

WATER PERMIT NO. 6327-3

Name of Applicant: City of Webster

Address: PO Box 539, Webster SD 57274 Phone: 605 345-3241

Amount of Water Claimed: 0.56 cfs (250 gallons per minute) Total Acres: 11

Source of Water Supply: groundwater

Water to be used for: irrigation County: Day

Type of Waste Disposal System:

Location: southeast edge of Webster

PRIORITY Date Received: 5-1-2002

Application/License Fee: \$200

Corrected Application Received: 6-12-2002

Period of Annual Use: April 15 – November 1

Remarks: for irrigation of baseball/softball complex

Diversion Point: SE ¼ SE ¼ Sec 36-T122N-R56W

Land to be Irrigated: (Lots 1-19 McKennett's
Subdivision) Sec 36-T122N-R56W

Depth of Well: 200 feet

Well Driller: : _

Remarks:

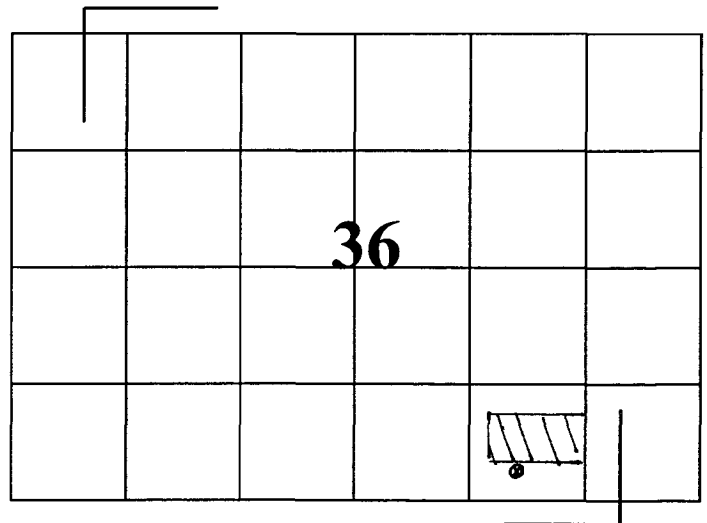

Type of Map: plat

Notice of Hearing - date to intervene: _____

**SOUTH DAKOTA
WATER PERMIT NO. 6327-3**

Date of first receipt of application May 10, 2002.

Date of return to applicant for corrections, amendments or changes May 16, 2002.

Date of receipt of corrected application May 28, 2002.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6327-3 to the City of Webster,
PO Box 539, Webster SD 57274 authorizing the construction of the water use system and the placing of water to
beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6327-3 appropriates 0.56 cubic feet of water per second (250 gallons per minute) from one well (Prairie Coteau) 200 feet deep located in the SE ¼ SE ¼ Section 35 to irrigate 11 acres of the baseball/softball complex located in the SE ¼ SE ¼ (Lots 1-19 McKennett's Subdivision) Section 35; all in T122N-R56W.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 15 – November 1.
3. The date from which applicant may claim right is May 10, 2002.
4. The date of approval of Permit No. 6327-3 is September 5, 2002.
5. One-fifth of the construction is to be completed on or before March 5, 2005.
6. All construction is to be completed on or before September 5, 2007.
7. Water is to be put to beneficial use on or before September 5, 2011.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6327-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6327-3 authorizes a maximum diversion rate of 0.56 cfs for the irrigation of 11 acres with an annual volume not to exceed 2 acre-feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

May 16, 2002

City of Webster
Adrian Rumpza, Water Superintendent
PO Box 539
Webster SD 57274

Dear Mr. Rumpza:

Thank you for submitting the *Application for a Permit to Appropriate Water* for the baseball/softball complex for the City of Webster. In order to complete the application the following items are required.

Please submit a map showing the location of the well in relation to a government section corner or quarter corner by direction and distance is required. On the map, please outline the acreage you intend to irrigate. The map must be signed by one of the following: Registered Land Surveyor, Registered Professional Engineer or by any other government employee who normally prepares maps as a part of his assigned duties (i.e. aerial photo from local NRCS office).

