Name of Applicant: Kingbrook RWS

Address: PO Box 299, Arlington SD 57212

Phone: 605 983-5074

Amount of Water Claimed: 0.80 cfs

Total Acres: NA

Source of Water Supply: groundwater

Water to be used for: rural water system use

County: Lake

Type of Waste Disposal System:

Location: 12 southeast of Madison

PRIORITY Date Received: 6-5-06

Application/License Fee: \$200

Corrected Application Received:

Period of Annual Use: January 1 – December 31

Remarks:

Diversion Point: SW ¼ SE ¼ Sec 8-T105N-R51W

Land to be Irrigated: NA

Depth of Well: 65

Well Driller: : Thein Well Drilling

Remarks:

Type of Map: aerial

**SOUTH DAKOTA
WATER PERMIT NO. 6730-3**

Date of first receipt of application June 5, 2006.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6730-3 to Kingbrook Rural Water System, Inc., PO Box 299, Arlington SD 57212 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6730-3 increases the diversion rate and adds diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cubic feet per second (cfs) from a well completed into the Big Sioux:Northern Skunk Creek Aquifer located in the NW ¼ NE ¼ Section 17-T105N-R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This permit appropriates 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW ¼ SE ¼ Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this permit.
2. The water appropriated shall be used for the purpose of rural water system use and may not exceed the amount of water needed for beneficial use.
3. The water is to be used during the following described annual period: January 1 – December 31.
4. The date of approval of Permit No. 6730-3 is September 5, 2006.
5. The date from which applicant may claim right is June 5, 2006.
6. One-fifth of the construction is to be completed on or before March 5, 2009.
7. All construction is to be completed on or before September 5, 2011.
8. Water is to be put to beneficial use on or before September 5, 2015.
9. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6730-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.

(continued)

3. Water Right Nos. 5429-3 and 5646-3 and Water Permit Nos. 4311A-3, 6531-3 and 6730-3 authorize a total annual diversion of 1,041 acre-feet of water.
4. Kingbrook Rural Water System shall report to the Chief Engineer annually the amount of water withdrawn from the Chester well field completed into the Big Sioux:Northern Skunk Creek Aquifer.

WATER MANAGEMENT BOARD

REPORT ON APPLICATION NO. 6730-3

For Kingbrook RWS

July 06, 2006

Application 6730-3 proposes to increase the diversion rate to what is currently authorized by Water Right No. 5429-3 and Water Permit No. 6531-3. These two existing water rights, combined, appropriate 1.11 cubic feet of water per second (232 acre-feet of water annually) from a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 17, T105N-R51W for irrigation of 116 acres with a February 27, 1990 priority date. Water Permit No. 6531-3 authorizes an additional appropriation of water and changes the irrigation use as authorized by Water Right No. 5429-3 to year around use by the Kingbrook RWS. Water Permit No. 6531-3 increases the water appropriation from 232 acre-feet annually by 118 acre-feet for a total appropriation of 350 acre-feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well completed in to the Big Sioux: Northern Skunk Creek Aquifer (approximately 68 feet deep, designated well #6) located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8, T105N-R51W. No increase in the 350 acre-feet annual volume is authorized by the application.

AQUIFER – BIG SIOUX: NORTHERN SKUNK CREEK (BS: NSC)

The Big Sioux: Northern Skunk Creek Aquifer is composed of alluvium and glacial deposits ranging from fine sand to very coarse gravel. The aquifer represents an unconfined condition with water table characteristics in the area of this application. The aquifer underlies 30,720 acres and contains an estimated 196,000 acre feet of water in storage in Lake County (Hansen, 1986). Groundwater movement is from northwest to southeast and may be hydraulically connected to Skunk Creek and area lakes Madison, Brant and Round.

Recharge to the Big Sioux: Northern Skunk Creek Aquifer has been estimated at 3.1 inches per year (7,936 acre-feet per year) (Hedges, 1983). The estimated water use from the aquifer was found to be approximately 3,630 acre-feet in 2004. Even with full development of Future Use permits (1,818 acre-feet remaining) there is water available from the aquifer.

The Water Rights Program monitors an observation well (LK-79C) completed into the Big Sioux: Northern Skunk Creek Aquifer located approximately 1 mile southeast of this site. Water levels for this well show good response to climatic conditions, that is, rising water levels during wet years (recharge) and gradually declining water levels during dry years. In general the observation well record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2006). A hydrograph for this observation well is included in this report and labeled as Figure 1.

