

WATER PERMIT NO. 7948-3

Name of Applicant: Hansen Properties

Address: PO Box B, Centerville SD 57014 Phone: 605 563-2212

Amount of Water Claimed: 1.78 cfs Total Acres: 55.02

Source of Water Supply: groundwater (one well)

Water to be used for: irrigation County: Clay

Type of Waste Disposal System:

Location: approximately 5 miles south of Centerville

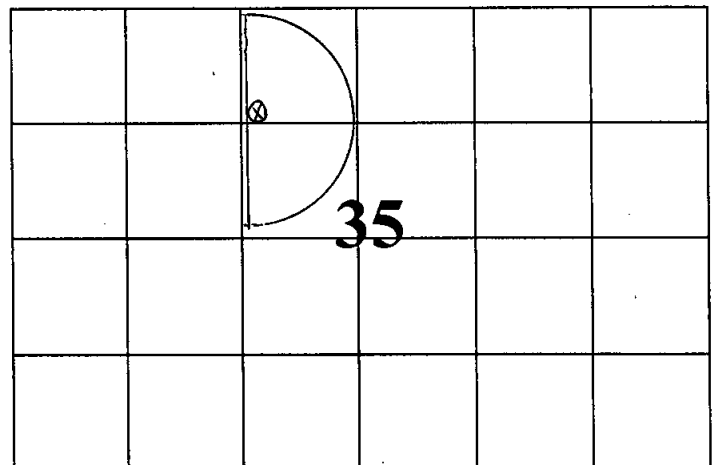

PRIORITY Date Received: 1-23-14 Application/License Fee: \$ 700

Corrected Application Received: Period of Annual Use: May 1 – October 31

Remarks:

Diversion Point: NE 1/4 NW 1/4 Sec 35-T95N-
R52W

Land to be Irrigated: E 1/2 NW 1/4 Sec 35-T95N-
R52W

Depth of Well: 150 feet deep

Well Driller:

se,nw, section 35, t95n r 52w	27.51		
	55.02		

8. Give a description of the project. (Attach sheet if more space is needed)

Center pivot irrigation of the above listed cropland

Requesting diversion rate greater than
Statutory limit

PIVOT #39

I, Roger A. Hansen, the applicant, certify that I have read this application, have examined the attached map, and that the matters stated are true.

SOUTH DAKOTA
WATER PERMIT NO. 7948-3

Date of first receipt of application January 23, 2014.

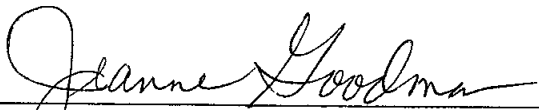

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 7948-3 to Hansen Properties, PO Box B, Centerville SD 57014 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 7948-3 appropriates 1.78 cubic feet of water per second (cfs) from one well to be completed into the Southern Management Unit of the Upper Vermillion-Missouri Aquifer (150 feet deep) located in the NE 1/4 NW 1/4 Section 35 to irrigate 55.02 acres located in the E 1/2 NW 1/4 Section 35; all in T95N-R52W.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: May 1 – October 31.
3. The date from which applicant may claim right is January 23, 2014.
4. The date of approval of Permit No. 7948-3 is April 7, 2014.
5. One-fifth of the construction is to be completed on or before October 7, 2016.
6. All construction is to be completed on or before April 7, 2019.
7. Water is to be put to beneficial use on or before April 7, 2023.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 7948-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 7948-3 authorizes a maximum diversion rate of 1.78 cfs for the irrigation of 55.02 acres with an annual volume not to exceed 2 acre feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Dear Ms. Deeb:

Please find enclosed the staff reports, recommendations and the public notice for water permit applications filed by Hansen Properties that are set for public notice. The notice is to be published in the Plain Talk and Press & Dakotan on March 28, 2014.

This information is being sent as you have expressed concern regarding the irrigation development in proximity to a domestic well you use for livestock watering.

Sincerely,

Eric Gronlund

Centerville, S.D. 57014

April 03, 2014

Department of Environment
& Natural Resources
Chief Engineer - Water Rights Program
Foss Building
523 East Capitol
Pierre, S.D. 57501

Dear Jeanne Goodman,

This letter is in regards to Water Permit
Application No 7949-3 and No. 7948-3 Hansen
Properties.

You are recommending approval based on
SOCL 46-2A-2. The determination has been
made that quote: "1) unappropriated water is
available" and "2) existing rights will not be
unlawfully impaired".

Also stated in the Recommendation of Chief
Engineer for Water Permit is #4) "it is in the
public interest with the following qualifications":
1) the well approved under this permit will be
located near domestic wells and other wells which
may obtain water from the same aquifer. The well
owner under this permit shall control his withdrawals
so there is no reduction of needed water supplies
in adequate domestic wells

And another statement: "There is a reasonable probability that any interference will not be adverse".

As I stated to Eric Gronlund during my phone conversations, my only concern is the probability of being adversely affected on my farm operation.

