**SOUTH DAKOTA
WATER PERMIT NO. 6503-3**

Date of first receipt of application April 26, 2004.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6503-3 to Michael J Rozell, 32955 476th Ave, Elk Point SD 57025 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6503-3 appropriates 1.0 cubic feet of water per second from one well (Missouri Elk Point Aquifer) 131 feet deep located in the SE ¼ SW ¼ Section 6 to irrigate 73 acres located in the S ½ SW ¼ (Lots 1 and 2) Section 6; all in T90N-R49W.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: May 1 – September 30.
3. The date from which applicant may claim right is April 26, 2004.
4. The date of approval of Permit No. 6503-3 is June 21, 2004.
5. One-fifth of the construction is to be completed on or before December 21, 2006.
6. All construction is to be completed on or before June 21, 2009.
7. Water is to be put to beneficial use on or before June 21, 2013.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

REPORT ON WATER PERMIT APPLICATION NO. 6503-3
For Michael J Rozell
May 25, 2004

Application No. 6503-3 proposes to appropriate 1.0 cfs (450 gpm) from one well approximately 131 feet deep located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of section 6 to irrigate 73 acres located in the S $\frac{1}{2}$ SW $\frac{1}{4}$ of section 6; all in T90N R49W.

AQUIFER – MISSOURI ELK POINT (M-EP)

The Missouri Elk Point is an alluvium mantled outwash (sand and gravel) that is under water table conditions in this area and is roughly equivalent to the Missouri aquifer as described by Niehus. The Missouri aquifer underlies 180 square miles and contains an estimated 1.5 million acre-feet of water in storage in Union County (Niehus, 1994). The aquifer extends into Clay County to the west, blends into the Lower Vermillion Missouri aquifer to the northwest, blends into the Big Sioux South aquifer to the northeast, and is hydraulically connected to the Big Sioux and Missouri Rivers. Also in the southern portion of Union County the Missouri Elk Point directly overlies the Dakota Formation and would be in hydraulic communication with that aquifer. Ground water movement is generally from northwest to southeast and locally toward the Missouri River (Niehus, 1994).

The completed irrigation well log has been filed with the application. The well has been completed in accordance with SD Well Construction Standards. The test well indicates sand beginning at one foot and continuing to a depth of 51 feet followed a two feet of clay followed by medium sand from 53 to 75 feet followed by gravel from 75 to 140 feet. The well was completed to a depth of 131 feet and 60 slot screen was set from 91 to 131 feet below land surface. No test pump information is available. The completed well had a static water level of 26 feet below land surface.

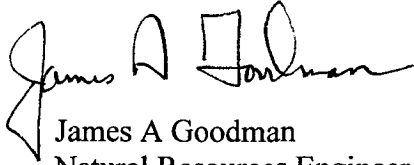

The Water Rights Program monitors five observation wells within a three mile radius of this application. One of these monitor wells UN-770 is located about one and one-half mile to the east of this site. Water levels for this well show good response to climatic conditions, that is, rising water levels during wet years (recharge) and gradually declining water levels during dry years. The water level record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2004). A hydrograph for this observation well is included with this report.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

The nearest existing water right is located about one mile to the northeast. Interference is not a concern. This is shown by the observation well hydrograph which shows the effects of pumping to be inconsequential. With the distance between wells drawdown is not expected to be significant.

CONCLUSIONS

1. Water is available from the Missouri Elk Point aquifer.
2. The aquifer is under water table conditions in this area. Drawdown created by pumping is not expected to be significant. Interference is not a concern.
3. This well has been built in accordance with SD Well Construction Standards.