Figure 1. Hydrograph of observation well LK-79C.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There are several existing Water Rights appropriating ground water within a five mile radius of this application. A list of the permits is included with this report labeled as Table 1. The nearest water right/permit from the Big Sioux: Northern Skunk Creek Aquifer is approximately 1000 feet to the northeast. This well is for Water Right No. 4311A-3 (1.44 cfs for RWS) which is held by Kingbrook RWS (designated well #5). The proposed well (#6) will be located in the Kingbrook well field. Therefore, the rural water system has control over the nearby wells (specifically well #5) and can manage their production wells so that interference is not expected to be a problem.

Table 1. Table identifying permits within a five mile radius of the application.

PERMIT NO	LAST NAME	AQUIFER	USE	CFS
4311A-3	KINGBROOK RWS INC	BS: NSC	RWS	1.44
4367-3	KINGBROOK RWS INC	BS: NSC	RWS	3.00
4960-3	ALVERSON	BS: NSC	IRR	2.00
5429-3	KINGBROOK RWS INC	BS: NSC	RWS	1.11
5646-3	KINGBROOK RWS INC	BS: NSC	RWS	1.00
6531-3	KINGBROOK RWS	BS: NSC	RWS	1.59

CONCLUSIONS

1. The Big Sioux: Northern Skunk Creek Aquifer is a viable groundwater source and water is available for this appropriation.
2. The aquifer is under unconfined conditions at this site. Interference should not be a concern.
3. The well authorized for this application is an existing well and appears to be completed in accordance with SD Well Construction Standards.
4. No increase in the annual volume of 350 acre-feet is authorized by the application.

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6730-3, Kingbrook Rural Water System, Inc.**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6730-3, Kingbrook Rural Water System, Inc., c/o Jolene King, PO Box 299, Arlington SD 57212.

The Chief Engineer is recommending APPROVAL of Application No. 6730--3 because 1) the proposed diversion can be developed without unlawful impairment of existing rights, 2) the proposed use is a beneficial use and 3) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6730-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Water Right Nos. 5429-3 and 5646-3 and Water Permit Nos. 4311A-3, 6531-3 and 6730-3 authorize a total annual diversion of 1,041 acre-feet of water.
4. Kingbrook Rural Water System shall report to the Chief Engineer annually the amount of water withdrawn from the Chester well filed completed into the Big Sioux:Northern Skunk Creek Aquifer.

See report on application for additional information.

Dear Ms. King:

Water Permit Application Nos. 4311A-3, 6730-3, & 6731-3 for rural water system use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Publisher of the Moody Co. Enterprise printed at Flandreau, SD (Ph # 605-997-3725), the Argus Leader printed at Sioux Falls, SD (Ph #605-331-2200), the Montrose Herald printed at Canisota, SD (Ph #605-296-3181), the Miner Co. Pioneer printed at Howard, SD (Ph #605-772-5644), the Daily Leader printed at Madison, SD (Ph #605-256-4555), Hamlin Co Republican printed at Castlewood, SD (Ph #605-793-2293), the DeSmet News printed at DeSmet, SD (605-854-3331), Brookings Register printed at Brookings, SD (Ph#605-692-6271) and the Clark Co. Courier printed at Clark, SD (Ph #605-532-3654) . You will need to contact the newspapers and authorize publication of this notice. For your information, a copy of the notice, the recommendations of the Chief Engineer and the reports on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspapers to authorize publication of your Notice and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks. The newspapers have also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund
Natural Resources Engineer

ATTENTION: Legal Public Notice

Enclosed is a Notice on Application Nos 4311A-3, 6730-3 & 6731-3 to Appropriate Water to be published twice. Please publish the first notice on August 16, 2006 with the second publication 7 days later. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352.

Please BILL the APPLICANT for the cost of publication. The APPLICANT is Kingbrook Rural Water System, % Jolene King, PO Box 299, Arlington, SD (Ph # 605-983-5074).

Please send the Water Rights Program the first publication immediately. The publication is checked for accuracy so any corrections can be made in the second publication. You may use the form below or fax a copy of the first publication. Any fax should be sent to the attention of Karen Schlaak at (605) 773-4068. Publication errors can invalidate the public notice.

After the second publication, **please send us an affidavit or use the enclosed Proof of Publication form.** The applicant pays the cost of publication, but the Water Rights Program records require an affidavit or Proof of Publication. Delays in receiving the affidavit can be costly to the applicant.

Sincerely,

Eric Gronlund
Natural Resources Engineer

Instruction to Newspaper - Publish first Notice on August 17, 2006 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF APPLICATION NOS. 4311A-3, 6730-3 and 6731-3 to Appropriate Water

Notice is given that Kingbrook Rural Water System, Inc., PO Box 299, Arlington SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Northern Skunk Creek Aquifer (75 feet deep) located in the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux:Northern Skunk Creek Aquifer located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 17, T105N, R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion:East Fork Aquifer (105 feet deep) located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos; 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

**NOTICE OF APPLICATION
NOS. 4311A-3, 6730-3 AND 6731-3
TO APPROPRIATE WATER**

Notice is given that Kingbrook Rural Water System, Inc., P.O. Box 299, Arlington, SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux:Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17-T105N-R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion:East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4 Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos. 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications,

as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications.