Following Eric's advice, I contacted a licensed well contractor from your list on the DNR website. My "well-man" agreed with your findings, and my well, which is not delivered by artesian head pressure, should be fine. However, my wellman also stated a "note" to your office about my concerns was a good idea. Should the need arise, your office would be fully aware of the situation.

I am not opposed to the Hansen Property applications as long as my Farm's well is not adversely affected and if such an occurrence develops the (Chief Engineer) acts accordingly "to reduce the withdrawals of the pivots in question".

When Mother Nature does not provide enough water for crops to grow, some producers are fortunate enough to have invested in Pivot Irrigation. It is exactly those times of "not enough rainfall"

that could cause "a reduction of needed water supplies".

and as stated in your information packets;
"It may be possible that drawdown from these proposed appropriations may be measureable in the nearby domestic and appropriative right wells"

I am confident that the best interest of all parties concerned are taken into account.

Thank you for the information packets and the advice regarding the Applications for a Water Permit

Sincerely,

Sharon E. Deeb

4-7-14

HELLO SHARON —

I APPRECIATED YOUR NOTE.

I AM CONFIDENT YOU ARE NOT TRYING TO BE HOSTILE IN ANY WAY, AND I ASSURE YOU, I AM NOT A BAD NEIGHBOR EITHER.

THE WELL WILL BE BELOW YOU AND MELVIN. NORMALLY WE WOULD ONLY PUMP FOR ABOUT 2-2½ MONTHS IN THE SUMMER. IT SHOULD TAKE 1½-2 DAYS TO MAKE THE $\frac{3}{4}$ CIRCLE ON THAT PIVOT AND THAT BOTTOM GROUND HOLDS THE MOISTURE. LIKELY WE WOULDN'T PUMP AGAIN FOR A COUPLE OF WEEKS UNLESS IT IS REALLY DRY. THE LOWER VERMILION AQUIFER IS VERY THICK WITH LOTS OF WATER. THAT'S THE REASON CLAY RURAL WATER HAS 3 WELL HEADS THERE. I HAVE 2 WELLS WITHIN 500 FEET OF MY HOUSE AND I HAVE NO PROBLEM.

PLEASE TELL ME RIGHT AWAY, IF YOU EVER FEEL A PROBLEM IS CAUSED FOR YOU.

700 BROADWAY CENTERVILLE SOUTH DAKOTA 57014
PHONE (605) 563-2212 FAX (605) 563-2640

I WILL BE TALKING TO YOU SOON ABOUT A DIFFERENT WATER THAT I THINK WILL BE GOOD FOR BOTH OF US. I'VE JUST BEEN BUSY.

Regards!

Roger Hansen

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 7948-3, Hansen Properties**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 7948-3, Hansen Properties, c/o Roger Hansen, PO Box B, Centerville SD 57014.

The Chief Engineer is recommending APPROVAL of Application No. 7948-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit No. 7948-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Permit No. 7948-3 authorizes a maximum diversion rate of 1.78 cfs for the irrigation of 55.02 acres with an annual volume not to exceed 2 acre feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

for Jeanne Goodman, Chief Engineer
March 17, 2014

REPORT TO THE CHIEF ENGINEER
ON
WATER PERMIT APPLICATION NOS. 7947-3, 7948-3, AND 7949-3
HANSEN PROPERTIES
C/O ROGER A. HANSEN
MARCH 13, 2014

Water Permit Application No. 7947-3 proposes to appropriate water at a maximum diversion rate of 1.78 cubic feet of water per second (cfs) from one well to be completed into the Upper Vermillion Missouri: South aquifer. The well is expected to be 150 feet deep and is to be located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26 (1,390 feet east and 1,315 feet north of the SE corner of Section 26) for the irrigation of 133.44 acres located in the E $\frac{1}{2}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, and the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26; all in T95N-R52W in Clay County.

Water Permit Application No. 7948-3 proposes to appropriate water at a maximum diversion rate of 1.78 cubic feet of water per second (cfs) from one well to be completed into the Upper Vermillion Missouri: South aquifer. The well is expected to be 150 feet deep and is to be located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 35 for the irrigation of 55.02 acres located in the E $\frac{1}{2}$ NW $\frac{1}{4}$ Section 35; all in T95N-R52W in Clay County. The applicant is requesting a diversion rate greater than the statutory limit.

Water Permit Application No. 7949-3 proposes to appropriate water at a maximum diversion rate of 1.78 cubic feet of water per second (cfs) from one well to be completed into the Upper Vermillion Missouri: South aquifer. The well is expected to be 150 feet deep and is to be located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 35 for the irrigation of 100.9 acres located in the E $\frac{1}{2}$ SW $\frac{1}{4}$, W1/2 SE $\frac{1}{4}$ Section 35; all in T95N-R52W in Clay County. The applicant is requesting a diversion rate greater than the statutory limit.

