

**WATER PERMIT NO. 7980-3**

Name of Applicant: Francis Heine

Address: 412 Sterling, Vermillion SD 57069 Phone:

Amount of Water Claimed: no add'l Total Acres: 5 add'l acres

Source of Water Supply: groundwater (one well)

Water to be used for: irrigation County: Clay

Type of Waste Disposal System:

Location: 3 miles southeast of Vermillion

PRIORITY Date Received: 2-24-14 Application/License Fee: \$100

Corrected Application Received: 3-3-14 Period of Annual Use: May 1 – Sept 10

Remarks: Additional acres to Water Permit No. 7980-3 

Diversion Point: N 1/2 SW 1/4 Sec 21-T92N-R51W

Land to be Irrigated: SE 1/4 SW 1/4 Sec 21-T92N-R51W

Depth of Well: 100 feet deep

Well Driller:

Remarks:

Type of Map: aerial

## Application For Permit To Appropriate Water For Irrigation

Type of Application: ☒ New ☐ Vested Right ☐ Amendment/Correction to Permit No. \_\_\_\_\_  
(Use predates Mar 2, 1955)

Description of amendment/correction: (i.e. change diversion point(s), add diversion point(s), change use, etc.)  
\_\_\_\_\_

1. Name to Appear on Irrigation Permit Francis Heine  
(check one) ☒ Owner ☐ Tenant/lessee ☐ Owner's Legal Agent  
(name and complete address if different than above name)

Mailing Address 412 Sterling Vermillion SD 57069  
(Address) (City) (State) (Zip Code)

Home Phone 642-2405 Cell \_\_\_\_\_ Email \_\_\_\_\_

2. Amount of water claimed no add'l \*CFS or 900 \*\*GPM \*\*\*AF Total Acreage - 5 add'l  
(\*Cubic Feet per Second) (\*\*Gallons per Minute) (\*\*\*)Acre Feet - storage capacity of dam/dugout or annual use if applicable

3. Source of water supply Ground Water -- 1 well

4. Location of point of diversion N1/2 SW1/4 sec 21-T92N-R51W  
(example - 3 wells in SW1/4 NE1/4 section 12-T104N-R53W)

County Clay

5. County or counties where water will be used Clay

6. Annual period during which water is to be used May 1 - Sept 30

7. List below each forty acre division, or lot, or fraction thereof and show number of acres to be irrigated in each.  
(Attach sheet if more space is needed)

| Land Description          | Acres | Land Description | Acres |
|---------------------------|-------|------------------|-------|
| SE1/4SW1/4 sec 21-92N-51W | 5     |                  |       |
|                           |       |                  |       |
|                           |       |                  |       |
|                           |       |                  |       |

8. Give a description of the project. (Attach sheet if more space is needed)

I, Francis Heine, the applicant, certify that I have read this application, have examined the attached map, and that the matters stated are true.

**SOUTH DAKOTA  
WATER PERMIT NO. 7980-3**

Date of first receipt of application February 24, 2014.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 7980-3 to Francis Heine, 412 Sterling, Vermillion SD 57069 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 7980-3 authorizes irrigation of 5 new acres. Water Permit No. 7578-3 appropriates 2.0 cubic feet of water per second (cfs) from one well to be completed into the Missouri:Elk Point Aquifer (100 feet deep) located in the NE 1/4 SW 1/4 Section 21 for irrigation of 80 acres located in the S 1/2 NW 1/4, N 1/2 SW 1/4 Section 21; all in T92N-R51W. This permit is to irrigate 5 new acres located in the SE 1/4 SW 1/4 Section 21-T92N-R51W from the well authorized by Water Permit No. 7578-3. This permit does not authorize any increase in the diversion rate.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: May 1 – September 30.
3. The date from which applicant may claim right is February 24, 2014.
4. The date of approval of Permit No. 7980-3 is May 19, 2014.
5. One-fifth of the construction is to be completed on or before November 19, 2016.
6. All construction is to be completed on or before May 19, 2019.
7. Water is to be put to beneficial use on or before May 19, 2023.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

**QUALIFICATIONS**

1. The well approved under Water Permit Nos. 7578-3 and 7980-3 will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit Nos. 7578-3 and 7980-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Water Permit Nos. 7578-3 and 7980-3, combined, authorize a maximum diversion rate of 2.0 cfs for the irrigation of 85 acres with an annual volume not to exceed 2 acre feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

PIERRE, SOUTH DAKOTA 57501-3182  
denr.sd.gov

**RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT  
APPLICATION NO. 7980-3, Francis Heine**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 7980-3, Francis Heine, 412 Sterling, Vermillion SD 57069.

