penalty of perjury that I have read this application, examined the attached map, and that the matters stated are true. I further certify, if acting on behalf of an entity or individual other than myself, that I am authorized to submit this application.

**SOUTH DAKOTA
FUTURE USE PERMIT NO. 6834A-3**

Date of first receipt of application December 26, 2018.

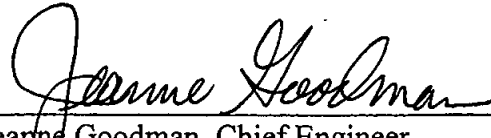

The Chief Engineer, on behalf of the Water Management Board, issues Future Use Permit No. 6834A-3 to Big Sioux Community Water System, Inc., 23343 479th Ave, Egan SD 57024 subject to the following limitations, conditions and qualifications:

1. Future Use Permit No. 6834A-3 amends Future Use Permit No. 6834-3 by expanding the area reserved for future use. Permit No. 6834-3 reserves 600 acre-feet of water annually from the Big Sioux:Northern Skunk Creek Aquifer located in the SW 1/4 Section 16-T105N-R51W. This permit includes the NE 1/4 SE 1/4 Section 6-T105N-R51W to the future use area with no increase in the amount of water reserved for future use by No. 6834-3.
2. The water appropriated shall be for the purpose of rural water system use serving users in Moody, Minnehaha, Brookings and Lake Counties and may not exceed the amount of water needed for beneficial use.
3. The water is to be used during the following described annual period: January 1 – December 31.
4. The date of approval of Permit No. 6834A-3 is April 22, 2019.
5. The date from which applicant may claim right is March 19, 2007 (established by No. 6834-3).
6. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. Future Use Permit No. 6834-3 and Water Permit No. 6834A-3, combined, reserve 600 acre feet of water annually from the Big Sioux:North Skunk Creek aquifer.
2. Future Use Permit No. 6834-3 and Water Permit No. 6834A-3 are approved with the stipulation that the Permits are subject to review by the Water Management Board in developing reserved water upon expiration of seven (7) years. This Permit shall be subject to cancellation if the Water Management Board determines during the review that the holder cannot demonstrate a reasonable need for the Permits.
3. At such time as definite plans are made to construct works and put the water reserved by the permits to beneficial use, specific application for all or any part of the reserved water must be submitted and approved prior to construction of facilities pursuant to SDCL 46-5-38.1.

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6834A-3, Big Sioux Community Water System, Inc.**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6834A-3, Big Sioux Community Water System, Inc., c/o Martin Jarrett, 23343 479th Avenue, Egan SD 57024.

The Chief Engineer is recommending APPROVAL of Application No. 6834A-3 because 1) the applicant has demonstrated a reasonable need for the water reserved, 2) it is a beneficial use of water, and 3) it is in the public interest with the following qualifications:

1. Future Use Permit No. 6834-3 and Water Permit No. 6834A-3, combined, reserve 600 acre feet of water annually from the Big Sioux:North Skunk Creek aquifer.
2. Future Use Permit No. 6834-3 and Water Permit No. 6834A-3 are approved with the stipulation that the Permits are subject to review by the Water Management Board in developing reserved water upon expiration of seven (7) years. This Permit shall be subject to cancellation if the Water Management Board determines during the review that the holder cannot demonstrate a reasonable need for the Permits.
3. At such time as definite plans are made to construct works and put the water reserved by the permits to beneficial use, specific application for all or any part of the reserved water must be submitted and approved prior to construction of facilities pursuant to SDCL 46-5-38.1.

See report on application for additional information.

Jeanne Goodman, Chief Engineer
February 26, 2019

Report to the Chief Engineer
Application No. 6834A-3
Big Sioux Community Water System

February 1, 2019

Application No. 6834A-3 proposes to amend Future Use Permit No. 6834-3 by expanding the area reserved for future use. Permit No. 6834-3 reserves 600 acre-feet of water annually from the Big Sioux: Northern Skunk Creek Aquifer located in SW ¼ Section 16-T105N-R51W. This application requests including the NE ¼ SE ¼ Section 6-T105N-R51W to the future use area with no increase in the amount of water reserved for future use by No. 6834-3.