AQUIFER: South management unit of the Upper Vermillion Missouri (UVM: S)

GEOLOGY AND AQUIFER CHARACTERISTICS:

The Upper Vermillion Missouri aquifer underlies portions of Clay, Hutchinson, Lincoln, Turner, and Yankton Counties (Buhler, 2014). Geologic and hydrologic conditions allow for the aquifer to be considered as three management units (i.e. North, South, and West). A description of the Upper Vermillion Missouri aquifer is available in "Report to the Chief Engineer on 21 Water Permit Applications from the Upper Vermillion Missouri Aquifer, February 1, 2014" (Buhler, 2014). The diversion points requested by these applications are located in the South management unit of the Upper Vermillion Missouri aquifer. The latest aquifer delineation of the Upper Vermillion Missouri aquifer resulted in a change of location of the southern border of the aquifer further south to include the diversion points proposed by these applications.

SDCL 46-2A-9

Pursuant to SDCL 46-2A-9, a permit to appropriate water may be issued only if there is a reasonable probability that there is unappropriated water available for the applicant's proposed use, that the proposed diversion can be developed without unlawful impairment of existing rights, and that the proposed use is a beneficial use and in the public interest. This report will address the availability of unappropriated water and existing rights from the aquifer that are pertinent to the application.

WATER AVAILABILITY:

These applications propose to appropriate water from the Upper Vermillion Missouri: South aquifer. These applications propose to irrigate 289.36 acres. Based on the *average application rate per permitted acreage* (Buhler, 2014) use is expected to be approximately 144.68 ac-ft/yr (ac-ft/yr). The probability of unappropriated water available from an aquifer can be evaluated by considering 46-6-3.1, which requires “No application to appropriate groundwater may be approved if, according to the best information reasonably available, it is probable that the quantity of water withdrawn annually from a ground water source will exceed the quantity of the average estimated annual recharge of water to the groundwater source.” If the source of the water is older or stratigraphically lower than the Greenhorn Formation and a public water system has applied for a permit, the Water Management Board need not consider the recharge/withdrawal issue. In this case, the aquifer is not stratigraphically lower than the Greenhorn Formation and the applicant is not a public water system.

Observation Well Data:

The DENR-Water Rights Program monitors five observation wells completed into the South management unit of the Upper Vermillion Missouri aquifer and two observation wells (CL-66AR and CL-80J) that were originally identified as completed into the Lower Vermillion Missouri aquifer. However, due to the ongoing investigation by the SD DENR-Geological survey, observation wells CL-66AR and CL-80J will likely now be, considered completed into the Upper Vermillion Missouri: South aquifer. All seven hydrographs for the observation wells show upward trending water levels over their respective periods of record. The hydrographs document changes in climatic conditions as well as the temporal impacts of pumping. Since climatic conditions mask temporal impacts, well withdrawals from this management unit are not stressing the system to the extent where natural discharge is impacted. The observation wells in this management unit document unappropriated water is available for appropriation. The nearest observation wells to the proposed well sites are CL-66AR and CL-80J. The hydrographs for CL-66AR and CL-80J are shown in Figures 1 and 2, respectively.

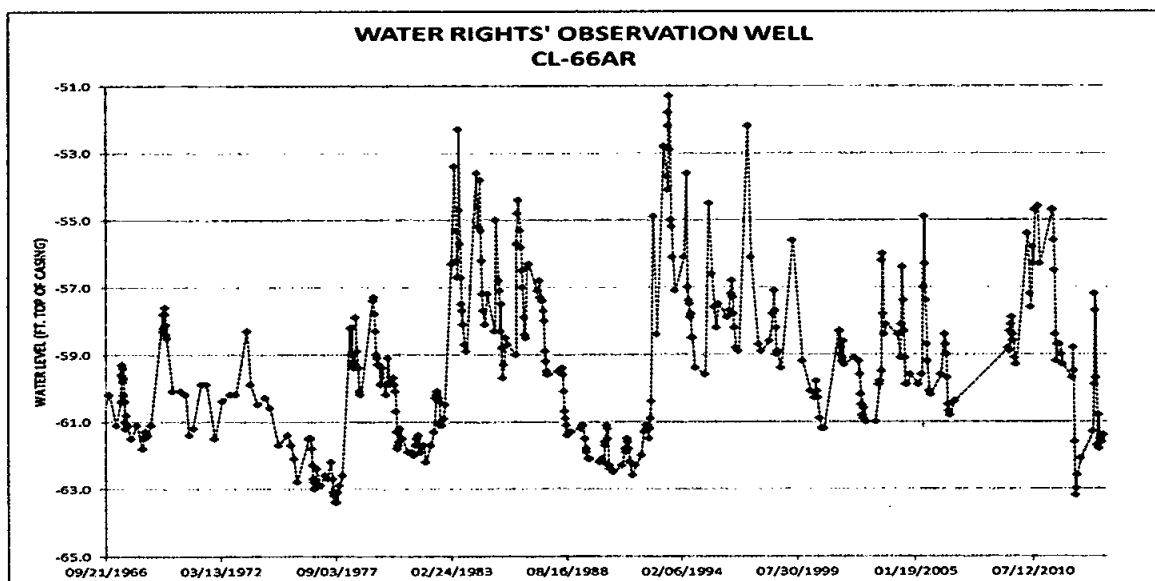

Figure 1- Hydrograph for observation well CL-66AR (Water Rights, 2014a)