Item No. 2 of the application indicates the amount of water claimed to be 250 gallons per minute (gpm). State Statutes limit diversions to 1 cubic foot of water per second (cfs) for each 70 acres irrigated. This would mean that you are allowed approximately 70 gpm for the 11 acres to be irrigated. We understand that in order to accommodate the irrigation of turf for this complex, a greater diversion rate is required. Please justify in writing your request for a diversion rate greater than the statutory limit.

Please submit a well log or test hole log signed by a licensed South Dakota well driller.

We have received the check for \$325. The application/license filing fee based on the number of acres to be irrigated will be \$200. After the permit is approved, we will refund \$125 of the fee.

If you have any questions, please contact me.

Sincerely,

Karen Schlaak

Pierre SD 57274

Dear Ms. Schlaak,

The City of Webster is requesting that the gallons per minute rate for the new well be set at the maximum rate of 250 gallons per minute. We feel we will need this capacity for the proper irrigation of the new Baseball/Softball Complex. We have based this on the information received by the company which installed the system.

We have not drilled a test well at this time. We are estimating that it will be a least 5 to 6 weeks before we will be drilling. We are using the information from other wells in the area for our estimates of depth and availability.

If there are any questions, please contact City Hall at 605-345-3241 or Adrian Rumpza, Water Superintendent at 605-345-4032.

Sincerely,

Adrian Rumpza
Water Superintendent

RE: City of Webster

Dear Mr. Anderson:

Enclosed is the map you prepared for the baseball/softball complex for the City of Webster. The map is being returned in order for the proposed well location to be marked with an "X". Also, the map must reference a government section corner or quarter corner and the acres to be irrigated should be outlined.

Upon receipt of the correct map, further processing of the application will continue. If you have any questions, please contact me.

Sincerely,

Karen Schlaak

REPORT ON WATER PERMIT APPLICATION NO. 6327-3
For the City of Webster
July 31, 2002

Application No. 6327-3 proposes to appropriate 0.56 cfs (250 gpm) from one well approximately 200 feet deep located in the SE ¼ SE ¼ of section 35 to irrigate 11 acres of the baseball/softball complex located in the SE ¼ SE ¼ (Lots 1-19 McKennett's Subdivision) of section 35; all in T122N R56W in Day County. The City is requesting a diversion rate greater than the statutory limit of one cfs per 70 acres.

AQUIFER – PRAIRIE COTEAU (PCO)

The Prairie Coteau is a buried outwash (sand and gravel) which is under artesian conditions at this site. The name Prairie Coteau is a “catch all” for all the potential aquifers between the surficial and basal systems (Hedges, 1982). The aquifer underlies 500,000 acres and contains an estimated 675,000 acre-feet of recoverable water in storage in Day County (Hedges, 1982). The aquifer extends into Codington and Clark Counties to the south, Roberts County to the east and into Marshall County to the north. The aquifer is not well defined or mapped. In the city study for Webster the Prairie Coteau aquifer is referred to as the 200 feet deep outwash (Barari, 1974).

No test well data was supplied with the application. Data from the study for the City of Webster indicates that the aquifer should be present at this site and be approximately 20 feet thick (see map on page 6) (Barari, 1974).

The Water Rights Program does not monitor any observation wells completed into the Prairie Coteau aquifer in this area. The nearest observation well is located about ten miles southeast of this application and water levels for this well area probably not representative of the water levels in the Webster area. In general, ground water levels in Day County have risen over the last decade in response to wet climatic conditions.

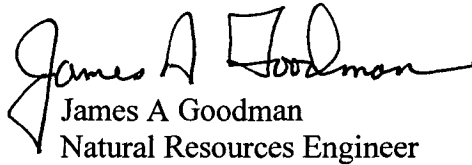

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There are four existing water permits/rights within a three-mile radius of this application, which obtain water from the Prairie Coteau aquifer. Two of these rights Nos. 567-3 and 1865-3 are for the city of Webster, which now obtains water from WEB Rural Water system. The other two are water right No. 5047-3 and water permit No. 6313-3 which both are for ready mix facilities. Interference is not a concern. This proposed well is located about one mile from the nearest permitted well and drawdown created by pumping is not expected to be significant.

