SOUTH DAKOTA
WATER PERMIT NO. 6943-3

Date of first receipt of application January 22, 2008.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 6943-3 to Jerome and Dorothy Sylliaasen, 44772 309th St, Mission Hill SD 57046 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 6943-3 appropriates 1.56 cubic feet of water per second from one well to be completed into the Missouri:Elk Point Aquifer (approximately 120 feet deep) located in approximate center of the SW 1/4 Section 21 to irrigate 123 acres located in the SW 1/4 Section 21; all in T94N-R54W.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: June 1 – September 30.
3. The date from which applicant may claim right is January 22, 2008.
4. The date of approval of Permit No. 6943-3 is March 17, 2008.
5. One-fifth of the construction is to be completed on or before September 17, 2010.
6. All construction is to be completed on or before March 17, 2013.
7. Water is to be put to beneficial use on or before March 17, 2017.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6943-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 6943-3, Jerome and Dorothy Sylliaasen**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 6943-3, Jerome and Dorothy Sylliaasen, 44772 309th Street, Mission Hill SD 57046.

The Chief Engineer is recommending APPROVAL of Application No. 6943-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 6943-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Garland Erbele, Chief Engineer
February 11, 2008

REPORT ON WATER PERMIT APPLICATION NO. 6943-3
For Jerome & Dorothy Sylliaasen
February 6, 2008

Application No. 6943-3 proposes to appropriate 1.56 cfs from one well approximately 120 feet deep located in the approximate center of the SW $\frac{1}{4}$ of section 21 to irrigate 123 acres located in the SW $\frac{1}{4}$ of section 21 all in T94N R54W in Yankton County.

AQUIFER – MISSOURI ELK POINT (M-EP)

The Missouri Elk Point aquifer is a surficial outwash (sand and gravel) that is under water table conditions in this portion of Yankton County. The aquifer underlies 45,000 acres and contains an estimated 675,000 acre-feet of recoverable water in storage in Yankton County (Hedges, 1982). The aquifer extends into Clay County to the east, blends into the Lower James Missouri aquifer to the north and is hydraulically connected to the James and Missouri Rivers over portions of Yankton County. Bugliosi in the Yankton County Study divided the Lower James Missouri aquifer into the northern and southern areas which roughly coincide with the Lower James Missouri aquifer and Missouri Elk Point aquifer as mapped by Hedges. The aquifer is prolific and well yields can be expected to be at least 500 gpm and may be more than 1,000 gpm (Bugliosi, 1986).

No test wells were drilled for this application. The estimate of 120 feet is not documented but certainly should be sufficient to penetrate the entire aquifer. Test wells need to be drilled to determine if the site has sufficient water for development for irrigation. The county study, other irrigation and domestic wells and observation wells all indicate irrigation potential. Also this area should have about 100 feet of saturated thickness in the aquifer (Bugliosi, 1986).

The Water Rights Program monitors observation well YA-80JA located within one mile of this proposed well site. Water levels for this well show good response to climatic conditions. The water levels rise during wet years (recharge) and gradually decline during dry years. In general the water level record indicates that the aquifer is capable of sustaining additional withdrawals (Water Rights, 2007). A hydrograph for this observation well is included with this report.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

The nearest existing water permit is No. 6655-3 (1.78 cfs, irrigation of 129 acres) with that well located about one-half mile east of this proposed well site. That production well was capable of producing 100 gpm/ft of drawdown. Drawdown created by pumping at this distance between wells is not expected to be significant. This is shown by the observation well hydrograph for YA-80JA that is located about one mile north of the proposed irrigation well. Interference is not expected to be a concern.

CONCLUSIONS

1. Water is available from the Missouri Elk Point aquifer.
2. The aquifer is under water table conditions in this area. Drawdown created by pumping is not expected to be significant. Interference is not a concern.
3. The well authorized by this application must be constructed in accordance with SD Well Construction Standards.

James A Goodman
Natural Resources Engineer

NOTICE OF APPLICATION
NOS. 6943-3, 6944-3 and 6945-3
to Appropriate Water

Notice is given that Jerome &
Dorothy Sylliaasen, 44772 309th
St, Mission Hill SD 57046 have
filed the following applications for
a water permit.

Application No. 6943-3 proposes
to appropriate 1.56 cubic feet of
water per second (cfs) from one
well to be completed into the
Missouri-Elk Point Aquifer
(approximately 120 feet deep)
located in approximate center of
the SW 1/4 Section 21 to irrigate
123 acres located in the SW 1/4
Section 21; all in T94N-R54W.