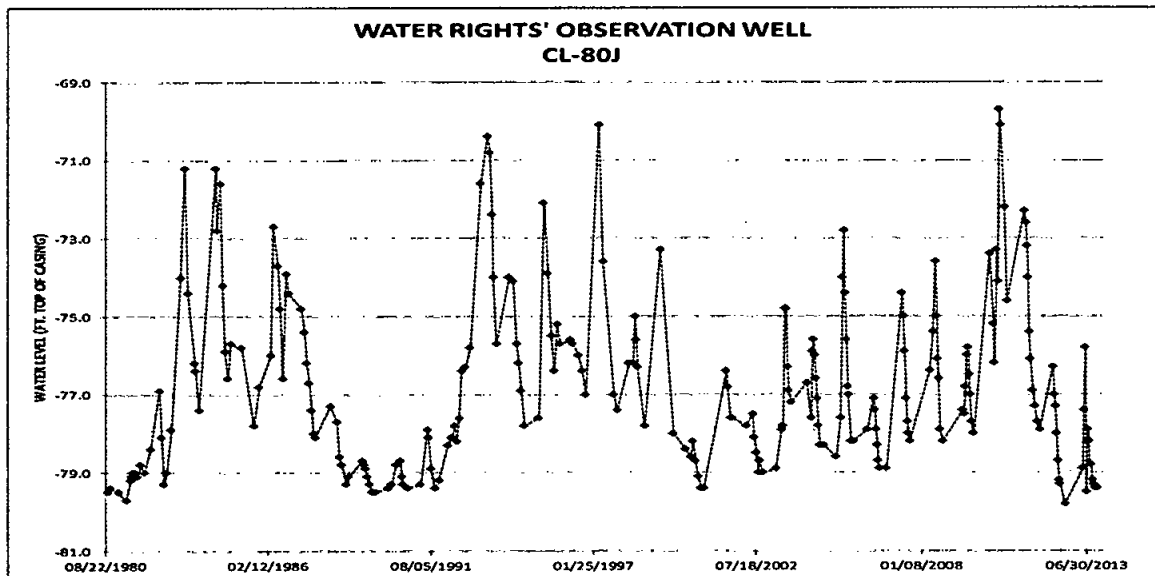

Figure 2- Hydrograph for observation well CL-80J (Water Rights, 2014a)

2014 Flow Net Analysis:

A recent analysis of the Upper Vermillion Missouri aquifer indicates that recharge exceeds withdrawal from the Upper Vermillion Missouri: South by an estimated 5,637 to 8,223 ac-ft/yr (Buhler, 2014). At its March 6, 2014, meeting, the Water Management Board approved 12 water permit application (Nos. 7441-3, 7442-3, 7466-3, 7467-3, 7600-3, 7601-3, 7603-3, 7623-3, 7653-3, 7900-3, 7690-3, and 7919-3) authorizing the irrigation of 1,520.83 acres. The average annual withdrawal that is expected to be associated with these proposed appropriations was estimated based on the *average application rate per permitted acreage* for the Upper Vermillion Missouri aquifer to be 760.4 acre-feet per year (Buhler, 2014). There is a pending application that is expected to use 21.5 ac-ft/yr. Using the most conservative value (5,637 ac-ft/yr), that means there is at least 4,855.1 ac-ft/yr for this proposed appropriation. These applications are expected to use 144.68 ac-ft/yr, using Buhler's (2014) method. Therefore, there is a reasonable probability that unappropriated water is available to supply these proposed appropriations.

EXISTING WATER RIGHTS:

There are four water rights/permits authorizing wells completed into the Upper Vermillion Missouri: South within approximately one mile of any of these proposed well sites (Water Rights, 2014b). Three of the water rights/permits belong to the applicant and the fourth is Water Right No. 3905-3 for Clay Rural Water System. The nearest well authorized by water rights/permits is 2,800 feet northwest of the well site proposed by Application No. 7947-3. There are no domestic wells on file with the DENR-Water Rights Program within approximately one mile of any of the proposed well sites (Water Rights, 2014c).

There is a pending application (Application No. 7945-3) that proposes to locate a well approximately 1,300 feet north of the proposed well site of Application No. 7947-3. Considering the distance between the proposed well sites drawdown is not expected to be significant and interference is not expected to be a concern. DENR-Water Rights Program observation well data in the area verifies this.

Since the Upper Vermillion Missouri: South is under artesian conditions in areas, drawdown may extend some distance from pumped wells. It may be possible that drawdown from these proposed

appropriations may be measurable in the nearby domestic and appropriative right wells. However, the impact of drawdown is not expected to be significant due to the distance between wells and the proliferation of high capacity wells in the aquifer.

SDCL 46-6-6.1 does not protect artesian head pressure as a means of delivery and the Water Management Board has consistently recognized that to place water to maximum beneficial use a certain amount of drawdown may occur. In order to balance interests between irrigation use and delivery of water by artesian pressure, the Water Management Board defined an “adversely impacted domestic well” in ARSD 74:02:04:20(7) as:

“a well in which the pump intake was set at least 20 feet below the top of the aquifer at the time of construction or, if the aquifer is less than 20 feet thick, is as near to the bottom of the aquifer as is practical and the water level of the aquifer has declined to a level that the pump will no longer deliver sufficient water for the well owner’s needs.”