CONCLUSIONS

1. Water is available from the Prairie Coteau aquifer.

2. The aquifer is confined and under artesian conditions. Pumping will create drawdown but this is not expected to cause any adverse effects. Interference is not a concern.
3. The well authorized by this application must be constructed in accordance with SD Well Construction Standards.
4. This application requests a diversion rate, which is greater than the authorized one cfs for 70 acres. This is a reasonable request for irrigation of playing fields.

James A Goodman
Natural Resources Engineer

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6327-3, City of Webster**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6327-3, City of Webster, c/o Mayor Michael Grosek, PO Box 539, Webster SD 57274.

The Chief Engineer is recommending APPROVAL of Application No. 6327-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6327-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6327-3 authorizes a maximum diversion rate of 0.56 cfs for the irrigation of 11 acres with an annual volume not to exceed 2 acre-feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Dear Mr. Rumpza:

Water Permit Application No. 6327-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Reporter & Farmer printed at Webster, SD (Ph # 605-345-3356). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

SEP 20 2002

City of Webster
Adrian Rumpza, Water Superintendent
PO Box 539
Webster SD 57574

Dear Mr. Rumpza:

Enclosed is Water Permit No. 6327-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

The application was submitted with a \$325 fee. Based on the number of acres to be irrigated, the application/license fee is \$200. Therefore, the additional \$125 will be refunded to the city. The refund check should be received within the next couple of weeks.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer

I have completed the construction of the water use system and I have put the water to beneficial use to the maximum extent it is going to be used.

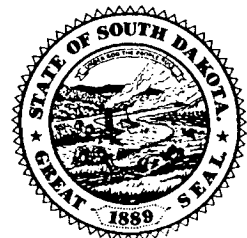

Water Permit No. 6327-3 states that the water use system is to be constructed by
September 5, 2007, and water is to be put to beneficial use by September 5, 2011.
(date) (date)

The water use system was completed on September 13, 2002.
(date)

Applying the water to beneficial use was completed on September 13, 2002.
(date)

You may schedule an investigation so that the water license may be issued.

Report of Examination of Works and/or Application of Water to Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, June 20, 2006, made a thorough examination of the water use system constructed by the City of Webster of P.O. Box 539, Webster, SD 57274 holder of Permit No. 6327-3, bearing the priority of May 10, 2002 authorizing the diversion of 0.56 cu. ft. per second of the waters of Prairie Coteau Aquifer for Irrigation purposes, in Day County.

Inspection contact & relationship **Adrian Rumpza, Water Superintendent 345-3241**
to permit holder, if applicable:

A. Works used to divert the water:

Well Information:

- 1) Well Drilling Firm: Jennings Well Drilling, Inc.
- 2) No. of Wells 1
- 3) Depth(s) 300 feet
- 4) Well log is available X *yes*

Casing:

- 1) Diameter 8 inches
- 2) Length 288 feet
- 3) Type PVC

Screen:

- 1) Type 8 inch Johnson Stainless Steel
- 2) Length 12 feet

Pump:

- 1) Make UFD
- 2) Size 15 hp
- 3) Capacity 250 GPM

Chemigation Equipment:

- 1) Does chemigate N

B. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by Y
- 2) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period Y
- 3) Exceptions to compliance are: None

The system is in Excellent condition with the point(s) of diversion located as follows: Approximately 575 feet north and 700 feet west of the SE corner of Section 35-T122N-R56W (N 45.32813, W -97.51249). The works are capable of diverting and conveying to the place of use 0.56 cu. ft. per second of water which is to be used for Irrigation of the baseball/softball complex. Water has been put to beneficial use to the maximum extent as follows:

Section 35-T122N-R56W

SE ¼ SE ¼ -7 acres

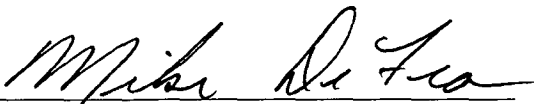

comprising a total of 7 acres of land and the license should be issued for 0.56 cfs.

