SOUTH DAKOTA
WATER PERMIT NO. 6765-3

Date of first receipt of application November 13, 2006.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6765-3 to Hamlin School District, c/o Joel Jorgenson, Supt, 44577 188th St, Hayti SD 57241 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6765-3 appropriates 0.13 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Brookings Aquifer (78 feet deep) located in the E ½ NE ¼ Section 27 to irrigate 4 acres of the football field located in the E ½ NE ¼ Section 27; all in T114N-R54W.
2. The amount of the appropriation may not exceed 3 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 – October 31.
3. The date from which applicant may claim right is November 13, 2006.
4. The date of approval of Permit No. 6765-3 is January 2, 2007.
5. One-fifth of the construction is to be completed on or before June 2, 2009.
6. All construction is to be completed on or before January 2, 2012.
7. Water is to be put to beneficial use on or before January 2, 2016.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. Pursuant to SDCL 46-5-6 which allows for a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6765-3 authorizes a maximum diversion rate of 0.13 cfs (59 gpm) for the irrigation of 4 acres with an annual volume not to exceed 3 acre feet of water per acre per year.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Hamlin School District
44577 188th St
Hayti SD 57241

Dear Sir:

I am writing in regard to a well driller's report filed by Kaiser Well Drilling. The report shows a new well was completed for Hamlin School District. Based on the information in the report, you will need a water permit for this water use.

1. According to state law, a water permit is needed for any water use except for reasonable, private domestic use. Examples of institutional uses that require water permits for private water supplies are: churches, hospitals and nursing homes (any amount of water) and schools that pump more than 18 gallons per minute or use water outside of the school building.
2. Also, as a new well owner, you need to be aware of some of your responsibilities. Enclosed is a copy of "Well Owner Responsibilities". Please review these responsibilities to ensure you are complying with all of the requirements.

Enclosed are application forms and instruction sheet to apply for a water permit. The completed forms with the application fee and map can be returned to: Water Rights Program, 523 E Capitol, Pierre SD 57501. **Please respond by December 31, 2006.**

If you believe your water use does not require a water permit, or that you have an existing permit, or if help is needed completing the application forms, please contact Ron Duvall or me at (605) 773-3352. We will be happy to assist you in any way possible.

Sincerely,

Karen Schlaak

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6765-3, Hamlin School District**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6765-3, Hamlin School District, c/o Superintendent Joel Jorgenson, 44577 188th Street, Hayti SD 57241.

The Chief Engineer is recommending APPROVAL of Application No. 6765-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. Pursuant to SDCL 46-5-6 which allows for a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6765-3 authorizes a maximum diversion rate of 0.13 cfs (59 gpm) for the irrigation of 4 acres with an annual volume not to exceed 3 acre feet of water per acre per year.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Garland Erbele, Chief Engineer
December 4, 2006

REPORT ON WATER PERMIT APPLICATION NO. 6765-3
For Hamlin School District
November 21, 2006

Application No. 6765-3 proposes to appropriate 0.13 cfs (59 gpm) from one well approximately 78 feet deep located in the E ½ NE ¼ of section 27 to irrigate 4 acres located in the E ½ NE ¼ of section 27, all in T114N R54W in Hamlin County. The applicant is requesting a diversion rate greater than the statutory limit of one cfs per 70 acres.

AQUIFER – BIG SIOUX BROOKINGS (BS-B)

The Big Sioux Brookings is predominantly surficial outwash (sand and gravel) but at this site is buried and under artesian conditions. The aquifer underlies 88,500 acres and contains 331,880 acre-feet of recoverable water in storage in Hamlin County (Hedges, 1982). The aquifer extends into Brookings County to the south, blends into the Big Sioux North aquifer to the north and is hydraulically connected to the Big Sioux River and some area lakes and sloughs. Ground water movement is probably from northwest to southeast in the area of this application (Kume, 1985). This application is located very near the mapped boundary of the Big Sioux Brookings aquifer. It really does not matter what the water source is for this application as there are no other permitted users nearby.