Application No. 6944-3 proposes
to appropriate 1.56 cfs from one
well to be completed into the
Missouri-Elk Point Aquifer
(approximately 120 feet deep)
located in the N 1/2 NE 1/4
Section 32 to irrigate 68 acres
located in the N 1/2 NE 1/4
Section 32; all in T94N-R54W.
The applicant is requesting a
diversion rate greater than the
statutory limit of 1 cfs per 70
acres.

Application No. 6945-3 proposes
to appropriate 1.56 cfs from one
well to be completed into the
Missouri-Elk Point Aquifer
(approximately 120 feet deep)
located in the N 1/2 NE 1/4
Section 32 (same well as listed
above) to irrigate 68 acres located
in the S 1/2 SE 1/4 Section 29; all
in T94N-R54W. The applicant is
requesting a diversion rate greater
than the statutory limit of 1 cfs per
70 acres.

Pursuant to SDCL 46-2A-2, the
Chief Engineer recommends
APPROVAL of Application Nos.
6943-3, 6944-3 and 6945-3
because 1) unappropriated water is
available, 2) existing rights will
not be unlawfully impaired, 3) it is
a beneficial use of water, and 4) it
is in the public interest. In accordance
with SDCL 46-2A-23, the
Chief Engineer will act on these
applications, as recommended,
unless a petition is filed opposing
the applications or the applicant

petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by March 17, 2008.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. [redacted] Secretary, Department of Environment and Natural Resources.

ATTENTION: Legal Public Notice

Enclosed is a Notice on Application Nos. 6943-3, 6944-3 and 6945-3 to Appropriate Water to be published twice. Please publish the first notice on February 28, 2008 with the second publication 7 days later. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352.

The applicant must verify to you that the notice is to be published, before you make the first publication. **Please BILL the APPLICANT for the cost of publication.** The APPLICANT is Jerome & Dorothy Sylliaasen, 44772 309th St, Mission Hill SD 57046 (Ph # 605 665-7256).

Please send the Water Rights Program the first publication immediately. The publication is checked for accuracy so any corrections can be made in the second publication. You may use the form below or fax a copy of the first publication. Any fax should be sent to the attention of Karen Schlaak at (605) 773-4068. Publication errors can invalidate the public notice.

After the second publication, **please send us an affidavit or use the enclosed Proof of Publication form.** The applicant pays the cost of publication, but the Water Rights Program records require an affidavit or Proof of Publication. Delays in receiving the affidavit can be costly to the applicant.

Sincerely,

Eric Gronlund
Natural Resources Engineer

Dear Mr. & Mrs. Sylliaasen:

Water Permit Application No. 6943-3, 6944-3 and 6945-3 for irrigation use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Publisher of the Press & Dakotan printed at Yankton SD (Ph # 605 665-7811). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendations of the Chief Engineer and reports on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendations, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the applications.

Instruction to Newspaper - Publish first Notice on February 28, 2008 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF APPLICATION NOS. 6943-3, 6944-3 and 6945-3 to Appropriate Water

Notice is given that Jerome & Dorothy Sylliaasen, 44772 309th St, Mission Hill SD 57046 have filed the following applications for a water permit.

Application No. 6943-3 proposes to appropriate 1.56 cubic feet of water per second (cfs) from one well to be completed into the Missouri:Elk Point Aquifer (approximately 120 feet deep) located in approximate center of the SW ¼ Section 21 to irrigate 123 acres located in the SW ¼ Section 21; all in T94N-R54W.

Application No. 6944-3 proposes to appropriate 1.56 cfs from one well to be completed into the Missouri:Elk Point Aquifer (approximately 120 feet deep) located in the N ½ NE ¼ Section 32 to irrigate 68 acres located in the N ½ NE ¼ Section 32; all in T94N-R54W. The applicant is requesting a diversion rate greater than the statutory limit of 1 cfs per 70 acres.

Application No. 6945-3 proposes to appropriate 1.56 cfs from one well to be completed into the Missouri:Elk Point Aquifer (approximately 120 feet deep) located in the N ½ NE ¼ Section 32 (same well as listed above) to irrigate 68 acres located in the S ½ SE ¼ Section 29; all in T94N-R54W. The applicant is requesting a diversion rate greater than the statutory limit of 1 cfs per 70 acres.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 6943-3, 6944-3 and 6945-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by March 17, 2008.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Jerome & Dorothy Sylliaasen
44772 309th St
Mission Hill SD 57046

Dear Mr. and Mrs. Sylliaasen:

Enclosed are Water Permit Nos. 6943-3, 6944-3 and 6945-3 authorizing construction of your water diversion systems and beneficial use of the water, not exceeding the limits as specified in the Water Permits.

