Dear Mr. Hafeling:

Your recent letter inquires about a salt lake near Watertown, South Dakota. I assume you are referring to Medicine Lake.

Medicine Lake is located about 5 miles north and 11 miles west of Watertown. It has a varying surface area and capacity. One set of records mention 220 surface acres and a volume of 1760 acre-feet.

The water contained in Medicine Lake is the property of the people of South Dakota and the Game Fish and Parks Department hold "Vested Right" No. 884-3 for use of Medicine Lake as a public recreation lake.

Enclosed for your information is a report which gives analysis of water samples taken from the lake. (see pages 18 and 20).

Sincerely,

DONALD DRISCOLL
Deputy Chief Engineer

Dear Mr. Beringson:

I am writing to notify you that pursuant to the Notice of Intent to Validate Vested Water Right Claims dated June 20, 1988 that I intend to oppose validation of all Department of Game, Fish and Parks Vested Water Right Claims for lakes for the following reasons:

1. Until the outlet elevation for each lake is surveyed and the outlet elevation is set by the Water Management Board.
2. To allow the Vested Water Right Claim to be amended, if necessary, as follows:
 - a) Include the outlet elevation;
 - b) To correct the amount of water claimed;
 - c) To add the qualification that a vested claim is subject where necessary to installation of a concrete outlet structure to assure retention of the outlet as the established elevation; and
 - d) To add any amendments and qualifications necessary to clarify a Vested Right Claim.

Also, that I intend to oppose validation of all Department of Game, Fish and Parks Vested Water Right Claims for dams to allow the Vested Water Right Claim to be amended, if necessary, as follows:

1. To include the spillway elevation;
2. To correct the amount of water claimed; and
3. To add any amendments and qualifications necessary to clarify a Vested Right Claim.

September 21, 1988
Richard Beringson, Secretary

We will be working with your staff on these validations. We have already discussed setting outlet elevations before validating claims for lakes. Although the work necessary to complete the validation process will take several years to complete, the results should be of benefit to the public and to your Department. As the work is completed to validate each claim, the claim will be presented to the Water Management Board for validation.

Please advise if you have any questions.

Very truly yours,