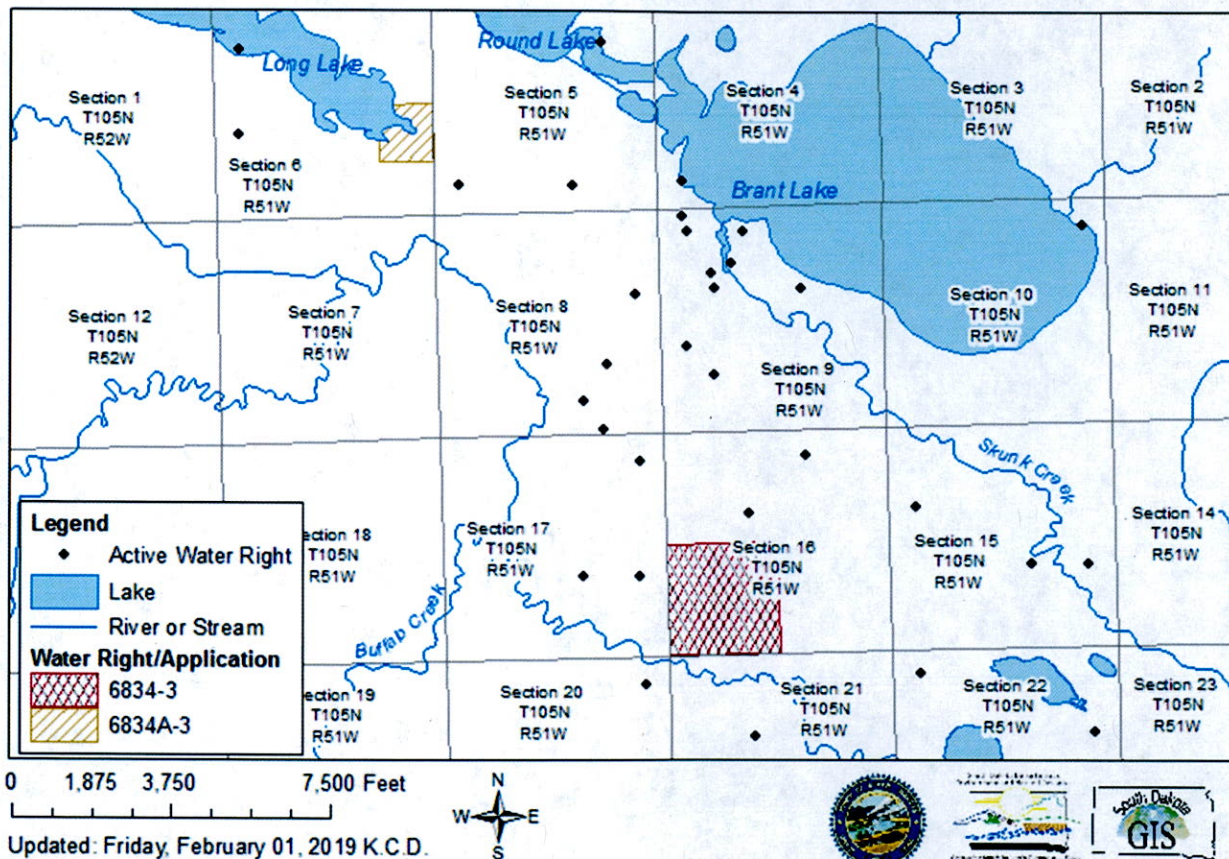

Figure 1: Area for Future Use Permit 6834-3 and Application No. 6834A-3 (SD Water Rights, 2019)

Aquifer: Big Sioux: Northern Skunk Creek

The Big Sioux: Northern Skunk Creek aquifer management unit is a glacial outwash that underlies 48 square miles below Skunk Creek, Lake Madison, Brant Lake, and other surface water features (Hansen, 1986). It has an average thickness of 39 feet and is under mostly unconfined (water table) conditions, including in the location of the area proposed to add to Future Use Permit 6834-3 by this application (Hansen, 1986). Since the aquifer is under water

table conditions in the area of the application, it is unlikely the location of new wells in the area could have drawdown impacts on existing water rights.

A future use permit can be considered a reservation of water with emphasis on the source aquifer over that of a specific location. In approval of Future Use Permit No. 6834-3, it was determined that the criteria established by SDCL 46-2A-10 were met, namely unappropriated water was available, the water was needed, and the use is a beneficial use and in the public interest (Goodman, 2007). The Water Management Board has allowed expansion of future use areas with the retention of the original priority dates in the past. Amending Future Use Permit No. 6834-3 to expand the future use area (Figure 1) is not a substantive change to the permit. This and any other amendments to Future Use Permit No. 6834-3 should retain the original 2007 priority date and the permit's qualifications.

