NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Subject: irrigation questionnaire changes

Could you please help me get the following changes in motion?

The owner of Permit/right No. 568-3, Ronelle J Ludens(my mother), has died and the property now belongs to Deborah Jorgensen(my sister) per a life estate. Her address is: 6412 W 46th St, Sioux Falls, SD 57106. L & L Feeders, Inc. 28681 459th Avenue, Davis, SD 57021 will still be the operator and will now be the responsible party for filling out the annual questionnaire.

Also, Donald Weeg, owner of the two water permit/rights for the wells in the North 1/2 of section 9-97-52 Turner County(sorry I do not know the permit numbers) asked that L & L Feeders, Inc. as the operator would now be responsible for submitting the questionnaire.

Any info you can give me in how to proceed would be appreciated.

Thanks,