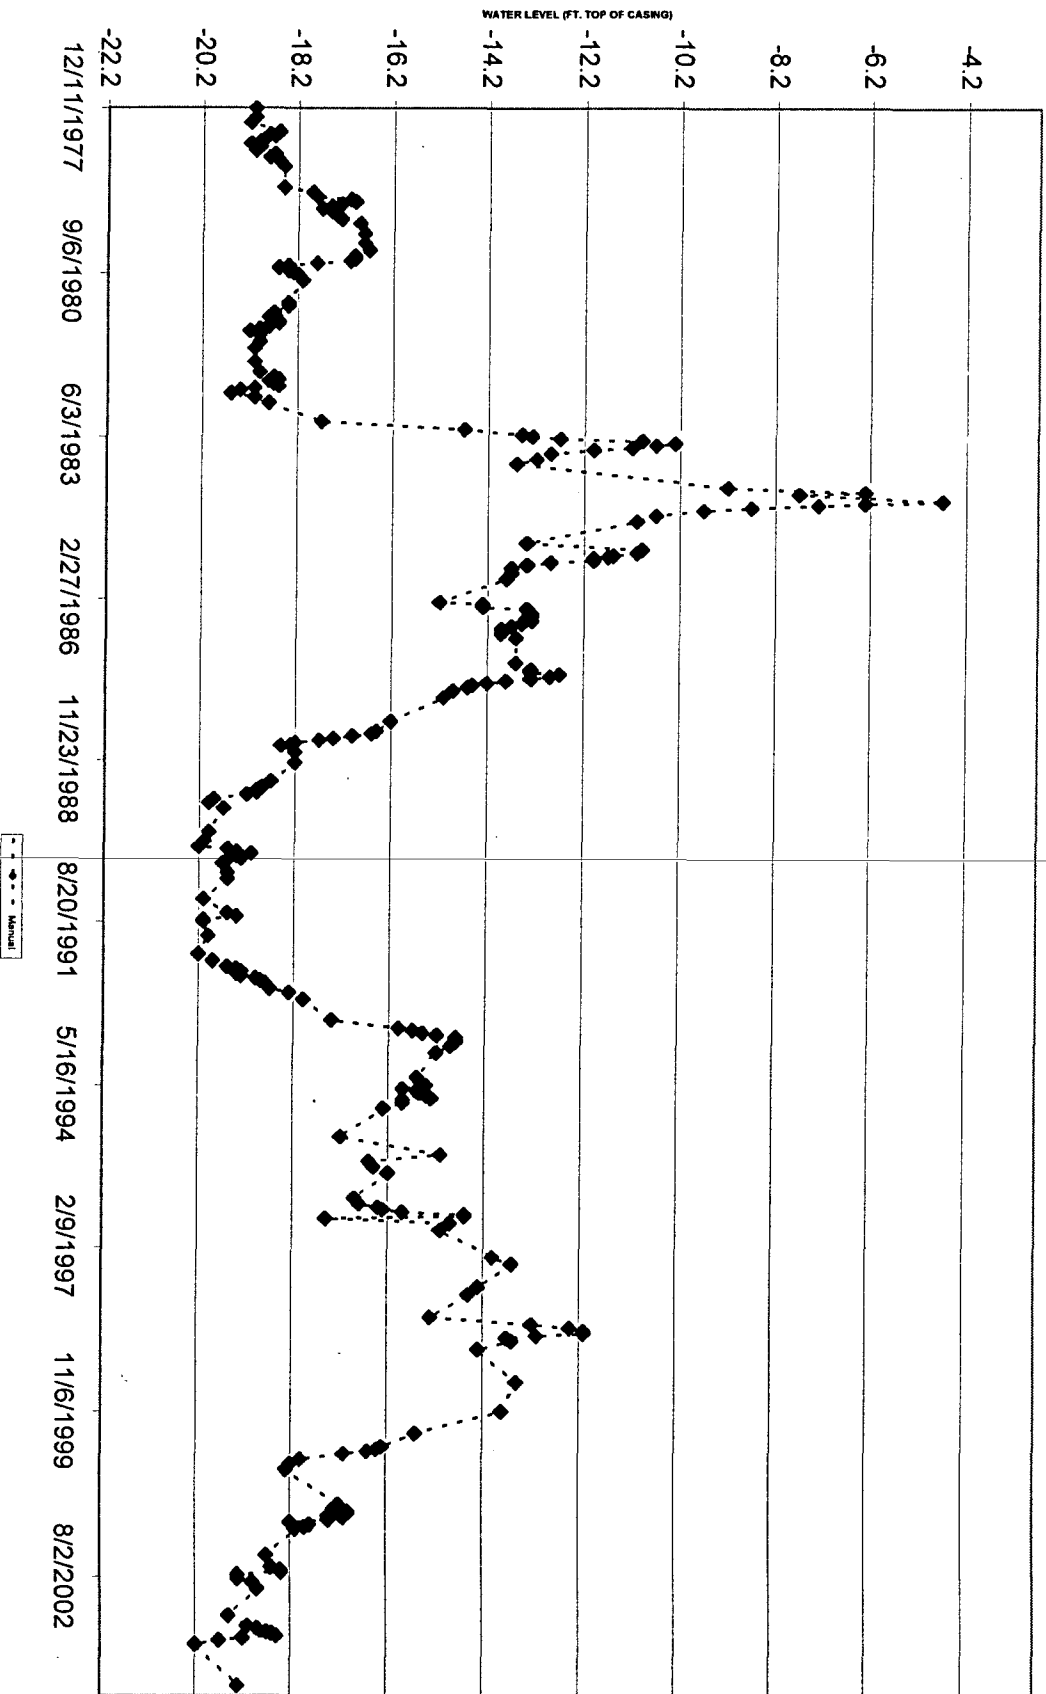

James A Goodman
Natural Resources Engineer

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6503-3, Michael J. Rozell**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6503-3, Michael J. Rozell, 32955 476th Avenue, Elk Point SD 57025.

The Chief Engineer is recommending APPROVAL of Application No. 6503-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

WATER RIGHTS
PROGRAM**NOTICE OF APPLICATION
NOS. 6503-4 AND 6504-3 TO
APPROPRIATE WATER**

Notice is given that Michael J. Rozell, 32955 476th Ave, Elk Point, SD 57025 has filed the following applications for a water permit.

Application No. 6503-3 proposes to appropriate 1.0 cubic feet of water per second (cfs) from one well (Missouri: Elk Point Aquifer) 131 feet deep located in the SE1/4 SW1/4 Section 6 to irrigate 73 acres located in the S1/2 SW1/4 (Lots 1 and 2) Section 6; all in T90N-R49W.

Application No. 6504-3 proposes to appropriate 2.0 cfs from one well (Missouri Elk Point Aquifer) 135 feet deep located in the E1/2 NW1/4 (Lot 1) Section 7 to irrigate 250 acres located in the W1/2 NE1/4, NW1/4 Section 7; all in T90N-R49W.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6503-3 and 6504-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E. Capitol, Pierre, SD 57501 (605 773-3952" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by June 21, 2004.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this applications.

Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Dear Mr. Rozell:

Water Permit Application Nos. 6503-3 & 6504-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Leader-Courier printed at Elk Point, SD (Ph # 605-356-2632). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendations of the Chief Engineer and reports on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Hearing and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendations, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the applications.