Conclusions:

1. Application No. 6834A-3 does not propose any additional withdrawal from the Big Sioux: Northern Skunk Creek aquifer management unit.
2. It is not likely wells in the proposed area will impact prior appropriative users.
3. Application No. 6834A-3 should contain the same qualifications as Future Use Permit No. 6834-3.

NOTICE OF
APPLICATION NO. 6834A-3
to Amend Future Use Area
of Future Use
Permit No. 6834-3
and No. 6387-3 to Construct
and Place to Beneficial Use
Reserved Water

Notice is given that Big Sioux Community Water System Inc., c/o Martin Jarrett, 23343 479th Ave, Egan SD 57024 has filed the following applications for water permits. The Big Sioux Community Water System serves users in Lake, Moody, Minnehaha and Brookings Counties.

Application No. 6834A-3 proposes to amend Future Use Permit No. 6834-3 by expanding the area reserved for future use. Permit No. 6834-3 reserves 600 acre-feet of water annually from the Big Sioux/Northern Skunk Creek Aquifer located in the SW 1/4 Section 16-T105N-R51W. This application requests including the NE 1/4 SE 1/4 Section 6-T105N-R51W to the future use area with no increase in the amount of water reserved for future use by No. 6834-3.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6834A-3 because 1) the applicant has demonstrated a reasonable need for the water reserved, 2) it is a beneficial use of water, and 3) it is in the public interest.

Application No. 8387-3 proposes to construct and place to beneficial use 300 acre-feet of water annually at a maximum pump rate of 0.67 cubic feet of water per second from one well to be completed into the Big Sioux/Northern Skunk Creek Aquifer (36 feet deep) located in the NE 1/4 SE 1/4 Section 6-T105N-R51W. Construction of the project is subject to approval of Application No. 6834A-3 to expand the future use area. The water was appropriated and reserved by Future Use Permit No. 6834-3. The water will be used to supply Dakota Ethanol located in the NE 1/4 Section 21-T106N-R51W. The site of the new well is approximately 7 miles east south-east of Madison SD.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 8387-3 because 1) existing rights will not be unlawfully impaired, 2) it is a beneficial use of water, and 3) it is in the public interest.

The Chief Engineer's recommendations with qualifications, the applications, and staff reports are available at <http://denr.sd.gov/public> or contact Eric Grønlund for this information, or other information, at the Water Rights Program address provided below.

Any person interested in opposing or supporting these applications or recommendations must file a written

petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 22, 2019.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

If the applicant does not contest the recommendations of the Chief Engineer and no petition to oppose the applications are received, the Chief Engineer shall act on the applications pursuant to the recommendations with no hearing held before the Water Management Board. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

**NOTICE OF APPLICATION
NO. 6834A-3
to Amend Future Use Area of
Future Use Permit No. 6834-3
and No. 8387-3 to Construct and
Place to Beneficial Use
Reserved Water**

Notice is given that Big Sioux Community Water System Inc., c/o Martin Jarrett, 23343 479th Ave, Egan SD 57024 has filed the following applications for water permits. The Big Sioux Community Water System serves users in Lake, Moody, Minnehaha and Brookings Counties.

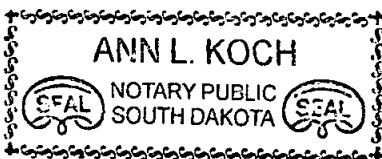

Application No. 6834A-3 proposes to amend Future Use Permit No. 6834-3 by expanding the area reserved for future use. Permit No. 6834-3 reserves 600 acre-feet of water annually from the Big Sioux: Northern Skunk Creek Aquifer located in the SW 1/4 Section 16-T105N-R51W. This application requests including the NE 1/4 SE 1/4 Section 6-T105N-R51W to the future use area with no increase in the amount of water reserved for future use by No. 6834-3.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6834A-3 because 1) the applicant has demonstrated a reasonable need for the water reserved, 2) it is a beneficial use of water, and 3) it is in the public interest.

Application No. 8387-3 proposes to construct and place to beneficial use 300 acre-feet of water annually at a maximum pump rate of 0.67 cubic feet of water per second from one well to be completed into the Big Sioux: Northern Skunk Creek Aquifer (36 feet deep) located in the NE 1/4 SE 1/4 Section 6-T105N-R51W. Construction of the project is subject to approval of Application No. 6834A-3 to expand the future use area. The water was appropriated and reserved by Future Use Permit No. 6834-3. The water will be used to supply Dakota Ethanol located in the NE 1/4 Section 21-T106N-R51W. The site of the new well is approximately 7 miles east southeast of Madison SD.