Form 10's, *Notice of Completion of Works and Application of Water to Beneficial Use*, are enclosed. Please return the completed forms after you have finished the systems and have put the water to beneficial use. An investigation can then be scheduled so the water licenses may be issued, thus completing the acquisition of a water right.

An informational sheet ? *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer

(city, state, zip) (phone)

I have completed the construction of the water use system and I have put the water to beneficial use to the maximum extent it is going to be used.

Water Permit No. 6943-3 states that the water use system is to be constructed by

March 17, 2013 and water is to be put to beneficial use by March 17, 2017.
(date) (date)

The water use system was completed on June 2007.
(date)

Applying the water to beneficial use was completed on July 2007.
(date)

You may schedule an investigation so that the water license may be issued.

Dear Mr. & Mrs. Sylliaasen:

Thank you for the prompt return of your 2010 irrigation questionnaires and the "Completion of Works" forms.

The systems are now ready for inspection. Inspections are done on a county-by-county basis as staff time permits. You have done everything you need to do and the intervening time between the completion of your project and the staff inspection has no bearing on your water permits.

Someone from our office will contact you prior to the inspection to set up a time that is convenient for you. If you have any questions, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Genny McMath". The signature is written in a cursive, flowing style.

Mission Hill SD 57046

Dear Mr. Epp:

I am writing in follow-up to our phone conversation concerning Water Permit Nos. 6943-3, 6944-3 and 6945-3 listed in the names of Jerome and Dorothy Sylliaasen.

When ownership is determined, the permits should be transferred to reflect current ownership. Enclosed are partially completed Notice of Transfer of Ownership forms for filing the ownership changes. Upon completion, please sign the forms and return them to our office with a required filing fee of \$50.00 each (total of \$150). The check or money order for the fee can be made payable to the Water Rights Program.

I have included copies of the water permits for you to keep or to give to whoever may need them. Additional copies can be obtained from our website at the following link:
<https://denr.sd.gov/des/wr/wr.aspx> Once you get to the website, go to the link for databases (along the left side of the page) and then click on "water rights". You would be able to put in the permit number and obtain a copy of the entire administrative record for each water permit.

If you have any questions concerning the water permits or completion of the ownership changes, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Genny McMath". The signature is fluid and cursive, with the first name "Genny" being more prominent.

RECEIVED

NOV 04 2019

WATER RIGHTS
PROGRAM

No.

Ck# 5407
6943-3

Date:

Oct 31 2019

I/We request that Water Permit No. 6943-3

formerly owned by: Jerome and Dorothy Sylliaasen

be transferred to: (name & address) RAYMON & PAMELA EPP

30849 448TH AVE

MISSION HILL, S. DAK.

57046-6106

Telephone No. 605-661-7099

760-~~6424~~
0747

Title to the following described land(s)/property has been transferred as described above:

123 acres - SW ¼ Section 21, T94N, R54W

I/We understand that the validity of Water Permit No. 6943-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We RAY & PAM EPP, the new owner, certify that the above information is true and correct.

Raymond D. Epp
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

**Report of Examination of Works and/or Application of Water to Beneficial Use
For Permit No. 6943-3**

I have this day, March 9, 2021, made a thorough examination of the water use system owned by Raymon and Pamela Epp, 30849 448th Ave., Mission Hill, SD 57046-6106, holders of Permit No. 6943-3, bearing the priority date of January 22, 2008, authorizing the diversion of 1.56 cu. ft. per second of the waters of groundwater (Missouri: Elk Point Aquifer) for the irrigation of 123 acres, located in Yankton County.