NOTICE OF
APPLICATION NOS.
4311A-3, 6730-3
and 6731-3 to
Appropriate Water

Notice is given that Kingbrook Rural Water System, Inc., PO Box 299, Arlington SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17, T105N, R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. The new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4 Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos;

4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications.

**NOTICE OF APPLICATION
NOS. 4311A-3, 6730-3 and
6731-3 to Appropriate Water**

Notice is given that Kingbrook Rural Water System, Inc., PO Box 299, Arlington SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux:Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17-T105N-R51W and is limited to a withdrawal volume of 350 acre feet of water annually.

This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion:East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4 Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos. 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the appli-

cations or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux:Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17-T105N-R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion:East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4 Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos. 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

WATER RIGHTS
PROGRAM

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is:

"Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

NOTICE OF APPLICATION NOS. 4311A-3, 6730-3 and 6731-3 to Appropriate Water

Notice is given that Kingbrook Rural Water System, Inc., PO Box 299, Arlington SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Right No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux: Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural

water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux: Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17-T105N-R51W and is limited to a withdrawal volume of 350

acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion: East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4

Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos. 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's

recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by

September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources. B-17-2tc

WATER RIGHTS
PROGRAMNOTICE OF APPLICATION NOS.
4311A-3, 6730-3 and 6731-3 to
Appropriate Water

Notice is given that Kingbrook Rural Water System, Inc., PO Box 299, Arlington, SD 57212 has filed the following applications for a water permit to appropriate water for rural water system use.

Application No. 4311A-3 proposes to change the water use and diversion point location authorized by Water Right No. 4311-3. Water Rights No. 4311-3 appropriates 1.44 cubic feet of water per second (cfs) from one well completed into the Big Sioux: Northern Skunk Creek Aquifer (75 feet deep) located in the E 1/2 SE 1/4 Section 8-T105N-R51W for irrigation use. This application proposes to change the use from irrigation to rural water system use. The irrigation well will be abandoned and a new well will be drilled in the NW 1/4 SE 1/4 Section 8-T105N-R51W with an annual withdrawal volume of 266 acre feet of water. No increase in the diversion rate is authorized by this application.

Application No. 6730-3 proposes to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3. Combined, these two existing water rights appropriate 1.11 cfs from a well completed into the Big Sioux: Northern Skunk Creek Aquifer located in the NW 1/4 NE 1/4 Section 17, T105N, R51W and is limited to a withdrawal volume of 350 acre feet of water annually. This application proposes to appropriate 0.80 cfs from one additional well (68 feet deep) completed into the same aquifer. This new well is located in SW 1/4 SE 1/4 Section 8-T105N-R51W. No increase in annual volume of 350 acre feet of water is authorized by this application.

Application No. 6731-3 proposes to appropriate an additional 1.2 cfs from an additional well completed into the Vermillion: East Fork Aquifer (105 feet deep) located in the SE 1/4 NW 1/4 Section 6-T111N-R56W. This application is an increase in the diversion rate to what is currently authorized by Water Right No. 5785-3. This existing water right appropriates 1.4 cfs from two wells located in the N 1/2 NW 1/4 Section 6-T111N-R56W. Water Right No. 5785-3 along with Water Right Nos. 4137-3 and 5186-3 are limited to a withdrawal volume of 1,350 acre feet of water annually. No increase in annual volume of 1,350 acre feet of water is authorized by this application.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends, APPROVAL of Application Nos. 4311A-3, 6730-3 and 6731-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre, SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by September 5, 2006.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Kingbrook Rural Water System Inc
% Jolene King
PO Box 299
Arlington SD 57212

Dear Ms. King:

Enclosed are Water Permit Nos. 6731-3 and 6730-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, are enclosed. Please return these completed forms after you have finished the systems and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer

Dear Karen:

Enclosed please find corrected Form 10 Notice of Completion of Works and Application of Water to Beneficial Use for Water Permit No. 4311A-3 Chester Well # 5 not De Smet well #9. Please make this correction in your records. Originally Form 10 for Water Permit No. 4311A-3 was sent to you on May 30, 2007.

Also find enclosed Form 10 for Water Permit No. 6730-3 Chester Well #6 and Form 10 for Water Permit No. 6731-3 for De Smet Well #9.

Again, here's a summary of the Form 10 enclosed:

- 4311A-3 – Chester Well #5
- 6730-3 – Chester Well #6
- 6731-3 – De Smet Well #9

I understand these form complete the required paperwork needed from Kingbrook. Please let me know if you have any questions.