Instruction to Newspaper - Publish first Notice on June 3, 2004 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF APPLICATION NOS. 6503-4 and 6504-3 to Appropriate Water

Notice is given that Michael J Rozell, 32955 476th Ave, Elk Point SD 57025 has filed the following applications for a water permit.

Application No. 6503-3 proposes to appropriate 1.0 cubic feet of water per second (cfs) from one well (Missouri Elk Point Aquifer) 131 feet deep located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 6 to irrigate 73 acres located in the S $\frac{1}{2}$ SW $\frac{1}{4}$ (Lots 1 and 2) Section 6; all in T90N-R49W.

Application No. 6504-3 proposes to appropriate 2.0 cfs from one well (Missouri Elk Point Aquifer) 135 feet deep located in the E $\frac{1}{2}$ NW $\frac{1}{4}$ (Lot 1) Section 7 to irrigate 250 acres located in the W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ Section 7; all in T90N-R49W.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6503-3 and 6504-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by June 21, 2004.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Michael J Rozell
32955 476th Ave
Elk Point SD 57025

Dear Mr. Rozell:

Enclosed is Water Permit No. 6503-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

Permit No. 6503-3
Big Sioux River - Water District

Report of Examination of Works and/or Application of Water to Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, July 27, 2005, made a thorough examination of the water use system constructed by Michael J. Rozell of 32955 476th Ave, Elk Point SD 57025 holder of Permit No. 6504-3, bearing the priority of April 26, 2004 authorizing the diversion of 1.0 cu. ft. per second of the waters of Missouri Elk Point Aquifer for irrigation purposes, in Union County.