Inspection contact: Raymon Epp

A. Works used to divert the water:

Well Information:

- 1) Well Drilling Firm: Hammond Wetmore Drilling
- 2) No. of Wells: 1
- 3) Depth(s): 106 feet
- 4) Well log is available: Yes

Casing:

- 1) Diameter: 16 inches
- 2) Length: 61 feet
- 3) Type: PVC

Screen:

- 1) Diameter: 16 inches
- 2) Length: 40 feet
- 3) Type: PVC
- 4) Static water level: 18 feet

Pump:

- 1) Make: Grundfos
- 2) Model: 800S300-1
- 3) Capacity: 700 gpm

Motor:

- 1) Make: Franklin
- 2) Model No.: Unknown
- 3) Horsepower rating: 30 hp

B. Works used to transport water to place of use:

- 1) Type: Galvanized
- 2) Size: 8 inches
- 3) Length: 10 feet

C. Works used to apply water to beneficial use:

West Center Pivot:

- 1) Make: Valley
- 2) Overall length: 1,288 feet
- 3) Number of towers: 7
- 4) End gun: Yes
- 5) Capacity: 700 gpm

Chemigation Equipment:

- 1) Does chemigate: No

D. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by: Yes
- 2) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period: Yes
- 3) Exceptions to compliance are: None

E. Condition and Location:

1. The system is in good condition with the point(s) of diversion located as follows:
The well is 1,310 feet east and 1,360 feet north of the southwest corner of Section 21-T94N-R54W (Latitude 42.94200, Longitude -97.23492 – NW1/4 of the SW1/4).
- 2) The works are capable of diverting and conveying to the place of use 1.56 cu. ft. per second of water which is to be used for irrigation purposes. Water has been put to beneficial use to the maximum extent as follows: All in Section 21-T94N-R54W

<u>NW1/4SW1/4</u>	<u>34 acres</u>
<u>NE1/4SW1/4</u>	<u>34 acres</u>
<u>SW1/4SW1/4</u>	<u>27 acres</u>
<u>SE1/4SW1/4</u>	<u>20 acres</u>

comprising a total of 115 acres of land and the license should be issued for 1.56 cfs.

- 3) All structures, wells and lands on map Yes

F. Comments or other permit(s) associated with the project: Heine Electric and Irrigation furnished the pump and motor information.

Raymon & Pamela Epp
30849 448th Ave
Mission Hill SD 57046-6106

Dear Mr. & Mrs. Epp:

Enclosed is Water License No. 6943-3. This is the final water right document completing your process of obtaining a Water Right. Included with your license is a map prepared by the staff engineer who conducted the field investigation.

For your information SDCL 46-6-27 requires that if in the future, the owner of an existing well, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

Eric Gronlund, Chief Engineer
Water Rights Program
(605) 773-3352

enclosures

**STATE OF SOUTH DAKOTA
WATER LICENSE NO. 6943-3**

(1) Jerome and Dorothy Sylliaasen, Mission Hill SD made Application No. 6943-3, January 22, 2008 for a water permit to divert 1.56 cubic feet of water per second from ground water, one well (Missouri Elk Point Aquifer), Yankton County, South Dakota for irrigation purposes. Permit No. 6943-3, with a priority date of January 22, 2008 was approved March 17, 2008 and issued to the applicants for diversion of water with construction of the described water supply system to be completed on or before March 17, 2013 and for the application to beneficial use of water on or before March 17, 2017.

On November 4, 2019, Water Permit No. 6943-3 was transferred to Raymon & Pamela Epp.

(2) It is certified that the permit holders have complied with the provisions of South Dakota State Law relating to completion of the water supply system and are entitled to divert 1.56 cubic feet of water per second for beneficial use. The diversion point is located:

- 1,310'E and 1,360'N of the SW corner of Section 21, T94N, R54W (NW ¼ SW ¼)
Latitude 42.94200, Longitude -97.23492

(3) The permit holders have complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 21, T94N, R54W	NW ¼ SW ¼	34 acres
	NE ¼ SW ¼	34 acres
	SW ¼ SW ¼	27 acres
	SE ¼ SW ¼	20 acres
Total		115 acres

(4) Pursuant to South Dakota Water Law 46-5-30.1 Raymon and Pamela Epp, 30849 448th Ave, Mission Hill SD 57046-6106 the holders and/or owners of Water Right No. 6943-3 are issued a license to appropriate water, the right to use 1.56 cubic feet of water per second from ground water, one well (Missouri Elk Point Aquifer) with a priority date of January 22, 2008 from the location specified in (2) of this license for irrigation purposes.

This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Right No. 6943-3 and subject to the following qualifications:

- The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- The well authorized by Permit No. 6943-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with the Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28. *The well was drilled in June, 2008 by Hammond-Wetmore Drilling. A copy of the well completion report is on file with the Water Rights Program.*

continued

- This Water Right is approved subject to the irrigation water use questionnaire being submitted each year.