Depending on the specific characteristics of the Upper Vermillion Missouri: South aquifer at the well sites proposed by these applications, some existing well owners may need to lower their pumps to accommodate for deeper water levels. However, when considering the statute (SDCL 46-6-6.1) and rule (ARSD 74:02:04:20(7)), well interference from the proposed appropriation is not likely to cause a significant impact. Therefore, there is a reasonable probability that any interference will not be adverse.

SDCL 46-5-6

Pursuant to SDCL 46-5-6, the diversion rate for an irrigation appropriation cannot be in excess of one cfs for every 70 acres, or “the equivalent thereof.” The statute does provide that the Water Management Board may allow a greater diversion rate if the method of irrigation so requires. Water Permit Application No. 7948-3 proposes to divert 1.78 cfs from the Upper Vermillion Missouri: South aquifer for the irrigation of 55.02 acres, or the equivalent of 2.26 cfs per 70 acres. Water Permit Application No. 7949-3 proposes to divert 1.78 cfs from the Upper Vermillion Missouri: South aquifer for the irrigation of 100.9 acres, or the equivalent of 1.23 cfs per 70 acres. The applicant did not specifically state a reason for the request. However, the maps submitted with Application Nos. 7948-3 and 7949-3 show the center pivots to be used for each application only make partial rotations. In the past, it has been accepted that to run a center pivot that only makes a partial rotation often requires a diversion rate in excess of the statutory limit.

CONCLUSIONS:

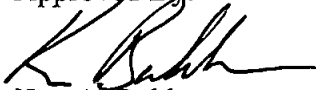

1. Water Permit No. 7947-3 proposes to appropriate 1.78 cfs from the Upper Vermillion Missouri: South aquifer for the irrigation of 133.44 acres in Clay County.
2. Water Permit No. 7948-3 proposes to appropriate 1.78 cfs from the Upper Vermillion Missouri: South aquifer for the irrigation of 55.02 acres in Clay County.
3. Water Permit No. 7949-3 proposes to appropriate 1.78 cfs from the Upper Vermillion Missouri: South aquifer for the irrigation of 100.9 acres in Clay County.
4. There is a reasonable probability that unappropriated water is available from the Upper Vermillion Missouri: South aquifer for these proposed appropriations.

5. There is a reasonable probability that the proposed diversions can be made without adversely impacting existing water rights/permits and domestic users.
6. The applicant is requesting a diversion rate greater than the statutory limit for Application Nos. 6948-3 and 6949-3. The applicant did not explicitly state a reason for the request. However, maps submitted with the applications indicate the center pivots will only be making partial rotations. In the past the Water Management Board has accepted this as a valid reason for the request.

NOTARY PUBLIC, SOUTH DAKOTA

MY COMMISSION EXPIRES

8/19/2015

Notice is given that Hansen Properties, PO Box B, Centerville SD 57014 has filed the following applications for a water permit.

Application No. 6820A-3 proposes to reinstate Water Permit No. 6820-3. Water Permit No. 6820-3 appropriates 1.56 cubic feet of water per second (cfs) from one well to be completed into the Lower Vermillion Missouri Aquifer (approximately 100 feet deep) located in the approximate center of the SW 1/4 Section 23 to irrigate 43 acres located in the E 1/2 SW 1/4, NW 1/4 SE 1/4 Section 23; all in T95N-R52W. The permit was approved May 14, 2007, and the project was to be completed May 14, 2012, with water being put to beneficial use by May 14, 2016. Application No. 6820A-3 proposes to reinstate Water Permit No. 6820-3 since the project has not been completed. This application requests the well to be located in NE 1/4 SW 1/4 Section 23-T95N-R52W. This notice also serves to designate the water source as the South Management Unit of the Upper Vermillion:Missouri Aquifer.

Application No. 6820A-3 to reinstate Permit No. 6820-3 is made pursuant to SDCL 46-2A-8.1 which allows for reinstatement with a new priority date, if unappropriated water is available when construction, necessary to put water to beneficial use, is not completed within five years of approval of the permit.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6820A-3 to reinstate Permit No. 6820-3 because unappropriated water is available.

Application No. 7947-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion:Missouri Aquifer (150 feet deep) located in the SE 1/4 SW 1/4 Section 26 to irrigate 133.44 acres located in the E 1/2 NW 1/4, E 1/2 SW 1/4, SW 1/4 SW 1/4 Section 26; all in T95N-R52W.

Application No. 7948-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion-Missouri Aquifer (150 feet deep) located in the NE 1/4 NW 1/4 Section 35 to irrigate 55.02 acres located in the E 1/2 NW 1/4 Section 35; all in T95N-R52W. The applicant is requesting a diversion rate greater than the statutory limit.