The Chief Engineer is recommending APPROVAL of Application No. 7980-3 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest with the following qualifications:

1. The well approved under Water Permit Nos. 7578-3 and 7980-3 will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
2. The well authorized by Permit Nos. 7578-3 and 7980-3 shall be constructed by a licensed well driller and construction of the well and installation of the pump shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04 with the well casing pressure grouted (bottom to top) pursuant to Section 74:02:04:28.
3. Pursuant to SDCL 46-5-6 which allows a greater diversion rate if the method of irrigation, time constraints, or type of soils so requires, Water Permit Nos. 7578-3 and 7980-3, combined, authorize a maximum diversion rate of 2.0 cfs for the irrigation of 85 acres with an annual volume not to exceed 2 acre feet of water per acre per year.
4. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Jeanne Goodman, Chief Engineer  
April 25, 2014

**REPORT TO THE CHIEF ENGINEER  
WATER PERMIT APPLICATION NO. 7980-3  
FRANCIS HEINE  
April 18, 2014**

**BACKGROUND:**

Water Permit Application No. 7578-3 appropriates water at a maximum diversion rate of 2.0 cfs from one well to be completed into the Missouri: Elk Point aquifer. The well is located in the NE  $\frac{1}{4}$  SW  $\frac{1}{4}$  of Section 21, T92N-R51W and is approximately 100 feet deep. The water is used to irrigate 80 acres located in the S  $\frac{1}{2}$  NW  $\frac{1}{4}$ , N  $\frac{1}{2}$  SW  $\frac{1}{4}$  of Section 21, T92N-R51W in Clay County.

Water Permit Application No. 7980-3 proposes to irrigate an additional five acres with the well from Water Permit No. 7578-3. The additional 5 acres will be located in the SE  $\frac{1}{4}$  SW  $\frac{1}{4}$  of Section 21, T92N-R51W. No additional diversion rate authority is being requested.

**AQUIFER: Elk Point management unit of the Missouri Aquifer (M: EP)**

**GEOLOGY AND AQUIFER CHARACTERISTICS:**

The Elk Point management unit of the Missouri aquifer is an alluvium mantled outwash composed of sand and gravel material (Stephens, 1967). The aquifer is under both water-table and artesian conditions. At the well site for Water Permit No. 7578-3 and 7980-3, the aquifer is under artesian conditions. The Elk Point management unit of the Missouri aquifer encompasses regions of Clay, Union, and Yankton Counties. The Missouri: Elk Point aquifer underlies approximately 74,500 acres of Clay County alone and contains an estimated 1,117,500 acre-feet of recoverable water in storage in the county (Hedges et al., 1982). The aquifer is hydraulically connected to the Dakota, the Lower James Missouri and the Lower Vermillion Missouri aquifers as well as the Missouri and Vermillion Rivers. The ground water in this aquifer generally moves from northwest to southeast in the area of this application (Stephens, 1967). The saturated thickness of the aquifer in the region ranges from approximately 45-65 feet (Water Rights, 2013a).

**SDCL 46-2A-9:**

In accordance with SDCL 46-2A-9, a permit may be issued to appropriate water only if there is reasonable probability that there is unappropriated water available for the applicant's proposed use, that the proposed diversion can be developed without unlawful impairment of existing rights and that the proposed use is a beneficial use and in the public interest. This report will review the availability of unappropriated water to supply the additional amount needed for Water Permit Application No. 7980-3.