The well completion report filed with the application indicates sand from about 53 feet to 74 feet below land surface. There were clay layers in this zone at 57-59 feet and 66.5 to 67 feet below land surface. The well as completed was capable of producing over 50 gpm at a pumping level of 37 feet below land surface. This well appears to have been completed in accordance with SD Well Construction Standards.

The Water Rights Program does not monitor any observation well near to this application. The closest observation well is HN-76C and is located about 3.5 miles east of this application. A hydrograph for this observation well is included with this report. The water level record does show good response to climatic conditions that is rising water levels during wet years (recharge) and gradually declining water levels during dry years. In general the record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2006).

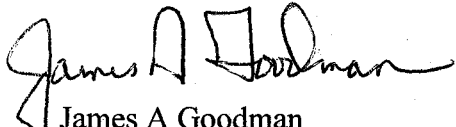

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There are no other existing water permits/rights in this area. This diversion is not expected to cause any adverse effects. Interference is not a concern.

CONCLUSIONS

1. Water is available from the Big Sioux Brookings aquifer.

2. The aquifer appears to be under artesian conditions at this site. However, drawdown is not expected to be significant at this rate of diversion. Interference is not a concern.
3. This well is constructed and has been built in accordance with SD Well Construction Standards.

James A Goodman
Natural Resources Engineer

NOTICE OF APPLICATION NO. 6765-3 TO APPROPRIATE WATER

Notice is given that Hamlin School District, Joel Jorgenson, Supt., 44577 188th St, Hayti, SD 57241 has filed an application for a water permit to appropriate 0.13 cubic feet of water per second (cfs) from one well completed into the Big Sioux: Brookings Aquifer (78 feet deep) located in the E 1/2 NE 1/4 Section 27 to irrigate 4 acres of the football field located in the E 1/2 NE 1/4 Section 27; all in T114N-R54W. The applicant is requesting a division rate greater than the statutory limit of 1 cfs per 70 acres.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6765-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the

Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and the Chief Engineer. The applicant must file a petition of contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E. Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's address is given above. A petition filed by either an interested person or the applicant must be filed by January 2, 2007.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application.

ATTENTION: Legal Public Notice

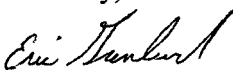

Enclosed is a Notice on Application No. 6765-3 to Appropriate Water to be published twice. Please publish the first notice on December 13, 2006 with the second publication 7 days later. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352.

Please BILL the APPLICANT for the cost of publication. The APPLICANT is Hamlin School District, Joel Jorgenson, Supt., 44577 188th St., Hayti SD (Ph # 605-783-3631).

Please send the Water Rights Program the first publication immediately. The publication is checked for accuracy so any corrections can be made in the second publication. You may use the form below or fax a copy of the first publication. Any fax should be sent to the attention of Karen Schlaak at (605) 773-4068. Publication errors can invalidate the public notice.

After the second publication, please send us an affidavit or use the enclosed Proof of Publication form. The applicant pays the cost of publication, but the Water Rights Program records require an affidavit or Proof of Publication. Delays in receiving the affidavit can be costly to the applicant.

Sincerely,

Eric Gronlund
Natural Resources Engineer

Dear Mr. Jorgenson:

Water Permit Application No. 6765-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Publisher of the Hamlin Co. Republican printed at Castlewood, SD (Ph # 605-793-2293). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

Dear Superintendent Jorgenson:

Enclosed is Water Permit No. 6765-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program
(605) 773-3352

Report of Examination of Works and/or Application of Water to Beneficial Use For Permit No. 6765-3

I have this day, April 2, 2015, made a thorough examination of the water use system constructed by Hamlin School District, c/o Joel Jorgenson, Supt., 44577 188th St, Hayti SD 57241 of Permit No. 6765-3, bearing the priority of November 13, 2006 authorizing the diversion of 0.13 cu. ft. per second of the waters of Big Sioux Brookings aquifer for institutional and irrigation purposes, in Hamlin County.