Application No. 7949-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion-Missouri Aquifer (150 feet deep) located in the NE 1/4 SW 1/4 Section 35 to irrigate 100.9 acres located in the E 1/2 SW 1/4, W 1/2 SE 1/4 Section 35; all in T95N-R52W. The applicant is requesting a diversion rate greater than the statutory limit.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 7947-3, 7948-3 and 7949-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider these applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605, 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 7, 2014.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

MY COMMISSION EXPIRES 8/19/2015

NOTICE OF APPLICATIONS to
Appropriate Water

Notice is given that Hansen Prop-
erties, PO Box B, Centerville SD
57014 has filed the following ap-
plications for a water permit.

Application No. 6820A-3 prop-
oses to reinstate Water Permit
No. 6820-3. Water Permit No.
6820-3 appropriates 1.56 cubic
feet of water per second (cfs)
from one well to be completed
into the Lower Vermillion Mis-
souri Aquifer (approximately 100
feet deep) located in the approxi-
mate center of the SW 1/4 Section
23 to irrigate 43 acres located in
the E 1/2 SW 1/4, NW 1/4 SE 1/4
Section 23; all in T95N-R52W.
The permit was approved May 14,
2007, and the project was to be
completed May 14, 2012, with
water being put to beneficial use
by May 14, 2016. Application
No. 6820A-3 proposes to reinstate
Water Permit No. 6820-3 since
the project has not been com-
pleted. This application requests
the well to be located in NE 1/4
SW 1/4 Section 23-T95N-R52W.
This notice also serves to desig-
nate the water source as the South
Management Unit of the Upper
Vermillion:Missouri Aquifer.

Application No. 6820A-3 to rein-
state Permit No. 6820-3 is made
pursuant to SDCL 46-2A-8.1
which allows for reinstatement
with a new priority date, if unap-
propriated water is available when
construction, necessary to put wa-
ter to beneficial use, is not com-
pleted within five years of ap-
proval of the permit.

Pursuant to SDCL 46-2A-2, the
Chief Engineer recommends AP-
PROVAL of Application No.
6820A-3 to reinstate Permit No
6820-3 because unappropriated
water is available.

Application No. 7947-3 proposes
to appropriate 1.78 cfs from one
well to be completed into the
Southern Management Unit of the
Upper Vermillion:Missouri Aquif-
er (150 feet deep) located in the
SE 1/4 SW 1/4 Section 26 to irri-
gate 133.44 acres located in the E
1/2 NW 1/4, E 1/2 SW 1/4, SW
1/4 SW 1/4 Section 26; all in
T95N-R52W.

Application No. 7948-3 proposes
to appropriate 1.78 cfs from one
well to be completed into the
Southern Management Unit of the
Upper Vermillion:Missouri Aquif-
er (150 feet deep) located in the
NE 1/4 NW 1/4 Section 35 to irri-
gate 55.02 acres located in the E
1/2 NW 1/4 Section 35; all in
T95N-R52W. The applicant is re-
questing a diversion rate greater
than the statutory limit.

Application No. 7949-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion Missouri Aquifer (150 feet deep) located in the NE 1/4 SW 1/4 Section 35 to irrigate 100.9 acres located in the E 1/2 SW 1/4, W 1/2 SE 1/4 Section 35; all in T95N-R52W. The applicant is requesting a diversion rate greater than the statutory limit.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 7947-3, 7948-3 and 7949-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider these applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 7, 2014.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Dear Mr. Hansen:

Water Permit Application Nos. 6820A-3, 7947-3, 7948-3 and 7949-3 for irrigation use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Plain Talk printed at Vermillion SD (Ph # 605-624-2695) and the Press & Dakotan printed at Yankton SD (Ph # 605-665-7811). You will need to contact the newspaper(s) and authorize publication of this notice. For your information, a copy of the notice, the recommendations of the Chief Engineer and reports on the applications are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper(s) to authorize publication of your Notice and to arrange for payment. Early contact with the paper(s) can eliminate delays. Upon receiving authorization from you, the publisher has been instructed to publish your notice. The newspaper(s) has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the applications.

Instruction to Newspaper - Publish the Notice on March 28, 2014. The applicant is responsible for payment. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352 or email: Karen.schlaak@state.sd.us.

NOTICE OF APPLICATIONS to Appropriate Water

Notice is given that Hansen Properties, c/o Roger A Hansen, PO Box B, Centerville SD 57014 has filed the following applications for a water permit.

Application No. 6820A-3 proposes to reinstate Water Permit No. 6820-3. Water Permit No. 6820-3 appropriates 1.56 cubic feet of water per second (cfs) from one well to be completed into the Lower Vermillion Missouri Aquifer (approximately 100 feet deep) located in the approximate center of the SW 1/4 Section 23 to irrigate 43 acres located in the E 1/2 SW 1/4, NW 1/4 SE 1/4 Section 23; all in T95N-R52W. The permit was approved May 14, 2007, and the project was to be completed May 14, 2012, with water being put to beneficial use by May 14, 2016. Application No. 6820A-3 proposes to reinstate Water Permit No. 6820-3 since the project has not been completed. This application requests the well to be located in NE 1/4 SW 1/4 Section 23-T95N-R52W. This notice also serves to designate the water source as the South Management Unit of the Upper Vermillion:Missouri Aquifer.