**WATER AVAILABILITY:**

This application proposes to increase the amount of land irrigated under Water Permit No. 7578-3 by five acres. The water will come from the Missouri: Elk Point aquifer. If the application is approved, it is unlikely that the amount of water needed to irrigate the additional acres will exceed 5 ac-ft/yr. The probability of there being unappropriated water available from the aquifer can be evaluated using SDCL 46-6-3.1 which requires "No application to appropriate

groundwater may be approved if, according to the best information reasonably available, it is probable that the quantity of water withdrawn annually from a groundwater source will exceed the quantity of the average estimated annual recharge of water to the groundwater source.”

#### **HYDROLOGIC BUDGET:**

The hydrologic budget of the Missouri: Elk Point aquifer was evaluated for groundwater appropriations as of June 10, 2013. At that time, water rights, permits, and future use are expected to use 80,108 ac-ft/year. Since that time, two water permit applications have been approved for the irrigation of an additional 342.3 acres (Water Rights, 2014b) These permits are not expected to add more than 342 ac-ft/year to the total amount pumped from the Missouri: Elk Point aquifer. Recharge to the aquifer is estimated to be at least 91,964 ac-ft/year, which considers induced recharge. It follows that approximately 11,514 ac-ft/year of unappropriated water is currently available for use (Stonesifer, In Progress).

#### **OBSERVATION WELL DATA:**

Administrative Rule of South Dakota Section 74:02:05:07 requires “The Water Management Board shall rely upon the record of observation well measurements to determine that the quantity of water withdrawn annually from the aquifer does not exceed the estimated average annual recharge of the aquifer.”

The SD DENR Water Rights Program monitors 38 observation wells completed into the Missouri: Elk Point aquifer (Water Rights, 2014a). The closest of these wells to the proposed well site is CL-80D. CL-80D is located approximately 1.2 miles southeast of the proposed well site. Historic water levels in CL-80D are shown in Figure 1.

Figure 1: Historic water levels in Observation Well CL-80D (Water Rights, 2014a).

The hydrograph for Observation Well CL-80D shows historic water levels that vary with climatic conditions, recharging during wet years and declining during dry years. Although the hydrograph also shows the effects of seasonal pumping, the effects of temporal well withdrawals are eclipsed by climatic conditions, ultimately indicating that recharge to and natural discharge from the aquifer far exceed well withdrawals.

Overall, the hydrographs for observation wells completed into the Missouri: Elk Point aquifer show a gradual decline of the water table. This decline in water levels has been attributed to entrenching of the Missouri River or controlling the flow of the Missouri River by the Gavins Point Dam, which no longer allows inundation of the floodplain (Goodman 2007; Stephens 1967). Regardless of the cause, the declining water levels show that there is a strong hydraulic connection between the aquifer and the Missouri River, which implies induced recharge from the river (Stephens, 1967). These conditions further indicate that unappropriated water is available from the Missouri: Elk Point aquifer.

#### **EXISTING WATER RIGHTS:**

The irrigation proposed by Water Permit Application No. 7980-3 is to the north of several existing water rights. The closest of these is Water Right No. 6310-3 at approximately 4,000 feet to the southeast. This is the only water right/permit within a one mile radius of the existing well associated with Water Permit No. 7578-3, which would be used to supply the water for this water permit application. Given the distance between the two wells, and the fact that there is no request for an increase in diversion rate, it is not expected that interference with Water Right No. 6310-3 will occur if this application is approved.

The nearest domestic well is located approximately 300 feet to the south of the well site and is owned by Francis Heine. Although drawdown of the water table is expected in the area of this domestic well as a result of pumping under Water Permit Nos. 7578-3 and 7980-3, it is not expected that water levels will be drawn down to the top of the water bearing formation. SDCL 46-6-6.1 does not protect artesian head pressure as a means of delivery, and the Water Management Board has consistently recognized that to place water to maximum beneficial use a certain amount of drawdown may occur. To balance interests between irrigation use and delivery of water by artesian pressure, the Water Management Board has defined an “adversely impacted domestic well” in ARSD 74:02:04:20(7) as:

“a well in which the pump intake was set at least 20 feet below the top of the aquifer at the time of construction or, if the aquifer is less than 20 feet thick, is as near to the bottom of the aquifer as is practical and the water level of the aquifer has declined to a level that the pump will no longer deliver sufficient water for the well owner's needs”

#### **CONCLUSIONS:**

1. This application proposes to appropriate water sufficient to irrigate an additional five acres from Missouri: Elk Point aquifer. The volume of water required to irrigate this additional five acres is not expected to exceed five ac-ft/yr.
2. There is a reasonable probability that unappropriated water is available from the Missouri: Elk Point aquifer to supply this proposed appropriation.

3. The Missouri: Elk Point aquifer is under confined (artesian) conditions in the proposed area. Drawdown from pumping is not expected to lower the water table to unconfined levels and is therefore not expected to unlawfully impair nearby existing wells and water rights/permits.
4. No additional diversion rate authority is being requested beyond the 2.0 cfs allowed under Water Permit No. 7578-3.

**NOTICE OF APPLICATION**  
NO. 7980-3 to Appropriate Water

Notice is given that Francis  
Heine, 412 Sterling, Vermillion  
SD 57069 has filed an application  
for a water permit to irrigate 5  
new acres. Water Permit No.  
7578-3 appropriates 2.0 cubic feet  
of water per second from one well  
to be completed into the  
Missouri:Elk Point Aquifer (100  
feet deep) located in the NE 1/4  
SW 1/4 Section 21 for irrigation  
of 80 acres located in the S 1/2  
NW 1/4, N 1/2 SW 1/4 Section  
21; all in T92N-R51W. This  
application is to irrigate 5 new  
acres located in the SE 1/4 SW  
1/4 Section 21-T92N-R51W from  
the well authorized by Water  
Permit No. 7578-3. This  
application, if approved, does not  
authorize any increase in the  
diversion rate.

Pursuant to SDCL 46-2A-2, the  
Chief Engineer recommends  
APPROVAL of Application No.  
7980-3 because 1) unappropriated  
water is available, 2) existing  
rights will not be unlawfully  
impaired, 3) it is a beneficial use  
of water, and 4) it is in the public  
interest. In accordance with  
SDCL 46-2A-23, the Chief  
Engineer will act on this  
application, as recommended,  
unless a petition is filed opposing  
the application or the applicant  
files a petition contesting the  
Chief Engineer's recommendation.  
If a petition opposing the  
application or contesting the  
recommendation is filed, then a  
hearing will be scheduled and the  
Water Management Board will  
consider this application. Notice  
of the hearing will be given to the  
applicant and any person filing a  
petition.

Any person interested in opposing  
or supporting this application or  
recommendation must file a  
written petition with BOTH the  
applicant and Chief Engineer. The  
applicant must file a petition if  
contesting the Chief Engineer's  
recommendation. The Chief  
Engineer's address is "Water  
Rights Program, Foss Building,  
523 E Capitol, Pierre SD  
57501 (605 773-3352)" and the  
applicant's mailing address is  
given above. A petition filed by  
either an interested person or the  
applicant must be filed by May  
19, 2014.

The petition may be informal, but  
must include a statement  
describing the petitioner's interest  
in the application; the petitioner's  
reasons for opposing or support-  
ing the application, and the  
signature and mailing address of  
the petitioner or the petitioner's

Vermillion SD 57069

Dear Mr. Heine:

Water Permit Application No. 7980-3 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Plain Talk printed at Vermillion SD (Ph # 605-624-2695) and the Press & Dakotan printed at Yankton SD (Ph # 605-665-7811). You will need to contact the newspaper(s) and authorize publication of this notice. For your information, a copy of the notice, the recommendation of the Chief Engineer and report on the application are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper(s) to authorize publication of your Notice and to arrange for payment. Early contact with the paper(s) can eliminate delays. Upon receiving authorization from you, the publisher has been instructed to publish your notice. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the application.