Sincerely,

Jolene King

Permit No. 6730-3
Sioux River - Water District

Report of Examination of Works and/or Application of Water to Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, July 27, 2012, made a thorough examination of the water use system constructed by Kingbrook Rural Water System of PO Box 299, Arlington, SD 57212 holder of Permit No. 6730-3, bearing the priority of June 5, 2006 authorizing the diversion of 0.80 cubic feet per second (cfs) of the waters of the Big Sioux:Northern Skunk Creek Management Unit for Rural Water System purposes, in Lake County.

Inspection contact & relationship **Randy Jencks, GM**
to permit holder, if applicable:

A. Works used to divert the water:

Well Information:

- 1) Well Drilling Firm: Thein Well Co.
- 2) No. of Wells 1
- 3) Depth(s) 68 feet
- 4) Well log is available Y

Casing:

- 1) Diameter 12 inches
- 2) Length 55 feet
- 3) Type Steel

Screen:

- 1) Type Stainless Steel
- 2) Length 10 feet
- 3) Static water level 25 feet

Pump:

- 1) Make Grundfos
- 2) Model 300S250
- 3) Size 25 hp
- 4) Capacity 300 GPM

B. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by Y
- 2) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period NA
- 3) Exceptions to compliance are: None

The system is in Good condition with the point(s) of diversion located as follows:

Approximately 810 feet north and 1,885 feet west of the SE corner of Section 8-T105N-R51W

(N 43.90842, W -96.97623) (SW ¼ SE ¼)

The works are capable of diverting and conveying to the place of use 0.67 cu. ft. per second of water which is to be used for rural water system purposes.

The license should be issued for 0.67 cfs and 350 acre-feet of water annually.

All structures, wells and lands on map Y

Comments or other permit(s) associated with the project:

This permit appropriates additional water from one additional well completed into the Big Sioux:Northern Skunk Creek aquifer. No increase in annual volume of 350 acre-feet of water is authorized by this permit.

Randy Jencks, General Manager
Kingbrook Rural Water System
PO Box 299
Arlington SD 57212

Dear Mr. Jencks:

Enclosed is Water License No. 6730-3. This is the final water right document completing your process of obtaining a Water Right. Included with your license is a map prepared by the staff engineer who conducted the field investigation.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 6730-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

enclosures

**STATE OF SOUTH DAKOTA
WATER LICENSE NO. 6730-3**

(1) Kingbrook Rural Water System Inc., PO Box 299, Arlington SD 57212 made Application No. 6730-3, June 5, 2006 for a water permit to divert 0.80 cubic feet of water per second from ground water (one well – Big Sioux Northern Skunk Creek Aquifer), Lake County, South Dakota for rural water system purposes. Permit No. 6730-3, with a priority date of June 5, 2006 was approved September 5, 2006 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before September 5, 2011 and the application to beneficial use of water on or before September 5, 2015.

Water Permit No. 6730-3 was obtained to increase the diversion rate and add a diversion point to Water Right No. 5429-3 and Water Permit No. 6531-3 with no increase in the annual volume of 350 acre feet of water. Water Right No. 5429-3 has been incorporated into No. 6531-3 and licensed separately. Water Permit No. 6730-3 is being licensed for the additional well and is within the authorized acre feet limitation.

(2) It is certified that the permit holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.67 cubic feet of water per second for beneficial use.

The location of the diversion point is 810 feet north and 1,885 feet west of the SE corner of Section 8, T105N, R51W (SW ¼ SE ¼).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use.

(4) Pursuant to South Dakota Water Law 46-5-30.1 Kingbrook Rural Water System Inc., PO Box 299, Arlington SD 57212 the holder and/or owner of Water Right No. 6730-3 is issued a license to appropriate water, the right to use 0.67 cubic feet of water per second from ground water (one well – Big Sioux Northern Skunk Creek Aquifer) with a priority date of June 5, 2006 from the location specified in (2) of this license for rural water system use.

This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Right No. 6730-3 and subject to the following qualifications:

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- The well authorized by Permit No. 6730-3 shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) from the producing formation to the surface pursuant to Section 74:02:04:28. ***The well (Chester Well #6) was drilled by Thein Well Company in November 2005. A copy of the log is on file with the Water Rights Program.***

Kingbrook Rural Water System Inc.

- Water Right or Permit Nos. 5429-3, 5646-3, 4311A-3, 6531-3 and 6730-3 authorize a total annual diversion of 1,041 acre feet of water.
- Kingbrook Rural Water System shall report to the Chief Engineer annually the amount of water withdrawn from the Chester well field completed into the Big Sioux: Northern Skunk Creek Aquifer.