Inspection contact & relationship to permit holder, if applicable: **Joel Jorgenson, School Superintendent**

A. Works used to divert the water:

Well Information:

- 1) Well Drilling Firm: Kaiser Well Drilling
- 2) No. of Wells 1
- 3) Depth(s) 78 feet
- 4) Well log is available Yes

Casing:

- 1) Diameter 5 inches
- 2) Length 68 feet
- 3) Type Plastic

Screen:

- 1) Type Plastic
- 2) Length 10 feet

Motor/Pump:

- 1) Make submersible
- 2) Size hp unknown
- 3) Capacity 59 GPM (according to what pump installer told Supt. Jorgenson)

B. Works used to transport/apply water to place of use:

Comments: Sprinkler system is used to irrigate practice football field and pipe runs to lagoon to maintain a minimum water level to prevent freeze-up of sanitary sewer line.

Chemigation Equipment:

- 1) Does chemigate No

C. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by Yes

Permit No. 6765-3

READVERTISEMENT OF
NOTICE OF PERMIT NO. 6765-3
TO APPROPRIATE WATER

Notice is given of readvertisement of Water Permit No. 6765-3 held by Hamlin School District, c/o Joel Jorgenson, Supt., 44577 188th St, Hayti SD 57241. Water Permit No. 6765-3 appropriates 0.13 cubic feet of water per second (cfs) from one well completed into the Big Sioux-Brookings Aquifer (78 feet deep) located in the E 1/2NE 1/4 Section 27 to irrigate 4 acres of the football field located in the E 1/2 NE 1/4 Section 27; all in T114N-R54W. Readvertisement is necessary to add institutional use to the permit which will cover maintaining the water level in the school lagoon which was omitted from the original notice published in the Hamlin County Republican on December 13 and 20, 2006. This readvertisement does not authorize any increase in the 0.13 cfs pump rate or acres irrigated.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of reissuance of Permit No. 6765-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on this permit, as recommended, unless a petition is filed opposing reissuance of the permit or the permit holder files a petition contesting the Chief Engineer's recommendation. If a petition opposing the permit or contesting the recommen-

dation is filed, then a hearing will be scheduled and the Water Management Board will consider reissuance of the permit. Notice of the hearing will be given to the permit holder and any person filing a petition.

Any person interested in opposing or supporting reissuance of this permit or recommendation must file a written petition with BOTH the permit holder and Chief Engineer. The permit holder must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the permit holder's mailing address is given above. A petition filed by either an interested person or the permit holder must be filed by June 22, 2015.

The petition may be informal, but must include a statement describing the petitioner's interest in reissuance of the permit, the petitioner's reasons for opposing or supporting the reissuance, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Information concerning the permit is available at <http://denr.sd.gov/public>.

Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this permit. Steven M. Pimer, Secretary, Department of Environment and Natural Resources.

Published June 10, 2015, at total cost of \$27.72.

Dear Mr. Jorgenson:

The original notice of application published in the Hamlin County Republican on December 13 and 20, 2006 for Water Permit No. 6765-3 was published with an error. The original notice did not include institutional use which will cover maintaining the water level in the school lagoon. Therefore, the notice needs to be readvertised to correct the error. Readvertisement of the Notice of Permit No. 6765-3 to Appropriate Water has been sent to the Publisher of the Watertown Public Opinion and the Hamlin County Republican. For your information, a copy of the notice on the readvertisement is enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

The cost of publication of these notices will be paid by the Water Rights Program. Please contact us if you have any questions.

Sincerely,

Eric Gronlund

Instruction to Newspaper - Publish the Notice on June 10, 2015. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352 or email: Karen.schlaak@state.sd.us.