Sincerely,

Eric Gronlund  
Natural Resources Engineer  
(605) 773-3352  
enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

Instruction to Newspaper - Publish the Notice on May 9, 2014. The applicant is responsible for payment. The text of the notice can be e-mailed to your paper by contacting Karen Schlaak at (605) 773-3352 or email: Karen.schlaak@state.sd.us.

Francis Heine  
412 Sterling  
Vermillion SD 57069

Dear Mr. Heine:

Enclosed is Water Permit No. 7980-3 authorizing construction of your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet *Common Water Right Questions* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Jeanne Goodman, Chief Engineer

Dear Mr. Heine:

I am writing to acknowledge receipt of the "Notice of Completion of Works" form that you sent in to let us know that you are completed with your irrigation system.

The system is now ready for inspection. Inspections are done on a county-by-county basis as staff time permits. You have done everything you need to do and the intervening time between the completion of your project and the staff inspection has no bearing on your water permit.

Someone from our office will contact you prior to the inspection to set up a time that is convenient for you. If you have any questions, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Genny McMath".

NOTICE

TO: FRANCIS HEINE, 412 STERLING, VERMILLION, SD 57069

FROM: Ron Duvall, Natural Resources Engineer  
for Garland Erbele, Chief Engineer  
Water Rights Program

SUBJECT: Reporting Requirement for 2014 Irrigation Questionnaires

Our records indicate your 2014 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 17, 2014. The Water Management Board has directed that owners of water permits who have not submitted the 2014 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 671-3, 977A-3, 977B-3, 1624-3 2053-3 & 2947-3 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 5435-3, 5471-3, 5639-3, 6057-3, 6059-3, 6679-3, 6993-3, 6994-3, 7297-3, 7298-3, 7299-3, 7300-3, 7301-3, 7302-3, 7577-3, 7578-3, 7579-3, 7580-3 & 7980-3 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **10:00 am, March 4, 2015** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 5435-3, 5471-3, 5639-3, 6057-3, 6059-3, 6679-3, 6993-3, 6994-3, 7297-3, 7298-3, 7299-3, 7300-3, 7301-3, 7302-3, 7577-3, 7578-3, 7579-3, 7580-3 & 7980-3 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 671-3, 977A-3, 977B-3, 1624-3 2053-3 & 2947-3 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office before the **March 4, 2015** hearing you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at [genny.mcmath@state.sd.us](mailto:genny.mcmath@state.sd.us). If you prefer, you can complete the questionnaire online at the following link: <http://denr.sd.gov/iq.aspx>

**Note:** Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

**NOTICE OF TRANSFER OF OWNERSHIP**

To: Chief Engineer  
Water Rights Program, DANR  
523 E. Capitol  
Pierre, SD 57501-3181

No. 7980-3

Date: \_\_\_\_\_

I/We request that Water Permit No. 7980-3

formerly owned by: Francis Heine

be transferred to: (name & address) see below

Telephone No. \_\_\_\_\_

Title to the following described land(s)/property has been transferred as described above:

5 acres – SE ¼ SW ¼ Section 21, T92N, R51W

I/We understand that the validity of Water Permit No. 7980-3 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

**A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.**

I/We Todd Heine  
1020 E. 320th St.  
Vermillion, SD 57069, the new owner, certify that the above information is true and correct.

(Signed by new owner)

**NOTE:** Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Todd Heine  
1020 E 320<sup>th</sup> St  
Vermillion SD 57069

Dear Mr. Heine:

I am writing to acknowledge receipt of the transfer forms and filing fees for all water permits and water rights listed under Francis Heine.

The ownership changes have been completed. Water Permit/Right Nos. 671-3, 977A-3, 977B-3, 1006-3, 1034-3, 1624-3, 2053-3, 2947-3, 5435-3, 5471-3, 5639-3, 6057-3, 6059-3, 6679-3, 6993-3, 6994-3, 7297-3, 7298-3, 7299-3, 7300-3, 7301-3, 7302-3, 7577-3, 7578-3, 7579-3, 7580-3 & 7980-3 are now listed in your name.

Enclosed are receipts for the filing fees you paid. If you have any questions, please let me know.

Sincerely,

Genny McMath