Attorneys for

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 8387-3 because 1) existing rights will not be unlawfully impaired, 2) it is a beneficial use of water, and 3) it is in the public interest.

The Chief Engineer's recommendations with qualifications, the applications, and staff reports are available at <http://denr.sd.gov/public> or contact Eric Gronlund for this information, or other information, at the Water Rights Program address provided below.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by March 18, 2019.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

If the applicant does not contest the recommendations of the Chief Engineer and no petition to oppose the applications are received, the Chief Engineer shall act on the

applications pursuant to the recommendations with no hearing held before the Water Management Board. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the applications. Notice of the hearing will be given to the applicant and any person filing a petition.

February 27, 2019

Big Sioux Community Water System Inc.
c/o Martin Jarrett
23343 479 Ave
Egan SD 57024

Dear Mr. Jarrett:

Water Permit Application Nos. 3984B-3, 8391-3, 6834A-3 and 8387-3 for rural water system use have been examined and found to comply with the South Dakota Water Laws and applicable rules. Two separate notices have been sent to the following papers:

Madison Daily Leader 605 256-4555
Argus Leader 605 331-2200

Moody County Enterprise 605 997-3725
Brookings Register 605 692-6271

You will need to contact the newspapers and authorize publication of each of the notices. For your information, copies of the notices, the recommendations of the Chief Engineer and reports on each application are enclosed. Please review the notices prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspapers to authorize publication of your Notices and to arrange for payment. Early contact with the papers can eliminate delays. Upon receiving authorization from you, the publisher has been instructed to publish your notices. The newspapers have also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendations, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the applications.

RE: Publication Notices

COMMENTS:

The public notice for Permit Nos. 6834A-3 and 8387-3 were originally scheduled to be published in the Argus Leader on March 6, 2019. That notice was not published because Big Sioux Community Water System failed to authorize publication.

Notice was resent the Argus Leader to be published on March 21, 2019. When we received the affidavit for that publication, the clipping had an incorrect date of March 18, 2019 for petitions to be received. The paper had sent me a proof prior to the March 21st publication which was correct. The paper inadvertently published the March 6th notice which consequently had the wrong petition date.

Notice was again resent to be published on April 10, 2019 with an April 22nd date for petitions. This was at no cost to Big Sioux Community Water System.

The affidavit has been received and all publication and petition dates are correct.

I'm going to be resending the notice that needs to be published. Who should I send it to? To you or the allegals@gannett.com

I would like to give Big Sioux Community the name of the person and a phone number of who they should contact to authorize publication and arrange for payment.

Thanks,
Karen

Hi Karen,

One of the notices did not run as the payment was not made. How would you like to proceed?

Thanks,

Kia Thor

Hi Karen,

I will contact Martin for payment.

Please find attached your order confirmation and proof of the ad.

Your ad is set to run in:

- Argus Leader on Mar 6 \$95.53
- Argus Leader on Mar 6 \$96.09

The total cost is \$XX.XX, which includes an affidavit which will be mailed to you after the ad publishes. Please reply by Mar 4 at 12 noon with changes and payment of the ad. You will be able to receive an affidavit 7-10 business days after the last day of printing.

Thanks,

Kia Thor

MAY 03 2019

Big Sioux Community Water System, Inc.
c/o Martin Jarrett, Manager
23343 479th Ave
Egan SD 57024

Dear Mr. Jarrett:

Enclosed are Future Use Permit Nos. 3984B-3 and 6834A-3 authorizing expanding the area reserved for future use and Water Permit Nos. 8391-3 and 8387-3 authorizing construction of the water diversion systems and beneficial use of the water, not exceeding the limits as specified in the Water Permits.

Form 10's, *Notice of Completion of Works and Application of Water to Beneficial Use*, are enclosed. Please return the completed forms after you have finished the systems and have put the water to beneficial use. An investigation can then be scheduled so the water licenses may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Jeanne Goodman, Chief Engineer

RE: Water Remaining in Future Use Permit Nos. 6834-3 and 6834A-3

COMMENTS:

Big Sioux CWS holds Future Use Permit No. 6834-3 which authorized 600 acre-feet of water for future use. No. 6834A-3 expanded the future use area described in No. 6834-3.

Water Right No. 8387-3 authorized construction and placement to beneficial use, 300 acre-feet of water annually reserved by No. 6834-3.

At this time, 300 acre-feet of water remains in No. 6834-3.

Karen Schlaak