Readvertisement of Notice of Permit No. 6765-3 to Appropriate Water

Notice is given of readvertisement of Water Permit No. 6765-3 held by Hamlin School District, c/o Joel Jorgenson, Supt., 44577 188th St, Hayti SD 57241. Water Permit No. 6765-3 appropriates 0.13 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Brookings Aquifer (78 feet deep) located in the E 1/2NE 1/4 Section 27 to irrigate 4 acres of the football field located in the E 1/2 NE 1/4 Section 27; all in T114N-R54W. Readvertisement is necessary to add institutional use to the permit which will cover maintaining the water level in the school lagoon which was omitted from the original notice published in the Hamlin County Republican on December 13 and 20, 2006. This readvertisement does not authorize any increase in the 0.13 cfs pump rate or acres irrigated.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of reissuance of Permit No. 6765-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on this permit, as recommended, unless a petition is filed opposing reissuance of the permit or the permit holder files a petition contesting the Chief Engineer's recommendation. If a petition opposing the permit or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider reissuance of the permit. Notice of the hearing will be given to the permit holder and any person filing a petition.

Any person interested in opposing or supporting reissuance of this permit or recommendation must file a written petition with BOTH the permit holder and Chief Engineer. The permit holder must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the permit holder's mailing address is given above. A petition filed by either an interested person or the permit holder must be filed by June 22, 2015.

The petition may be informal, but must include a statement describing the petitioner's interest in reissuance of the permit, the petitioner's reasons for opposing or supporting the reissuance, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Information concerning the permit is available at <http://denr.sd.gov/public>. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this permit. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

6765-3

Hamlin School District
c/o Joel Jorgenson, Supt
44577 188th St
Hayti SD 57241

Dear Mr. Jorgenson:

Enclosed are Reissued Water Permit and Water License No. 6765-3. The permit was reissued to include institutional use. The water license is the final water right document completing the school's process of obtaining a Water Right. Also, included with the license is a map prepared by the staff engineer who conducted the investigation.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 6765-3, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that Hamlin School District has a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Jeanne Goodman, Chief Engineer
Water Rights Program
(605) 773-3352

**REISSUED
SOUTH DAKOTA
WATER PERMIT NO. 6765-3**

The Chief Engineer, on behalf of the Water Management Board, approved Water Permit No. 6765-3 on January 2, 2007 for Hamlin School District, c/o Joel Jorgenson, Supt, 44577 188th St, Hayti SD 57241 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6765-3 appropriates 0.13 cubic feet of water per second (cfs) from one well completed into the Big Sioux:Brookings Aquifer (78 feet deep) located in the E ½ NE ¼ Section 27 to irrigate 4 acres of the football field located in the E ½ NE ¼ Section 27; all in T114N-R54W.

To reflect the Chief Engineer's action on behalf of the Water Management Board, on June 22, 2015, to include institutional use, Water Permit No. 6765-3 is being reissued as follows:

Reissued Water Permit No. 6765-3 appropriates 0.13 cfs from one well completed into the Big Sioux:Brookings Aquifer (78 feet deep) located in the E 1/2 NE 1/4 Section 27 to irrigate 4 acres of the football field located in the E 1/2 NE 1/4 Section 27; all in T114N-R54W. This includes maintaining the water level in the school lagoon and institutional use purposes.

2. The amount of the appropriation may not exceed 3 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 – October 31 (irrigation use) and January 1- December 31 (institutional use).
3. The date from which applicant may claim right is November 13, 2006.
4. One-fifth of the construction is to be completed on or before June 2, 2007.
5. All construction is to be completed on or before January 2, 2012.
6. Water is to be put to beneficial use on or before January 2, 2016.
7. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

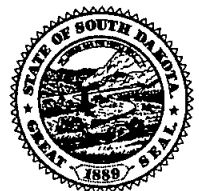

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. Pursuant to SDCL 46-5-6 which allows for a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6765-3 authorizes a maximum diversion rate of 0.13 cfs (59 gpm) for the irrigation of 4 acres with an annual volume not to exceed 3 acre feet of water per acre per year.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

WATER MANAGEMENT BOARD

By: *Jeanne Goodman*
Jeanne Goodman, Chief Engineer
Water Rights Program
Department of Environment and Natural Resources

AUG 27 2015

date

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 6765-3

(1) Hamlin School District, c/o Joel Jorgenson, Supt, 44577 188th St, Hayti SD 57241 made Application No. 6765-3, November 13, 2006 for a water permit to divert 0.13 cubic feet of water per second from groundwater (one well-Big Sioux:Brookings Aquifer), Hamlin County, South Dakota for irrigation purposes. Permit No. 6765-3, with a priority date of November 13, 2006 was approved January 2, 2007 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before January 2, 2012 and for the application to beneficial use of water on or before January 2, 2016.