Inspection contact & relationship **Michael Rozell - operator**
to permit holder, if applicable:

A. Works used to divert the water:

Well Information:

- 1) Well Drilling Firm: Dakota Drilling and Backhoe, Inc.
- 2) No. of Wells 1
- 3) Depth(s) 140 feet
- 4) Well log is available yes
- 5) Comment:

Casing:

- 1) Diameter 10 inches
- 2) Length 91 feet
- 3) Type pvc

Screen:

- 1) Type pvc
- 2) Length 40 feet
- 3) Static water level 26 feet

Pump:

- 1) Make Goulds
- 2) Model 8RJCL
- 3) Size
- 4) Capacity 450 GPM

Motor:

- 1) Make Hitachi
- 2) Model No.
- 3) Horsepower rating 25 hp

B. Works used to transport water to place of use:

- 1) Type pvc
- 2) Size 8 inches
- 3) Length 1440 feet

C. Works used to apply water to beneficial use:

Center pivot:

- 1) Make Valley
- 2) Overall length 660' feet
- 3) Number of towers 4
- 4) Distance between towers _____ feet
- 5) End gun yes
- 6) High or low pressure low
- 7) Capacity 450 GPM

Chemigation Equipment:

- 1) Does chemigate no

D. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by yes
- 2) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period yes
- 3) Exceptions to compliance are: none

The system is in good condition with the point(s) of diversion located as follows: 2738' E and 600' N of the SW corner Section 6-T90-R49W (42.636104, -96.678027). The works are capable of diverting and conveying to the place of use 1.0 cu. ft. per second of water which is to be used for irrigation. Water has been put to beneficial use to the maximum extent as follows:

Section 6-T90N-R49W:

SW $\frac{1}{4}$ SW $\frac{1}{4}$ 38 acres

SE $\frac{1}{4}$ SW $\frac{1}{4}$ 34 acres

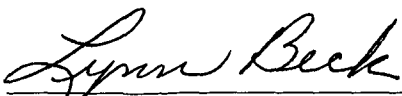

Comprising a total of 72 acres of land and the license should be issued for 1.0 cfs.

All structures, wells and lands on map yes

Comments or other permit(s) associated with the project:

The land irrigated by is owned by Christopher and Andrea Olthoff, 10906 181st Lane, Elk River MN 55330

There is a single towable pivot.

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 6503-3

(1) Michael J Rozell, 32955 476th Ave, Elk Point SD 57025 made Application No. 6503-3, April 26, 2004 for a water permit to divert 1.0 cubic feet of water per second from groundwater (one well), Union County, South Dakota for irrigation purposes. Permit No. 6503-3, with a priority date of April 26, 2004 was approved June 21, 2004 and issued to the applicants for diversion of water with construction of the described water supply system to be completed on or before June 21, 2009 and for the application to beneficial use of water on or before June 21, 2013.

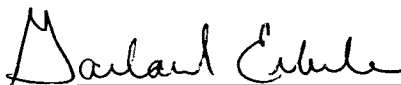

(2) The water supply system has been completed and water applied to beneficial use in accordance with South Dakota State Law. Pursuant to South Dakota Codified Law 46-5-30.1, the holder and/or owner of Water Right No. 6503-3 is issued a license, bearing a priority date of April 26, 2004 to appropriate 1.0 cubic feet of water per second from groundwater (one well) to irrigate 72 acres.

The diversion point is located: 2,738 feet east and 600 feet north of the southwest corner of Section 6-T90N-R49W (SE ¼ SW ¼). The acres authorized for irrigation are as follows:

Section 6-T90N-R49W	SW ¼ SW ¼	38 acres
	SE ¼ SW ¼	34 acres
Total 72 acres		

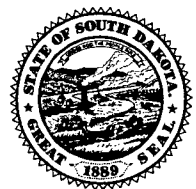

(3) This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Permit No. 6503-3 including the following now applicable qualifications:

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Dear Mr. Rozell:

Enclosed are Water License Nos. 6503-3 & 6504-3. This is the final water right document completing your process of obtaining a Water Right.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program
