquifer) 104 feet deep located the center of the SW $\frac{1}{4}$ Section 29 to irrigate 80 acres located in the S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 32; all in T94N-R51W. Currently, Water Right No. 3197-3 appropriates 1.44 cfs from this well to irrigate the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 29 and the N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 32, T94N-R51W.

Application No. 6303-3 appropriates no additional water from one existing well (Lower Vermillion:Missouri Aquifer) 80 feet deep located in the center of the SE $\frac{1}{4}$ Section 30 to irrigate 80 acres located in the W $\frac{1}{2}$ SE $\frac{1}{4}$ Section 30; all in T94N-R51W. Currently Water Permit No. 6033-3 appropriates 1.78 cfs from this well to irrigate 80 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 30. This application is to allow the center pivot to make a full rotation in the SE $\frac{1}{4}$ of Section 30.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6302-3 and 6303-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the applications or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 22, 2002.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Richard Lind
30720 University Road
Vermillion, SD 57069

Dear Mr. Lind:

Enclosed are Water Permit Nos. 6302-3 and 6303-3 authorizing construction of your water diversion systems and beneficial use of the water, not exceeding the limits as specified in the Water Permits.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer

I have completed the construction of the water use system and I have put the water to beneficial use to the maximum extent it is going to be used.

Water Permit No 6303-3 states that the water use system is to be constructed by6-15-02, and water is to be put to beneficial use by 6-15-02.
(date) (date)The water use system was completed on 6-20-02.
(date)Applying the water to beneficial use was completed on 6-20-02.
(date)

You may schedule an investigation so that the water license may be issued.

Richard N Lind

Permit Nos. 6033-3 and 6303-3
Vermillion River - Water District

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, August 24, 2005, made a thorough examination of the water use system constructed by Richard Lind of 30720 University Road, Vermillion SD 57069 holder of Permit Nos. 6033-3 and 6303-3, bearing the priority of November 20, 1997 and January 31, 2002 authorizing the diversion of 1.78 cu. ft. per second of the waters of Lower Vermillion:Missouri Aquifer for irrigation purposes, in Clay County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

An 80 feet deep well equipped with a 40 HP motor

B. Works used to transport water to place of use:

Well is located at pivot point

C. Works used to apply water to beneficial use:

A Zimmatic low pressure center pivot (standard quarter section / 132 acreage coverage)

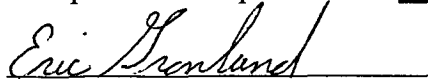

The system is in the following condition good. The point of diversion is located in the approximate center of the SE quarter of Section 30, T94N, R51W (Lat/Lon N 42.92805 W-096.90925). The works are capable of diverting and conveying to the place of use 1.78 cu. ft. per second of water which is to be used for irrigation use. Water has been put to beneficial use to the maximum extent as follows: **all in Section 30, T94N, R51W**

NW ¼ SE ¼	33 acres	SW ¼ SE ¼	33 acres
NE ¼ SE ¼	33 acres	SE ¼ SE ¼	33 acres

comprising a total of 132 acres of land and the license should be issued for 1.78 cfs.

Applicable permit qualifications have been complied with: Yes

Exceptions to compliance are: none Date Report Completed: January 28, 2005

Eric Gronlund

Pivot Point and Well for System authorized by Water Permit Nos. 6033-3 & 6303-3
(these water permit will be incorporated into one water license)

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 6303-3

(1) Richard Lind, 30720 University Road, Vermillion SD 57069 made Application No. 6303-3, January 31, 2002 for a water permit to divert no additional water from groundwater (one existing well), Clay County, South Dakota for irrigation purposes. Permit No. 6303-3, with a priority date of January 31, 2002 was approved April 22, 2002 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before April 22, 2007 and for the application to beneficial use of water on or before April 22, 2011.

Water Permit No. 6033-3, with a priority date of November 20, 1997, authorized 1.78 cubic feet of water per second to irrigate the E ½ SE ¼ Section 30-T94N-R51W. The applicable portions of No. 6033-3 are incorporated into No. 6303-3.

(2) The water supply system has been completed and water applied to beneficial use in accordance with South Dakota State Law. Pursuant to South Dakota Codified Law 46-5-30.1, the holder and/or owner of Incorporated Water Right No. 6303-3 is issued a license, bearing priority dates of November 20, 1997 (E ½ SE ¼ Sec 30) and January 31, 2002 (W ½ SE ¼ Sec 30) to appropriate 1.78 cubic feet of water per second from groundwater (one well) to irrigate 132 acres.

The diversion point is located: approximate center of southeast quarter of Section 30-T94N-R51W. The acres authorized for irrigation are as follows:

Section 30-T94N-R51W	NW ¼ SE ¼	33 acres
	NE ¼ SE ¼	33 acres
	SW ¼ SE ¼	33 acres
	SE ¼ SE ¼	33 acres
Total 132 acres		

(3) This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Permit No. 6303-3 including the following now applicable qualifications:

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- The well authorized by this Permit shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
- Pursuant to SDCL 46-5-6, this permit authorizes a maximum diversion rate of 1.78 cfs. Diversions may not exceed 2 acre feet of water per acre per year.
- This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Dear Mr. Lind:

Enclosed is Water License No. 6303-3. This is the final water right document completing your process of obtaining a Water Right.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program
(605) 773-3352

NOTE: The applicable portions of No. 6033-3 are incorporated into Water License No.6303-3.

Dear Mrs. Lind:

I am writing to acknowledge receipt and thank you for the prompt return of the 2011 irrigation questionnaires. I note from the forms that ownership changes are needed.

Enclosed are partially completed Notice of Transfer of Ownership forms for filing the ownership changes. Please review the forms and make any necessary corrections. Upon completion, please sign and return them to our office with a required filing fee of \$50.00 each (total of \$150.00). The check or money order for the fee can be made payable to the Water Rights Program.

If you have any questions, please contact me.

Sincerely,

Genny McMath

Pierre, SD 57501-3182

Dear Ms. McMath:

I am writing to you on behalf of Thelma Lind. Thelma requested you to take the steps to transfer ownership of water rights numbered 6302-3, 6303-3, and 7217-3. Thelma requested you transfer them into her name. They were formerly owned by Richard Lind.

Pursuant to Richard Lind's Will he transferred everything that he owned at the time of his death into the Richard Lind Revocable Trust dated June 11, 2008.

We have applied for a federal ID number for the Richard Lind Revocable Trust. That number is 26-6583788. Thelma R. Lind is the trustee of the trust.

We apologize for this inconvenience. However, could you change the notice of transfer of ownership forms so as to transfer the ownership to Thelma R. Lind as trustee of the Richard Lind Revocable Trust dated June 11, 2008. Then would you please send the forms back to me so I can meet with Thelma and she can execute those.

Sincerely yours,

Michael J. McGill

WATER RIGHTS
PROGRAM

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 6303-3

Date: 11-22-11

I/We request that Water Right No. 630³~~2~~-3

formerly owned by: Richard Lind

be transferred to: (name & address) Thelma R. Lind and Ron Lind, as Co-Trustees of the Richard N. Lind Revocable Trust, under agreement dated June 8, 2008, of 30720 University Road, Vermillion, South Dakota, 57069 Telephone No. 605-253-2546

Title to the following described land(s)/property has been transferred as described above:

132 acres – SE ¼ Section 30, T94N, R51W

I/We understand that the validity of Water Right No. 6303-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Ronald Lind and Thelma Lind
as Co-Trustees of the Richard
Lind Revocable Trust, the new owner, certify that the above information is true and correct.

Ronald Lind
Thelma Lind
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