Water Permit No. 6765-3 was readvertised and approved on June 22, 2015 to include institutional use (maintain water level in lagoon). The permit was reissued to reflect the additional use.

(2) The water supply system has been completed and water applied to beneficial use in accordance with South Dakota State Law. Pursuant to South Dakota Codified Law 46-5-30.1, the holder and/or owner of Water Right No. 6765-3 is issued a license, bearing a priority date of November 13, 2006 to appropriate 0.13 cubic feet of water per second from groundwater (one well-Big Sioux:Brookings Aquifer) for institutional use for maintaining the water level in the lagoon and for irrigation purposes.

The diversion point is located: Well: 1,500 feet south and 915 feet west of the NE corner of Section 27 (SE 1/4 NE 1/4) and the lagoon is located in the SE 1/4 NE 1/4 Section 27; all in T114N-R54W The 3.5 acres authorized for irrigation are as follows:

Section 27-T114N-R54W NE 1/4 NE 1/4 2.5 acres SE 1/4 NE 1/4 1 acre

(3) This license is subject to South Dakota Water Law, any limitations or conditions listed in Reissued Water Permit No. 6765-3 including the following qualifications:

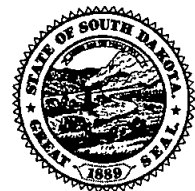

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- Pursuant to SDCL 46-5-6 which allows for a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 6765-3 authorizes a maximum diversion rate of 0.13 cfs (59 gpm) for the irrigation of 3.5 acres with an annual volume not to exceed 3 acre feet of water per acre per year (the 3.5 acres is based on the developed acreage).
- This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

NOTICE

TO: HAMLIN SCHOOL DISTRICT, PAT KRANING, SUPT, 44577 188TH ST, HAYTI, SD 57241
FROM: Ron Duvall, Natural Resources Engineer
for Jeanne Goodman, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2017 Irrigation Questionnaire(s)

Our records indicate your 2017 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 6765-3. The request for the Questionnaire was dated October 20, 2017. The Water Management Board has directed that owners of water permits who have not submitted the 2017 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 6765-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **Wednesday, March 7, 2018 at 10:00 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 6765-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 7, 2018** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. If you prefer, you can complete the questionnaire online at the following link: <http://denr.sd.gov/iq.aspx>

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Hayti SD 57241

Dear Mr. Kraning:

I am writing to acknowledge receipt of your 2017 irrigation questionnaire.

You may disregard the January 26, 2018, "Notice" concerning reporting requirements for Water Right No. 6765-3. The information was received in our office prior to the Water Management Board meeting and your name has been deleted from the agenda.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Genny McMath". The signature is written in a cursive, flowing style.

Hayti SD 57241

Dear Mr. Kraning:

I am writing regarding Water Right No. 6765-3 held by the Hamlin School District. On the 2021 irrigation questionnaire for the water right, a note was written on the form indicating the district does not irrigate and no system was constructed.

The water right authorizes diversion of water from a well for maintaining water in a lagoon for irrigation of a 3.5 acre practice football field. An investigation conducted in May 2015 found the well had been drilled and water was being diverted as permitted.

Does the district no longer water the practice football field? If the field is no longer irrigated, is the well still being used or has it been capped or plugged? Enclosed is a copy of the water license and map. Please review and let me know the answers to the above questions. Thank you in advance.

Sincerely,

Genny McMath