All structures, wells and lands on map Y

Comments or other permit(s) associated with the project:

South Dakota Codified Law (SDCL) 46-5-6 allows for the appropriation of water for irrigation purposes without the one cfs per seventy-acre if the method of irrigation, time constraints, or type of soils so require. The annual volume of water delivered to the land may not be greater than ~~three~~ ^{two} acre-feet per year.

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 6327-3

(1) City of Webster, PO Box 539, Webster SD 57274 made Application No. 6327-3, May 10, 2002 for a water permit to divert 0.56 cubic feet of water per second from ground water (one well - Prairie Coteau Aquifer), Day County, South Dakota for irrigation purposes. Permit No. 6327-3, with a priority date of May 10, 2002 was approved September 5, 2002 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before September 5, 2007 and for the application to beneficial use of said water on or before September 5, 2011.

The Permit holder submitted a *"Notice of Completion of Works and Application of Water to Beneficial Use"* on October 3, 2002. The *"Notice"* stated the water use system was completed and water placed to beneficial use on September 13, 2002.

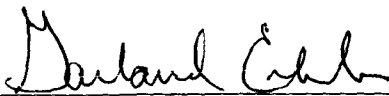

(2) It is certified that the permit holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.56 cubic feet of water per second for beneficial use. The location of the diversion point is approximately 575 feet north and 700 feet west of the SE corner of Section 35, T122N, R56W (SE ¼ SE ¼).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate 7 acres in the SE ¼ SE ¼ Section 35, T122N, R56W (in McKennett's Subdivision).

(4) Pursuant to South Dakota Water Law 46-5-30.1 the City of Webster the holder and/or owner of Water Right No. 6327-3 is issued a license to appropriate water, the right to use 0.56 cubic feet of water per second from ground water (one well - Prairie Coteau Aquifer) with a priority date of May 10, 2002 from the location specified in (2) of this license. The water is to be conducted to and upon lands specified in (3) of this license for the purpose of irrigation.

This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Right No. 6327-3 and subject to the following qualifications:

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- The well authorized by Permit No. 6327-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
- Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6327-3 authorizes a maximum diversion rate of 0.56 cfs for the irrigation of the acres with an annual volume not to exceed 2 acre-feet of water per acre per year.
- This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Adrian Rumpza, Water Superintendent
City of Webster
PO Box 539
Webster SD 57274-0539

Dear Mr. Rumpza:

Enclosed is Water License No. 6327-3. This is the final water right document completing your process of obtaining a Water Right. Also enclosed is a map prepared by the staff engineer who conducted the field investigation.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 6327-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

NOTICE

TO: CITY OF WEBSTER, ARLIE LARSON, WATER SUPT, PO BOX 539, WEBSTER, SD 57274
0539

FROM: Ron Duvall, Engineer III
for Eric Gronlund, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2023 Irrigation Questionnaire(s)

Our records indicate your 2023 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 6327-3. The request for the Questionnaire was dated October 20, 2023. The Water Management Board has directed owners of water permits who have not submitted the 2023 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 6327-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

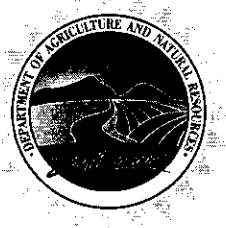

The hearing will be held at **Wednesday, March 6, 2024 at 9:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 6327-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 6, 2024** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Amanda Dewell at (605) 773-3352 or email at amanda.dewell@state.sd.us. **If you prefer, you can complete the questionnaire online at the following link: <https://danr.sd.gov/iq> using this password: OKAIUL**

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.