Application No. 6820A-3 to reinstate Permit No. 6820-3 is made pursuant to SDCL 46-2A-8.1 which allows for reinstatement with a new priority date, if unappropriated water is available when construction, necessary to put water to beneficial use, is not completed within five years of approval of the permit.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 6820A-3 to reinstate Permit No 6820-3 because unappropriated water is available.

Application No. 7947-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion:Missouri Aquifer (150 feet deep) located in the SE 1/4 SW 1/4 Section 26 to irrigate 133.44 acres located in the E 1/2 NW 1/4, E 1/2 SW 1/4, SW 1/4 SW 1/4 Section 26; all in T95N-R52W.

Application No. 7948-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion:Missouri Aquifer (150 feet deep) located in the NE 1/4 NW 1/4 Section 35 to irrigate 55.02 acres located in the E 1/2 NW 1/4 Section 35; all in T95N-R52W. The applicant is requesting a diversion rate greater than the statutory limit.

Application No. 7949-3 proposes to appropriate 1.78 cfs from one well to be completed into the Southern Management Unit of the Upper Vermillion:Missouri Aquifer (150 feet deep) located in the NE 1/4 SW 1/4 Section 35 to irrigate 100.9 acres located in the E 1/2 SW 1/4, W 1/2 SE 1/4 Section 35; all in T95N-R52W. The applicant is requesting a diversion rate greater than the statutory limit.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application Nos. 7947-3, 7948-3 and 7949-3 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications, as recommended, unless a petition is filed opposing the applications or the applicant files a petition contesting the Chief Engineer's recommendations. If a petition opposing the applications or contesting the recommendations is filed, then a hearing will be scheduled and the Water Management Board will consider these applications. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting these applications or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendations. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E

Capitol, Pierre SD 57501 (605 773-3352)” and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by April 7, 2014.

The petition may be informal, but must include a statement describing the petitioner's interest in the applications, the petitioner's reasons for opposing or supporting the applications, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to these applications.

Dear Mr. Hansen:

Enclosed are Water Permit Nos. 6820A-3, 7947-3, 7948-3 and 7949-3 authorizing construction of your water diversion systems and beneficial use of the water, not exceeding the limits as specified in the Water Permits.

Form 10's, *Notice of Completion of Works and Application of Water to Beneficial Use*, are enclosed. Please return the completed forms after you have finished the systems and have put the water to beneficial use. An investigation can then be scheduled so the water licenses may be issued, thus completing the acquisition of a water right.

An informational sheet ? *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Jeanne Goodman, Chief Engineer

NOTICE

TO: HANSEN PROPERTIES, ROGER A HANSEN, PO BOX B, CENTERVILLE, SD 57014
FROM: Ron Duvall, Natural Resources Engineer
for Jeanne Goodman, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2015 Irrigation Questionnaires

Our records indicate your 2015 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 23, 2015. The Water Management Board has directed that owners of water permits who have not submitted the 2015 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 973-3, 974-3 & 1813-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 6563-3, 6565-3, 6566-3, 6568-3, 6569-3, 6571-3, 6572-3, 6810-3, 6811A-3, 6812-3, 6813-3, 6815A-3, 6816-3, 6817-3, 6818-3, 6819-3, 6820A-3, 6821-3, 6822-3, 7001-3, 7002-3, 7003-3, 7383-3, 7384-3, 7693-3, 7947-3, 7948-3, 7949-3, 7993-3, 7994-3 & 7995-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **Thursday, March 3, 2016 at 9:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 6563-3, 6565-3, 6566-3, 6568-3, 6569-3, 6571-3, 6572-3, 6810-3, 6811A-3, 6812-3, 6813-3, 6815A-3, 6816-3, 6817-3, 6818-3, 6819-3, 6820A-3, 6821-3, 6822-3, 7001-3, 7002-3, 7003-3, 7383-3, 7384-3, 7693-3, 7947-3, 7948-3, 7949-3, 7993-3, 7994-3 & 7995-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 973-3, 974-3 & 1813-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 3, 2016** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. If you prefer, you can complete the questionnaire online at the following link: <http://denr.sd.gov/iq.aspx>

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

WATER RIGHTS
PROGRAM

Water Right/Permit No. 7948-3

Date: 2-21-19

I/We request that Water Right/Permit No. 7948-3 formerly owned by:
Hansen Properties be transferred to:

New Owner Name: MetaBankAddress: 5501 Broadband LaneCity, State, Zip Sioux Falls SD 57108 Telephone No. 605-361-4347

Title to the following described land(s)/property has been transferred as described above:

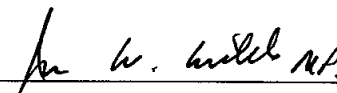

55.02 acres located in the E 1/2 NW 1/4 section 35-T95N-R52W

☒ I understand that the validity of Water Right/Permit No. 7948-3 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below.)

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is included to cover the filing fee as required by SDCL 46-2-13.

I, Jon W. Wilcke, Market President, MetaBank, the new owner, certify that the above information is true and correct.

(signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

RE: Ownership changes for Hansen Properties – MetaBank transfers

Dear Mr. Wilcke:

I am writing to acknowledge receipt of the transfer forms and filing fees submitted by MetaBank for transferring water permits/rights from Hansen Properties to MetaBank. The ownership changes have been completed.

Water Permit/Right Nos. 973-3, 974-3, 1813-3, 6563-3, 6565-3, 6566-3, 6568-3, 6569-3, 6571-3, 6572-3, 6810-3, 6811A-3, 6812-3, 6813-3, 6815A-3, 6816-3, 6817-3, 6818-3, 6818-3 6819-3, 6820A-3, 6821-3, 7001-3, 7002-3, 7003-3, 7383-3, 7384-3, 7693-3, 7947-3, 7948-3, 7949-3, 7993-3, 7994-3, 7995-3, 8070-3, 8071-3, 8072-3 once held by Hansen Properties are now listed under “MetaBank” 5501 Broadband Lane, Sioux Falls SD 57108.

Please keep in mind the annual irrigation questionnaires will be mailed out in October, 2019 and any water use will need to be reported. If the bank has the land managed by someone, please let them know to keep track of water use during the irrigation season.

If you have any questions, please contact me.

Sincerely,

Genny McMath

January 20, 2023

NOTICE

TO: LEON D ROZEBOOM, ETAL, 823 CROOKED TREE LN, DAKOTA DUNES, SD 57049
FROM: Ron Duvall, Water Rights Permitting Administrator
for Eric Gronlund, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2022 Irrigation Questionnaire(s)

Our records indicate your 2022 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 7947-3 & 7948-3. The request for the Questionnaire was dated October 21, 2022. The Water Management Board has directed owners of water permits who have not submitted the 2022 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 7947-3 & 7948-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **Wednesday, March 8, 2023 at 9:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 7947-3 & 7948-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 8, 2023** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. **If you prefer, you can complete the questionnaire online at the following link: <https://danr.sd.gov/iq> using this password: VFVHGO**

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Mr. Rus:

During a recent field inspection conducted by a Water Rights staff engineer, it was found that the property covered under Water Permit Nos. 7947-3 & 7948-3 had been sold to you. Presently Permit Nos. 7947-3 & 7948-3 are held by the Rozeboom Family. I was able to make contact with Brett Petersen, who operates those properties, and he did confirm the change in ownership.

For your convenience I have enclosed two partially completed "Transfer of Ownership" forms for you to complete, sign, and return in the pre-paid envelope.

Please return the forms with a check for \$100.00 (\$50.00/transfer) made payable to "SD Water Rights Program" to cover the transfer fee. If you would prefer to pay by card you may call Megan Stephenson in our Fiscal Office at 605.773.4216. These forms will still need to be returned even if you are submitting payment over the phone.

If you have any questions or concerns, please give me a call. My direct number is 605.910.5187

Date: 3-11-25

I/We request that Water Right/Permit No. 7948-3 formerly owned by:
Leon, Holly, Jordan, Madeline Rozeboom be transferred to:New Owner Name: Rus Farms Real Estate LLC
Address: 3283 Dogwood Ave mobile: 712-540-2134
City, State, Zip: Rose Valley, Ia 51247 email: Rus Farms@yahoo.com

Title to the following described land(s)/property has been transferred as described above:

55.02 acres located in the E 1/2 NW 1/4, Section 35, T95N, R52W

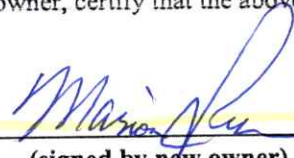

* EMAILED SHANNON 3-18-25

- ☒ I understand that the validity of Water Right/Permit No. 7948-3 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is included to cover the filing fee as required by SDCL 46-2-13.

I, Rus Farms Real Estate LLC, the new owner, certify that the above information is true and correct.

(signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five-year construction period has expired. Once a water permit is developed, an inspection is conducted to issue a water right license for the project as developed. A water permit/right may be cancelled for one or more of the following reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three-year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Mr. Petersen,

I am writing to acknowledge receipt of your 2025 irrigation questionnaire(s).

You may disregard the January 20, 2026, "Notice" concerning irrigation reporting requirements for your water permit/right(s). The information was received in our office prior to the Water Management Board meeting, and your name has been deleted from the agenda.

If you have any questions, please contact me.

Sincerely,

Shannon Konst

NOTICE

TO: MARION RUS, 3283 DOGWOOD AVE, ROCK VALLEY, IA 51247

FROM: Ron Duvall, Engineer III
for Adam Mathiowetz, PE, Acting Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2025 Irrigation Questionnaire(s)

Our records indicate your 2025 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 7947-3, 7948-3. The request for the Questionnaire was dated October 8, 2025. The Water Management Board has directed owners of water permits who have not submitted the 2025 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 7947-3, 7948-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held on **Wednesday, March 4, 2026 at 9:30 am (Central Time)** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 7947-3, 7948-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 4, 2026** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Shannon Konst at (605) 773-3352 or email at shannon.konst@state.sd.us. **If you prefer, you can complete the questionnaire online at the following link: <https://danr.sd.gov/iq> using this password: IROCBC**

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.
